# State of Minnesota

Julie Blaha State Auditor

Prairie Lakes Municipal Solid
Waste Authority
(A Component Unit of Otter Tail County)
Fergus Falls, Minnesota

Year Ended December 31, 2019

#### **Description of the Office of the State Auditor**

The mission of the Office of the State Auditor is to oversee local government finances for Minnesota taxpayers by helping to ensure financial integrity and accountability in local governmental financial activities.

Through financial, compliance, and special audits, the State Auditor oversees and ensures that local government funds are used for the purposes intended by law and that local governments hold themselves to the highest standards of financial accountability.

The State Auditor performs approximately 100 financial and compliance audits per year and has oversight responsibilities for over 3,300 local units of government throughout the state. The office currently maintains five divisions:

Audit Practice – conducts financial and legal compliance audits of local governments;

**Government Information** – collects and analyzes financial information for cities, towns, counties, and special districts;

**Legal/Special Investigations** – provides legal analysis and counsel to the Office and responds to outside inquiries about Minnesota local government law; as well as investigates allegations of misfeasance, malfeasance, and nonfeasance in local government;

**Pension** – monitors investment, financial, and actuarial reporting for Minnesota's local public pension funds; and

**Tax Increment Financing** – promotes compliance and accountability in local governments' use of tax increment financing through financial and compliance audits.

The State Auditor serves on the State Executive Council, State Board of Investment, Land Exchange Board, Public Employees Retirement Association Board, Minnesota Housing Finance Agency, and the Rural Finance Authority Board.

#### INDEPENDENT AUDITOR'S REPORT

Board of Directors Prairie Lakes Municipal Solid Waste Authority Fergus Falls, Minnesota

#### **Report on the Financial Statements**

We have audited the accompanying financial statements of the Prairie Lakes Municipal Solid Waste Authority, a component unit of Otter Tail County, Minnesota, as of and for the year ended December 31, 2019, and the related notes to the financial statements, which collectively comprise the Prairie Lakes Municipal Solid Waste Authority's basic financial statements, as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Prairie Lakes Municipal Solid Waste Authority's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the

circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Prairie Lakes Municipal Solid Waste Authority's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Prairie Lakes Municipal Solid Waste Authority as of December 31, 2019, and the changes in its financial position and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Other Matters**

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Required Supplementary Information as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not part of the basic financial statements, is required by the Governmental Accounting Standards Board (GASB), who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management has omitted the Management's Discussion and Analysis that accounting principles generally accepted in the Unites States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the GASB, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 15, 2020, on our consideration of the Prairie Lakes Municipal Solid Waste Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report

is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Prairie Lakes Municipal Solid Waste Authority's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Prairie Lakes Municipal Solid Waste Authority's internal control over financial reporting and compliance.

#### NOTES TO THE FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED DECEMBER 31, 2019

#### 1. Summary of Significant Accounting Policies

The Prairie Lakes Municipal Solid Waste Authority's (Prairie Lakes) financial statements are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) for the year ended December 31, 2019. The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (statements and interpretations). The more significant accounting policies established in GAAP and used by Prairie Lakes are discussed below.

#### A. Financial Reporting Entity

Prairie Lakes is a joint enterprise operation of Becker, Clay, Otter Tail, Todd, and Wadena Counties (the Counties). Prairie Lakes was originally established by a Joint Powers Agreement dated May 4, 2010, pursuant to Minn. Stat. § 471.59, Joint Powers Act, and included the Counties of Becker, Otter Tail, Todd, and Wadena. The original Joint Powers Agreement was later amended, effective October 21, 2014, to include Clay County as a member.

Each of the Counties is authorized and obligated, pursuant to Minn. Stat. chs. 115A and 400, to provide for the management and disposal of solid waste in its respective county. It is the intention of the Counties to cooperate in a joint venture to operate and manage a waste management system within the Counties. This purpose, without limitation, shall include ownership and operation of the Perham Resource Recovery Facility. The facility is located in Perham, Minnesota, and the administrative office is located in Fergus Falls, Minnesota.

