Office of the State Auditor

Rebecca Otto
State Auditor

MANAGEMENT AND COMPLIANCE REPORT
PREPARED AS A RESULT OF THE AUDIT OF

BLUE EARTH COUNTY
MANKATO, MINNESOTA

YEAR ENDED DECEMBER 31, 2014

Description of the Office of the State Auditor

The mission of the Office of the State Auditor is to oversee local government finances for Minnesota taxpayers by helping to ensure financial integrity and accountability in local governmental financial activities.

Through financial, compliance, and special audits, the State Auditor oversees and ensures that local government funds are used for the purposes intended by law and that local governments hold themselves to the highest standards of financial accountability.

The State Auditor performs approximately 150 financial and compliance audits per year and has oversight responsibilities for over 3,300 local units of government throughout the state. The office currently maintains five divisions:

Audit Practice - conducts financial and legal compliance audits of local governments;

Government Information - collects and analyzes financial information for cities, towns, counties, and special districts;

Legal/Special Investigations - provides legal analysis and counsel to the Office and responds to outside inquiries about Minnesota local government law; as well as investigates allegations of misfeasance, malfeasance, and nonfeasance in local government;

Pension - monitors investment, financial, and actuarial reporting for approximately 700 public pension funds; and

Tax Increment Financing - promotes compliance and accountability in local governments' use of tax increment financing through financial and compliance audits.

The State Auditor serves on the State Executive Council, State Board of Investment, Land Exchange Board, Public Employees Retirement Association Board, Minnesota Housing Finance Agency, and the Rural Finance Authority Board.

**SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED DECEMBER 31, 2014**

I. SUMMARY OF AUDITOR'S RESULTS

Financial Statements

Type of auditor's report issued: **Unmodified**

Internal control over financial reporting:

- Material weaknesses identified? **No**
- Significant deficiencies identified? **Yes**

Noncompliance material to the financial statements noted? **No**

Federal Awards

Internal control over major programs:

- Material weaknesses identified? **No**
- Significant deficiencies identified? **No**

Type of auditor's report issued on compliance for major programs: **Unmodified**

Any audit findings disclosed that are required to be reported in accordance with section 510(a) of OMB Circular A-133? **No**

The major programs are:

Temporary Assistance for Needy Families	CFDA #93.558
Child Support Enforcement	CFDA #93.563
Social Services Block Grant	CFDA #93.667

The threshold for distinguishing between Types A and B programs was \$300,000.

Blue Earth County qualified as a low-risk auditee? **Yes**

II. FINDINGS RELATED TO FINANCIAL STATEMENTS AUDITED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

INTERNAL CONTROL

ITEM ARISING THIS YEAR

Finding 2014-001

Audit Adjustment

Criteria: A deficiency in internal control over financial reporting exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements of the financial statements on a timely basis.

Condition: During our audit, we proposed an audit adjustment that resulted in a change to Blue Earth County's financial statements. The adjustment was reviewed and approved by the appropriate staff and is reflected in the financial statements.

Context: The inability to detect misstatements in the financial statements increases the likelihood that the financial statements would not be fairly presented. This adjustment was found in the audit; however, independent external auditors cannot be considered part of the County's internal control.

Effect: An audit adjustment was necessary in the Statement of Net Position to reduce net investment in capital assets and increase unrestricted net position for capital related debt that was miscalculated.

Cause: County personnel stated the related debt of \$12,348,690 was added to capital assets rather than subtracted in the calculation of the net investment in capital assets on the Statement of Net Position.

Recommendation: We recommend the County establish internal controls necessary to determine that all adjusting entries are made to ensure the County's annual financial statements are reported in accordance with generally accepted accounting principles.

Client's Response:

We concur.

III. FINDINGS AND QUESTIONED COSTS FOR FEDERAL AWARD PROGRAMS

None.

IV. OTHER FINDINGS AND RECOMMENDATIONS

A. MANAGEMENT PRACTICES

PREVIOUSLY REPORTED ITEM NOT RESOLVED

Finding 1997-008

County Ditch Fund Deficits

Criteria: Assets should exceed liabilities in order for the County to meet its obligations and maintain a positive fund balance. Through the levying of assessments, Minn. Stat. § 103E.735, subd. 1, permits the accumulation of a surplus balance for the repair costs of a ditch system not to exceed 20 percent of the assessed benefits of the ditch system or \$100,000, whichever is greater.

