**ST. PAUL (3/30/2017)** – State Auditor Rebecca Otto today released the Large Public Pension Plan Investment Report, which reviews the investment performance of Minnesota’s large local public pension plans for the 2015 calendar year. The public pension plans included in this report are the Bloomington Fire Department Relief Association and the St. Paul Teachers’ Retirement Fund Association. The State Board of Investment, which is referenced frequently in the report, is not a pension plan, but invests the assets of certain public employee pension plans administered by the Minnesota State Retirement System, the Public Employees Retirement Association, and the Teachers Retirement Association.

This report informs lawmakers of the large plans’ investment performance, educates fiduciaries and members of the plans, and provides transparency to the public.

Highlights from the report include:

**Current Trends**

- During 2015, rates of return for the large plans were negative 0.4 percent (Bloomington Fire Department Relief Association), and negative 0.9 percent (St. Paul Teachers’ Retirement Fund Association). Bloomington Fire and St. Paul Teachers’ failed to exceed their benchmark rates of return.

- Bloomington Fire ended 2015 with a funding ratio above 100 percent, at 111.3 percent. St. Paul Teachers’ had a funding ratio of 63.6 percent.

**Long-Term Trend**

- The ten-year period from January 2006 through December 2015 was a period of market volatility.