Prairie Lakes is governed by a six-member Board of Directors—one member appointed from Becker, Clay, Todd, and Wadena Counties and two from Otter Tail County. Receipts and disbursements are recorded in the Prairie Lakes Municipal Solid Waste Authority Fund by Otter Tail County. Contribution percentages for the Counties were set up in the Joint Powers Agreement as follows: Becker – 22 percent, Clay – 15 percent, Otter Tail – 39 percent, Todd – 14 percent, and Wadena – 10 percent.

Prairie Lakes is a component unit of Otter Tail County because it is fiscally dependent on Otter Tail County. Prairie Lakes' financial statements are discretely presented in the Otter Tail County financial statements.

#### 1. Summary of Significant Accounting Policies (Continued)

#### B. Basic Financial Statements

The accounts of Prairie Lakes are organized as an enterprise fund. Operating revenues, such as charges for services, result from exchange transactions associated with providing services. Exchange transactions are those in which each party receives and gives up essentially equal values. Nonoperating revenues, such as interest income, grants, and member county appropriations, result from nonexchange transactions or incidental activities. Operating expenses are all expenses incurred to provide services. Expenses not meeting this definition are reported as nonoperating expenses. Prairie Lakes' net position is reported in three parts: (1) net investment in capital assets, (2) restricted net position, and (3) unrestricted net position.

#### C. Measurement Focus and Basis of Accounting

Prairie Lakes' financial statements are reported using the economic resources measurement focus and the full accrual basis of accounting. Revenues are recorded when earned, and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

When both restricted and unrestricted resources are available for use, it is Prairie Lakes' policy to use restricted resources first and then unrestricted resources as needed.

#### D. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position

#### 1. Cash and Cash Equivalents

For the purposes of the statement of cash flows, cash and cash equivalents include cash and pooled investments. Prairie Lakes' cash is pooled and invested with Otter Tail County and is treated as a cash equivalent because Prairie Lakes can deposit or effectively withdraw cash at any time without prior notice or penalty. Interest is credited to the Prairie Lakes Municipal Solid Waste Authority Fund. Otter Tail County obtains collateral to cover the deposits in excess of insurance coverage.

#### 1. <u>Summary of Significant Accounting Policies</u>

# D. <u>Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position</u> (Continued)

#### 2. Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in the financial statements.

#### 3. <u>Capital Assets</u>

Capital assets, which include property, plant, and equipment, are reported in the financial statements. Prairie Lakes does not have a formal policy in place to define capital assets. Instead, it currently uses the capital asset listing developed by the City of Perham at the time of the sale of the facility from the City of Perham to the Counties. Assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value on the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets is included as part of the capitalized value of the assets constructed. During the current period, Prairie Lakes did not have any capitalized interest.

Property, plant, and equipment of Prairie Lakes are depreciated using the straight-line method over the following estimated useful lives:

Assets	Years
Buildings Machinery, furniture, equipment, and vehicles	20 - 40 3 - 20

#### 1. Summary of Significant Accounting Policies

# D. <u>Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position</u> (Continued)

#### 4. Compensated Absences

The liability for compensated absences reported in the financial statements consists of unpaid, accumulated annual vacation and sick leave balances. The liability has been calculated using the vesting method, in which leave amounts for both employees who currently are eligible to receive termination payments and other employees who are expected to become eligible in the future to receive such payments upon termination are included. Compensated absences are accrued when incurred. The current portion consists of amounts earned in a one-year period. The noncurrent portion consists of the remaining amount of vacation and vested sick leave.

#### 5. <u>Long-Term Obligations</u>

Long-term liabilities consist of advances from Otter Tail County and a bank loan payable.

#### 6. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position reports a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and will not be recognized as an outflow of resources (expense) until then. Prairie Lakes has one item, deferred pension outflows, that qualifies for reporting in this category.

In addition to liabilities, the statement of net position reports a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and will not be recognized as an inflow of resources (revenue) until that time. Prairie Lakes has one item, deferred pension inflows, that qualifies for reporting in this category.

