

**Resolution**  
**[SENT VIA E-MAIL]**

For Auto Mark Voting Machine At the Township Level

Whereas, the Help America Vote Act (HAVA) has put an undue and unnecessary burden on the Townships ability to provide Good Government by using Public funds in a wasteful manner without providing any benefits. Since in at least 15 years there has been no one here to have used this equipment, and that to move the township election to the General Election instead of March would further reduce participation in the Annual Meeting and that procedures and policies are already in place to assist the disabled.

Therefore, be it resolved that the Town Board of North Fork Township, Stearns County, request Legislation that would make the use of assisting voting equipment optional for Townships of our nature.