Condition: As of December 31, 2014, the County had individual ditch systems where liabilities exceeded assets, resulting in individual deficit fund balance amounts.

Context: Fourteen of the 124 individual ditch systems had deficit fund balances as of December 31, 2014, totaling \$476,988 which is a decrease from the \$625,306 deficit reported in the prior year.

Effect: Allowing a ditch system to maintain a deficit fund balance, in effect, constitutes an interest-free loan from other individual ditch systems.

Cause: Ditch expenditures were necessary, and the ditch levies were not sufficient to cover all costs.

Recommendation: We recommend the County eliminate the ditch fund balance deficits by levying assessments pursuant to Minn. Stat. § 103E.735, subd. 1, which permits the accumulation of a surplus balance to provide for the repair costs of a ditch system.

Client's Response:

We concur.

B. OTHER ITEM FOR CONSIDERATION

GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*

The Governmental Accounting Standards Board (GASB) is the independent organization that establishes standards of accounting and financial reporting for state and local governments. Effective for your calendar year 2015 financial statements, the GASB changed those standards as they apply to employers that provide pension benefits.

GASB Statement 68 significantly changes pension accounting and financial reporting for governmental employers that prepare financial statements on the accrual basis by separating pension accounting methodology from pension funding methodology. Statement 68 requires employers to include a portion of the Public Employees Retirement Association (PERA) total employers' unfunded liability, called the "net pension liability" on the face of the County's government-wide statement of financial position. The employer's financial position will be immediately impacted by its unfunded share of the pension liability.

Statement 68 changes the amount employers report as pension expense and defers some allocations of expenses to future years—deferred outflows or inflows of resources. It requires pension costs to be calculated by an actuary; whereas, in the past pension costs were equal to the amount of employer contributions sent to PERA during the year. Additional footnote disclosures and required supplementary information schedules are also required by Statement 68.

The net pension liability that will be reported in Blue Earth County's financial statements is an accounting estimate of the proportionate share of PERA's unfunded liability at a specific point in time. That number will change from year to year and is based on assumptions about the probability of the occurrence of events far into the future. Those assumptions include how long people will live, how long they will continue to work, projected salary increases, and how well pension trust investments will do. PERA has been proactive in taking steps toward implementation and will be providing most of the information needed by employers to report the net pension liability and deferred outflows/inflows of resources.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Independent Auditor's Report

Board of County Commissioners
Blue Earth County

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Blue Earth County as of and for the year ended December 31, 2014, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated May 21, 2015. Our report includes a reference to other auditors who audited the financial statements of the Economic Development Authority Enterprise Fund as described in our report on the County's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Blue Earth County's internal control over financial reporting to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over financial reporting.

A deficiency in internal control over financial reporting exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control over financial

reporting such that there is a reasonable possibility that a material misstatement of the County's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or combination of deficiencies, in internal control over financial reporting that is less severe than a material weakness, yet important enough to merit the attention of those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit, we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. We did identify a deficiency in internal control over financial reporting, described in the accompanying Schedule of Findings and Questioned Costs as item 2014-001, that we consider to be a significant deficiency.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Blue Earth County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Minnesota Legal Compliance

The *Minnesota Legal Compliance Audit Guide for Political Subdivisions*, promulgated by the State Auditor pursuant to Minn. Stat. § 6.65, contains seven categories of compliance to be tested in connection with the audit of the County's financial statements: contracting and bidding, deposits and investments, conflicts of interest, public indebtedness, claims and disbursements, miscellaneous provisions, and tax increment financing. Our audit considered all of the listed categories, except that we did not test for compliance with the provisions for tax increment financing because the County has no tax increment financing.

In connection with our audit, nothing came to our attention that caused us to believe that Blue Earth County failed to comply with the provisions of the *Minnesota Legal Compliance Audit Guide for Political Subdivisions*. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the County's noncompliance with the above referenced provisions.

Other Matters

Also included in the Schedule of Findings and Questions Costs is a management practices comment and an other item for consideration. We believe this recommendation and information to be of benefit to the County, and they are reported for that purpose.

Blue Earth County's Response to Findings

Blue Earth County's response to the internal control and management practices findings identified in our audit have been included in the Schedule of Findings and Questioned Costs. The County's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control over financial reporting, compliance, and the provisions of the *Minnesota Legal Compliance Audit Guide for Political Subdivisions* and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control over financial reporting or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance. Accordingly, this communication is not suitable for any other purpose.

REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM; REPORT ON INTERNAL CONTROL OVER COMPLIANCE; AND REPORT ON SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS REQUIRED BY OMB CIRCULAR A-133

Independent Auditor's Report

Board of County Commissioners
Blue Earth County

Report on Compliance for Each Major Federal Program

We have audited Blue Earth County's compliance with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the County's major federal programs for the year ended December 31, 2014. Blue Earth County's major federal programs are identified in the Summary of Auditor's Results section of the accompanying Schedule of Findings and Questioned Costs.

Blue Earth County's basic financial statements include the operations of the Blue Earth County Economic Development Authority (EDA) component unit, which expended \$725,844 in federal awards during the year ended December 31, 2014, which are not included in the Schedule of Expenditures of Federal Awards. Our audit, described below, did not include the operations of the EDA because the EDA had a separate single audit in accordance with OMB Circular A-133.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Blue Earth County's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in

Government Auditing Standards issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Blue Earth County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the County's compliance with those requirements.

Opinion on Each Major Federal Program

In our opinion, Blue Earth County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2014.

Report on Internal Control Over Compliance

Management of Blue Earth County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit the attention of those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Schedule of Expenditures of Federal Awards Required by OMB Circular A-133

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Blue Earth County as of and for the year ended December 31, 2014, and the related notes to the financial statements, which collectively comprise the County's basic financial statements. We have issued our report thereon dated May 21, 2015, which contained unmodified opinions on those financial statements. We did not audit the Blue Earth County EDA, which was audited by other auditors. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying Schedule of Expenditures of Federal Awards (SEFA) is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the SEFA is fairly stated in all material respects in relation to the basic financial statements as a whole.

Purpose of This Report

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

**NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
FOR THE YEAR ENDED DECEMBER 31, 2014**

1. Reporting Entity

The Schedule of Expenditures of Federal Awards presents the activities of federal award programs expended by Blue Earth County. The County's reporting entity is defined in Note 1 to the financial statements. The Economic Development Authority (EDA) blended component unit is not included on the County's Schedule of Expenditures of Federal Awards because it has its own single audit. The EDA expended \$725,844 in federal awards during the year ended December 31, 2014.

2. Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards includes the federal grant activity of Blue Earth County under programs of the federal government for the year ended December 31, 2014. The information in this schedule is presented in accordance with the requirements of Office of Management and Budget (OMB) Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Because the schedule presents only a selected portion of the operations of Blue Earth County, it is not intended to and does not present the financial position, changes in net position, or cash flows of Blue Earth County.

3. Summary of Significant Accounting Policies

Expenditures reported on the schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in OMB Circular A-87, *Cost Principles for State, Local and Indian Tribal Governments*, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Pass-through grant numbers were not assigned by the pass-through agencies.

**BLUE EARTH COUNTY
MANKATO, MINNESOTA**

4. Reconciliation to Schedule of Intergovernmental Revenues

Federal grant revenue per Schedule of Intergovernmental Revenues	\$	6,366,770
Grants received more than 60 days after year-end, unavailable in 2014		
State Administrative Matching Grants for the Supplemental Nutrition Assistance Program		5,753
Public Health Emergency Preparedness		6,544
Child Care and Development Block Grant		2,891
Medical Assistance Program		3,057
Unavailable in 2013, recognized as revenue in 2014		
State Administrative Matching Grants for the Supplemental Nutrition Assistance Program		(76,117)
State and Community Highway Safety		(11,352)
Minimum Penalties for Repeat Offenders for Driving While Intoxicated		(46,558)
National Priority Safety Programs		(18,502)
Temporary Assistance for Needy Families		(118,789)
Child Support Enforcement		(142,714)
Child Care and Development Block Grant		(2,679)
		\$ 5,968,304
Expenditures Per Schedule of Expenditures of Federal Awards	\$	5,968,304

5. Subrecipients

Of the expenditures presented in the schedule, Blue Earth County provided federal awards to subrecipients as follows:

CFDA Number	Program Name	Amount Provided to Subrecipients
11.549	State and Local Implementation Grant Program	\$ 561
14.238	Shelter Plus Care	111,854
20.600	State and Community Highway Safety	39,147
20.608	Minimum Penalties for Repeat Offenders for Driving While Intoxicated	79,692
20.616	National Priority Safety Programs	36,114
97.067	Homeland Security Grant Program	8,000
	Total	\$ 275,368