#### 1. Summary of Significant Accounting Policies

# D. <u>Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position</u> (Continued)

#### 7. Pension Plan

For purposes of measuring the net pension liability, deferred outflows/inflows of resources, and pension expense, information about the fiduciary net position of the Public Employees Retirement Association (PERA) and additions to/deductions from PERA's fiduciary net position have been determined on the same basis as they are reported by PERA, except that PERA's fiscal year-end is June 30. For this purpose, plan contributions are recognized as of employer payroll paid dates and benefit payments and refunds are recognized when due and payable in accordance with the benefit terms. Plan investments are reported at fair value.

#### 8. Equity Classifications

Equity is classified as net position. Net investment in capital assets represents capital assets, net of accumulated depreciation, reduced by debt attributed to the acquisition, construction, or improvement of the assets. Unrestricted net position is net position that does not meet the definition of "restricted" or "net investment in capital assets."

#### E. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities, deferred inflows of resources; and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### 2. Detailed Notes

#### A. Assets

#### 1. Deposits

Prairie Lakes' total cash and cash equivalents are reported as follows:

Cash and cash equivalents

\$ 1,120,224

Prairie Lakes is authorized by Minn. Stat. §§ 118A.02 and 118A.04 to designate a depository for public funds and to invest in certificates of deposit. Prairie Lakes is required by Minn. Stat. § 118A.03 to protect deposits with insurance, surety bond, or collateral. The market value of collateral pledged shall be at least ten percent more than the amount on deposit at the close of the financial institution's banking day, not covered by insurance or bonds.

Authorized collateral includes treasury bills, notes and bonds; issues of U.S. government agencies; general obligations rated "A" or better or revenue obligations rated "AA" or better; irrevocable standby letters of credit issued by the Federal Home Loan Bank; and certificates of deposit. Minnesota statutes require that securities pledged as collateral be held in safekeeping in a restricted account at the Federal Reserve Bank or in an account at a trust department of a commercial bank or other financial institution not owned or controlled by the financial institution furnishing the collateral.

#### Custodial Credit Risk

Custodial credit risk is the risk that in the event of a financial institution failure, Prairie Lakes' deposits may not be returned to it. Prairie Lakes does not have a deposit policy for custodial credit risk. Prairie Lakes pools its deposits with Otter Tail County. Otter Tail County, in a fiscal agent capacity, carries collateral to cover deposits in excess of FDIC coverage.

#### 2. <u>Detailed Notes</u>

#### A. Assets (Continued)

#### 2. Receivables

Receivables as of December 31, 2019, are as follows:

Accounts \$ 165,051

No allowance for uncollectible receivables has been provided because such amounts are not expected to be material.

#### 3. Capital Assets

Capital asset activity for the year ended December 31, 2019, was as follows:

	 Beginning Balance	 Increase	Decrease/ ljustments	 Ending Balance
Capital assets not depreciated Land	\$ 25,489	\$ 	\$ 	\$ 25,489
Capital assets depreciated Buildings Machinery, furniture, and equipment	\$ 34,477,221 2,757,252	\$ 672,603	\$ (28,488)	\$ 34,477,221 3,401,367
Total capital assets depreciated	\$ 37,234,473	\$ 672,603	\$ (28,488)	\$ 37,878,588
Less: accumulated depreciation for Buildings Machinery, furniture, and equipment	\$ 5,436,404 1,043,600	\$ 1,427,412 290,115	\$ (28,488)	\$ 6,863,816 1,305,227
Total accumulated depreciation	\$ 6,480,004	\$ 1,717,527	\$ (28,488)	\$ 8,169,043
Total capital assets depreciated, net	\$ 30,754,469	\$ (1,044,924)	\$ -	\$ 29,709,545
Capital Assets, Net	\$ 30,779,958	\$ (1,044,924)	\$ 	\$ 29,735,034

Depreciation expense for the year was \$1,717,527.

#### 2. <u>Detailed Notes</u> (Continued)

#### B. <u>Liabilities</u>

#### 1. Payables

Payables at December 31, 2019, were as follows:

Accounts	\$ 105,738
Salaries	99,630
Advance from other government	1,285,000
Due to other governments	127,263
Due to primary government	150,550
Accrued interest	341
Loans	47,757
Compensated absences	 84,568
Total Payables	\$ 1,900,847

#### 2. Loan Payable

In 2019, Prairie Lakes entered into a loan agreement with United Community Bank for the financing of a 2019 front-end wheel loader. The total amount received by Prairie Lakes was \$195,318. Repayment began in 2019.

