

Eliminate the mandate that the County can only charge a \$10 booking fee. Allow counties to set their own rates and include all bookings.

M.S. §641.12, subd. 1

The \$10 rate was set many years ago. It needs to be changed. Counties should be able to set the rate, and all bookings (including book and release) should be charged a fee. The cost to counties is the same whether the person is held or released.