The future minimum obligations as of December 31, 2019, were as follows:

	Future		
Year Ending	Minimum		
December 31	Obligations		
2020	\$	51,979	
2021		51,979	
2022		51,979	
2023		12,995	
Total future minimum loan payments	\$	168,932	
Less: amount representing interest		(8,417)	
Loan Payable Balance	\$	160,515	

#### 2. Detailed Notes

#### B. Liabilities (Continued)

#### 3. Advance from Primary Government

Prairie Lakes has entered into an advance arrangement with Otter Tail County. The County issued \$10,475,000 in General Obligation Disposal System Revenue Bonds, \$19,380,000 in General Obligation Waste Disposal Revenue Bonds, and \$1,065,000 in General Obligation Waste Disposal Revenue Bonds in order to finance the acquisition/expansion and improvements of the resource recovery facility. The proceeds from the sale of these bonds were recognized by Otter Tail County. Prairie Lakes' repayment of the advance for these bond issues to the County is essentially equal to the principal and interest on the bonds for the year. During 2019, Otter Tail County issued \$6,365,000 in Taxable General Obligation Disposal Revenue Refunding Bonds that will refund the \$10,475,000 General Obligation Disposal System Revenue Bonds, and resulted in Prairie Lakes increasing the principal payments owed to Otter Tail County by \$150,000, but will result in a lower total future cash outlay, as the refunding bonds were issued with a lower interest rate than the refunded bonds. On December 31, 2015, Otter Tail County advanced funds to Prairie Lakes to zero out a negative pooled cash balance. The advance balance consists of the following at December 31, 2019:

Type of Indebtedness	Maturity	Installment Amounts	Interest Rate (%)	Original	Balance
Advance from primary government – 2011	2030	\$405,000 - \$755,000	3.00 - 5.00	\$ 10,475,000	\$ 945,000
Advance from primary government – 2013	2034	\$630,000 - \$1,970,000	2.00 - 3.80	19,380,000	16,070,000
Advance from primary government – 2018	2028	\$85,000 - \$125,000	3.00 - 4.00	1,065,000	980,000
Advance from primary government – 2015	-	Varies	0.25	2,788,620	2,646,736
Advance from primary government – 2019	2030	\$650,000 - \$805,000	1.85 - 2.45	6,365,000	6,365,000
Total Advance from Primary Government				\$ 40,073,620	\$ 27,006,736

#### 2. <u>Detailed Notes</u>

#### B. Liabilities

#### 3. Advance from Primary Government (Continued)

Repayment of the advance from other government -2015 will be through a combination of \$1 per ton of waste received at the Prairie Lakes facility as well as 50 percent of any revenues above expenses at the end of each year, exclusive of the first \$200,000 set aside as major capital expenses. Because of the variable repayment amounts, a final debt payment schedule is not available. The following payment schedule does not include the debt service applicable to this advance.

The future minimum obligations as of December 31, 2019, were as follows:

		Future
Year Ending		Minimum
December 31	(	Obligations
		_
2020	\$	2,178,261
2021		2,244,216
2022		2,175,478
2023		2,180,900
2024		2,179,905
2025 - 2029		10,751,756
2030 - 2034		9,415,671
Total future minimum advance payments	\$	31,126,187
Less: amount representing interest		(6,766,187)
Advance Balance	\$	24,360,000

#### 2. Detailed Notes

#### B. Liabilities (Continued)

#### 4. <u>Changes in Long-Term Liabilities</u>

Long-term liability activity for the year ended December 31, 2019, was as follows:

	Beginning Balance		Additions		Reductions		Ending Balance		Due Within One Year	
Loan Advance from primary	\$	-	\$	195,318	\$	34,803	\$	160,515	\$	47,757
government Compensated absences		28,183,889 352,733		150,000 172,055		1,327,153 134,136		27,006,736 390,652		1,285,000 84,568
Long-Term Liabilities	\$	28,536,622	\$	517,373	\$	1,496,092	\$	27,557,903	\$	1,417,325

#### 3. Defined Benefit Pension Plan

#### A. Plan Description

All full-time and certain part-time employees of the Prairie Lakes Municipal Solid Waste Authority are covered by defined benefit pension plans administered by the Public Employees Retirement Association of Minnesota (PERA). PERA administers the General Employees Retirement Plan (the General Employees Plan), which is a cost-sharing, multiple-employer retirement plan. The plan is established and administered in accordance with Minn. Stat. chs. 353 and 356. PERA's defined benefit pension plan is a tax qualified plan under Section 401(a) of the Internal Revenue Code.

The General Employees Plan (accounted for in the General Employees Fund) has multiple benefit structures with members belonging to the Coordinated Plan, the Basic Plan, or the Minneapolis Employees Retirement Fund. Coordinated Plan members are covered by Social Security, and Basic Plan and Minneapolis Employees Retirement Fund members are not. The Basic Plan was closed to new members in 1967. The Minneapolis Employees Retirement Fund was closed to new members during 1978 and merged into the General Employees Plan in 2015. All new members must participate in the Coordinated Plan, for which benefits vest after five years of credited service. No Prairie Lakes employees belong to either the Basic Plan or the Minneapolis Employees Retirement Fund.

#### 3. Defined Benefit Pension Plan (Continued)

#### B. Benefits Provided

PERA provides retirement benefits as well as disability benefits to members and benefits to survivors upon death of eligible members. Benefit provisions are established by state statute and can be modified only by the state legislature. Benefit increases are provided to benefit recipients each January.

Beginning January 1, 2019, General Employees Plan benefit recipients will receive a post-retirement increase equal to 50 percent of the cost of living adjustment announced by the Social Security Administration, with a minimum increase of at least 1.00 percent and maximum of 1.50 percent. Recipients that have been receiving the annuity or benefit for at least a full year as of the June 30 before the effective date of the increase will receive the full increase. For recipients receiving the annuity or benefit for at least one month but less than a full year as of the June 30 before the effective date of the increase will receive a reduced prorated increase. For members retiring on January 1, 2024, or later, the increase will be delayed until normal retirement age (age 65 if hired prior to July 1, 1989, or age 66 for individuals hired on or after July 1, 1989). Members retiring under the Rule of 90 are exempt from the delay to normal retirement.

The benefit provisions stated in the following paragraph of this section are current provisions and apply to active plan participants. Vested, terminated employees who are entitled to benefits but are not yet receiving them are bound by the provisions in effect at the time they last terminated their public service.

Benefits are based on a member's highest average salary for any 60 consecutive months of allowable service, age, and years of credit at termination of service. Two methods are used to compute benefits for Coordinated Plan members. Members hired prior to July 1, 1989, receive the higher of a step-rate benefit accrual formula (Method 1) or a level accrual formula (Method 2). Under Method 1, the annuity accrual rate for a Coordinated Plan member is 1.20 percent of average salary for each of the first ten years of service and 1.70 percent of average salary for each remaining year. Under Method 2, the annuity accrual rate is 1.70 percent for Coordinated Plan members for each year of service. Only Method 2 is used for members hired after June 30, 1989.

For General Employees Plan members hired prior to July 1, 1989, a full annuity is available when age plus years of service equal 90, and normal retirement age is 65. For members hired on or after July 1, 1989, normal retirement age is the age for unreduced Social Security benefits capped at 66. Disability benefits are available for vested members and are based on years of service and average high-five salary.

#### 3. <u>Defined Benefit Pension Plan</u> (Continued)

#### C. Contributions

Pension benefits are funded from member and employer contributions and income from the investment of fund assets. Rates for employer and employee contributions are set by Minn. Stat. ch. 353. These statutes are established and amended by the state legislature. General Employees Plan members were required to contribute 6.50 percent of their annual covered salary in 2019.

In 2019, Prairie Lakes was required to contribute 7.50 percent of annual covered salary. The employee and employer contribution rates did not change from the previous year.

Prairie Lakes' contributions for the General Employees Plan for the year ended December 31, 2019, were \$137,770. The contributions are equal to the contractually required contributions as set by state statute.

#### D. Pension Costs

At December 31, 2019, Prairie Lakes reported a liability of \$1,420,895 for its proportionate share of the General Employees Plan's net pension liability. The net pension liability was measured as of June 30, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. Prairie Lakes' proportion of the net pension liability was based on Prairie Lakes' contributions received by PERA during the measurement period for employer payroll paid dates from July 1, 2018, through June 30, 2019, relative to the total employer contributions received from all of PERA's participating employers. At June 30, 2019, Prairie Lakes' proportion was 0.0257 percent. It was 0.0264 percent measured as of June 30, 2018. Prairie Lakes recognized pension expense of \$49,766 for its proportionate share of the General Employees Plan's pension expense.

Prairie Lakes also recognized \$3,308 as revenue, which results in a reduction of the net pension liability, for its proportionate share of the State of Minnesota's contribution to the General Employees Plan, which qualifies as a special funding situation. Legislation requires the State of Minnesota to contribute \$16 million to the General Employees Plan annually.

#### 3. <u>Defined Benefit Pension Plan</u>

#### D. Pension Costs (Continued)

Prairie Lakes' proportionate share of the net pension liability	\$ 1,420,895
State of Minnesota's proportionate share of the net pension	
liability associated with Prairie Lakes	 44,165
Total	\$ 1,465,060

Prairie Lakes reported its proportionate share of the General Employees Plan's deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Ou	Deferred atflows of esources	Deferred Inflows of Resources		
Differences between expected and actual					
economic experience	\$	39,970	\$	-	
Changes in actuarial assumptions		_		114,308	
Difference between projected and actual					
investment earnings		_		150,499	
Changes in proportion		14,209		32,317	
Contributions paid to PERA subsequent to					
the measurement date		69,422		-	
Total	\$	123,601	\$	297,124	

The \$69,422 reported as deferred outflows of resources related to pensions resulting from contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended December 31, 2020. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

### 3. <u>Defined Benefit Pension Plan</u>

#### D. Pension Costs (Continued)

		Pension
	Year Ended	Expense
_	December 31	Amount
	<u> </u>	
	2020	\$ (77,168)
	2021	(129,100)
	2022	(38,966)
	2023	2,289

### E. Actuarial Assumptions

The total pension liability in the June 30, 2019, actuarial valuation was determined using the individual entry-age normal actuarial cost method and the following additional actuarial assumptions:

Inflation	2.50 percent per year
Active member payroll growth	3.25 percent per year
Investment rate of return	7.50 percent

Salary increases were based on a service-related table. Mortality rates for active members, retirees, survivors, and disabilitants for all plans were based on RP-2014 tables for males or females, as appropriate, with slight adjustments. Cost of living benefit increases for retirees are assumed to be 1.25 percent.

Actuarial assumptions used in the June 30, 2019, valuation were based on the results of actuarial experience studies. The experience study for the General Employees Plan was dated June 30, 2015. Inflation and investment assumptions were reviewed in the experience study report for the General Employees Plan dated June 27, 2019.

The long-term expected rate of return on pension plan investments is 7.50 percent. The State Board of Investment, which manages the investments of PERA, prepares an analysis of the reasonableness of the long-term expected rate of return on a regular basis using a building-block method in which best-estimate ranges of expected future rates of return are developed for each major asset class. These ranges are combined to produce an expected long-term rate of return by weighting the expected future rates of return by the target asset allocation percentages. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

### 3. <u>Defined Benefit Pension Plan</u>

### E. <u>Actuarial Assumptions</u> (Continued)

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Domestic stocks	35.50%	5.10%
International stocks	17.50	5.30
Bonds (fixed income)	20.00	0.75
Alternative assets (private markets)	25.00	5.90
Cash	2.00	0.00

#### F. Discount Rate

The discount rate used to measure the total pension liability was 7.50 percent in 2019, which remained consistent with 2018. The projection of cash flows used to determine the discount rate assumed that employee and employer contributions will be made at the rate specified in statute. Based on that assumption, the fiduciary net position of the General Employees Plan was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

#### G. Changes in Actuarial Assumptions

The following change in actuarial assumptions occurred in 2019:

• The mortality projection scale was changed from MP-2017 to MP-2018.

### H. Pension Liability Sensitivity

The following presents Prairie Lakes' proportionate share of the net pension liability calculated using the discount rate previously disclosed, as well as what Prairie Lakes' proportionate share of the net pension liability would be if it were calculated using a discount rate one percentage point lower or one percentage point higher than the current discount rate:

### 3. Defined Benefit Pension Plan

### H. Pension Liability Sensitivity (Continued)

	Proportionate Share of the						
	General E	General Employees Plan					
	Discount	N	let Pension				
	Rate	Rate Liabilit					
1% Decrease	6.50%	\$	2,335,876				
Current	7.50		1,420,895				
1% Increase	8.50 665,39						

### I. Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in a separately issued PERA financial report that includes financial statements and required supplementary information. That report may be obtained on the internet at www.mnpera.org; by writing to PERA at 60 Empire Drive, Suite 200, St. Paul, Minnesota 55103-2088; or by calling 651-296-7460 or 1-800-652-9026.

### 4. Risk Management

Prairie Lakes is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors or omissions; injuries to employees, or natural disasters. Prairie Lakes has entered into a joint powers agreement with Minnesota entities to form the Minnesota Counties Intergovernmental Trust (MCIT). MCIT is a public entity risk pool currently operated as a common risk management and insurance program for its members. Prairie Lakes is a member of both the MCIT Workers' Compensation and Property and Casualty Divisions. For other risk, Prairie Lakes carries commercial insurance. There were no significant reductions in insurance from the prior year. The amount of settlements did not exceed insurance coverage for the past three fiscal years.

The Workers' Compensation Division of MCIT is self-sustaining based on the contributions charged, so that total contributions plus compounded earnings on these contributions will equal the amount needed to satisfy claims liabilities and other expenses. MCIT participates in the Workers' Compensation Reinsurance Association with coverage at \$500,000 per claim in 2019 and 2020. Should the MCIT Workers' Compensation Division liabilities exceed assets, MCIT may assess Prairie Lakes in a method and amount to be determined by MCIT.

### 4. Risk Management (Continued)

The Property and Casualty Division of MCIT is self-sustaining, and Prairie Lakes pays an annual premium to cover current and future losses. MCIT carries reinsurance for its property lines to protect against catastrophic losses. Should the MCIT Property and Casualty Division liabilities exceed assets, MCIT may assess Prairie Lakes in a method and amount to be determined by MCIT.

Prairie Lakes retains the risk for the deductible portion of the policies, which is considered immaterial to the financial statements. At December 31, 2019, there are no other claims liabilities reported in the financial statements based on the requirements of GASB Statement 10, which requires that a liability for claims be reported if information prior to the issuance of the financial statements and the amount of the loss can be reasonably estimated.

### NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION FOR THE YEAR ENDED DECEMBER 31, 2019

<u>Defined Benefit Pension Plans – Changes in Significant Plan Provisions, Actuarial Methods, and Assumptions</u>

The following changes were reflected in the valuation performed on behalf of the Public Employees Retirement Association for the fiscal year June 30:

### General Employees Retirement Plan

#### 2019

• The mortality projection scale was changed from MP-2017 to MP-2018.

#### 2018

- The mortality projection scale was changed from MP-2015 to MP-2017.
- The assumed benefit increase rate was changed from 1.00 percent per year through 2044 and 2.50 percent per year thereafter, to 1.25 percent per year.
- The augmentation adjustment in early retirement factors is eliminated over a five-year period starting July 1, 2019, resulting in actuarial equivalence after June 30, 2024.
- Interest credited on member contributions decreased from 4.00 percent to 3.00 percent, beginning July 1, 2018.
- Deferred augmentation was changed to 0.00 percent, effective January 1, 2019. Augmentation that has already accrued for deferred members will still apply.
- Contribution stabilizer provisions were repealed.
- Post-retirement benefit increases were changed from 1.00 percent per year with a provision to increase to 2.50 percent upon attainment of 90 percent funding to 50 percent of the Social Security cost of living adjustment, not less than 1.00 percent and not more than 1.50 percent, beginning January 1, 2019.

<u>Defined Benefit Pension Plans – Changes in Significant Plan Provisions, Actuarial Methods, and Assumptions</u>

### General Employees Retirement Plan

#### 2018 (Continued)

- For retirements on or after January 1, 2024, the first benefit increase is delayed until the retiree reaches normal retirement age; does not apply to the Rule of 90 retirees, disability benefit recipients, or survivors.
- Actuarial equivalent factors were updated to reflect revised mortality and interest assumptions.

#### 2017

- The Combined Service Annuity (CSA) loads were changed from 0.80 percent for active members and 60 percent for vested and non-vested deferred members (30 percent for deferred Minneapolis Employees Retirement Fund members). The revised CSA loads are now 0.00 percent for active member liability, 15 percent for vested deferred member liability, and 3.00 percent for non-vested deferred member liability.
- The assumed post-retirement benefit increase rate was changed from 1.00 percent per year for all years to 1.00 percent per year through 2044 and 2.50 percent per year thereafter.
- Minneapolis Employees Retirement Fund plan provisions change the employer supplemental contribution to \$21 million in calendar years 2017 and 2018 and returns to \$31 million through calendar year 2031. The state's required contribution is \$16 million in PERA's fiscal years 2018 and 2019 and returns to \$6 million annually through calendar year 2031.

#### 2016

• The assumed post-retirement benefit increase rate was changed from 1.00 percent per year through 2035 and 2.50 percent per year thereafter, to 1.00 percent for all future years.

<u>Defined Benefit Pension Plans – Changes in Significant Plan Provisions, Actuarial Methods, and Assumptions</u>

### General Employees Retirement Plan

### <u>2016</u> (Continued)

- The assumed investment rate was changed from 7.90 percent to 7.50 percent. The single discount rate was also changed from 7.90 percent to 7.50 percent.
- Other assumptions were changed pursuant to the experience study dated June 30, 2015. The assumed payroll growth and inflation were decreased by 0.25 percent. Payroll growth was reduced from 3.50 percent to 3.25 percent. Inflation was reduced from 2.75 percent to 2.50 percent.

# STATE OF MINNESOTA OFFICE OF THE STATE AUDITOR

# REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

**Independent Auditor's Report** 

Board of Directors Prairie Lakes Municipal Solid Waste Authority Fergus Falls, Minnesota

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the Prairie Lakes Municipal Solid Waste Authority (Prairie Lakes), a component unit of Otter Tail County, Minnesota, as of and for the year ended December 31, 2019, and the related notes to the financial statements, which collectively comprise Prairie Lakes' basic financial statements, and have issued our report thereon dated September 15, 2020.

#### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Prairie Lakes' internal control over financial reporting to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Prairie Lakes' internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of Prairie Lakes' internal control over financial reporting.

A deficiency in internal control over financial reporting exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control over financial reporting such that there is a reasonable possibility that a material misstatement of Prairie Lakes' financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or combination of deficiencies, in internal control over financial reporting that is less severe than a material weakness, yet important enough to merit the attention of those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Prairie Lakes' financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Minnesota Legal Compliance**

In connection with our audit, nothing came to our attention that caused us to believe that Prairie Lakes failed to comply with the provisions of the contracting and bidding, deposits and investments, conflicts of interest, public indebtedness, claims and disbursements, and miscellaneous provisions sections of the *Minnesota Legal Compliance Audit Guide for Counties*, promulgated by the State Auditor pursuant to Minn. Stat. § 6.65, insofar as they relate to accounting matters. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding Prairie Lakes' noncompliance with the above referenced provisions, insofar as they relate to accounting matters.

### **Purpose of This Report**

The purpose of this report is solely to describe the scope of our testing of internal control over financial reporting, compliance, and the provisions of the *Minnesota Legal Compliance Audit Guide for Counties* and the results of that testing, and not to provide an opinion on the effectiveness of Prairie Lakes' internal control over financial reporting or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Prairie Lakes' internal control over financial reporting and compliance. Accordingly, this communication is not suitable for any other purpose.
