State of Minnesota

Office of the State Auditor

Julie Blaha State Auditor

Minnesota Valley Regional Rail Authority Redwood Falls, Minnesota

Years Ended December 31, 2018 and 2019

Description of the Office of the State Auditor

The mission of the Office of the State Auditor is to oversee local government finances for Minnesota taxpayers by helping to ensure financial integrity and accountability in local governmental financial activities.

Through financial, compliance, and special audits, the State Auditor oversees and ensures that local government funds are used for the purposes intended by law and that local governments hold themselves to the highest standards of financial accountability.

The State Auditor performs approximately 100 financial and compliance audits per year and has oversight responsibilities for over 3,300 local units of government throughout the state. The office currently maintains five divisions:

Audit Practice – conducts financial and legal compliance audits of local governments;

Government Information – collects and analyzes financial information for cities, towns, counties, and special districts;

Legal/Special Investigations – provides legal analysis and counsel to the Office and responds to outside inquiries about Minnesota local government law; as well as investigates allegations of misfeasance, malfeasance, and nonfeasance in local government;

Pension – monitors investment, financial, and actuarial reporting for Minnesota's local public pension funds; and

Tax Increment Financing – promotes compliance and accountability in local governments' use of tax increment financing through financial and compliance audits.

The State Auditor serves on the State Executive Council, State Board of Investment, Land Exchange Board, Public Employees Retirement Association Board, Minnesota Housing Finance Agency, and the Rural Finance Authority Board.

INDEPENDENT AUDITOR'S REPORT

Board Members Minnesota Valley Regional Rail Authority Redwood Falls, Minnesota

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and the General Fund of the Minnesota Valley Regional Rail Authority as of and for the years ended December 31, 2018 and 2019, and the related notes to the financial statements, which collectively comprise the Rail Authority's basic financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Rail Authority's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Rail Authority's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

Page 3

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the General Fund of the Minnesota Valley Regional Rail Authority as of December 31, 2018 and 2019, and the respective changes in financial position thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and Required Supplementary Information as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Minnesota Valley Regional Rail Authority's basic financial statements. The Supplementary Information as listed in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements. The Supplementary Information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Supplementary Information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

DIANNE SYVERSON, CPA DEPUTY STATE AUDITOR MANAGEMENT'S DISCUSSION AND ANALYSIS

This page was left blank intentionally.

MANAGEMENT'S DISCUSSION AND ANALYSIS DECEMBER 31, 2018 AND 2019 (Unaudited)

The Minnesota Valley Regional Rail Authority's Management's Discussion and Analysis (MD&A) provides an overview of the Rail Authority's financial activities for the fiscal years ended December 31, 2018 and 2019. Since this information is designed to focus on the current year's activities, resulting changes, and currently known facts, it should be read in conjunction with the Rail Authority's basic financial statements that follow this section.

FINANCIAL REPORTING ENTITY

The Minnesota Valley Regional Rail Authority was established June 21, 1982, under the Regional Railroad Authorities Act, Minn. Stat. § 398A.03. The Rail Authority is governed by a Board composed of one member from the Board of County Commissioners of Carver County, Redwood County, Renville County, Sibley County, and Yellow Medicine County, and a representative from the Shipper's Association. The Rail Authority is organized with a chair, a vice chair, and a secretary/treasurer.

FINANCIAL HIGHLIGHTS

- In 2018, the assets of the Rail Authority exceed its liabilities by \$29,676,373 (net position), of which \$28,780,233 is the net investment in capital assets (Exhibit 1), leaving unrestricted net position of \$896,140.
- In 2019, the assets of the Rail Authority exceeded its liabilities by \$30,176,956 (net position), of which \$29,291,581 is the net investment in capital assets (Exhibit 3), leaving unrestricted net position of \$885,375.
- The Rail Authority's total net position increased \$3,379,567, or 12.85 percent, in 2018. The Rail Authority's total net position increased \$500,583, or 1.69 percent, in 2019.

OVERVIEW OF THE FINANCIAL STATEMENTS

This MD&A is intended to serve as an introduction to the basic financial statements. The Minnesota Valley Regional Rail Authority's basic financial statements consist of two statements that combine government-wide financial statements and fund financial statements, and notes to the financial statements. The MD&A (this section) is required to accompany the basic financial statements and, therefore, is included as required supplementary information.

The first column of each of the first two statements presents governmental fund data. These columns focus on how money flows in and out and the balances left at year-end that are available for spending. They are reported using an accounting method called modified accrual accounting. This method measures cash and all other financial assets that can be readily converted to cash. These columns provide a detailed short-term view of the Rail Authority's operations and the basic services provided. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the Rail Authority's programs. We reconcile the relationship (or differences) between governmental funds and governmental activities (reported in the third column) in the center column of each statement.

The third column in each statement presents the governmental activities' Statement of Net Position and the Statement of Activities, which provide information about the activities of the Rail Authority as a whole and present a longer-term view of the Rail Authority's finances. These columns include all assets and liabilities using the full accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid. Over time, increases or decreases in the Rail Authority's net position are one indicator of whether the financial health of the Rail Authority is improving or deteriorating.

Notes to the financial statements provide additional information essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements are on pages 15 through 25 of this report.

Other information is provided as supplementary information regarding the Minnesota Valley Regional Rail Authority's intergovernmental revenue.

Governmental Fund

As compared to 2017, 2018 revenues for the Rail Authority's General Fund increased by \$2,191,229 and expenditures increased by \$2,066,289, primarily due to the significant work completed during 2018 on rehabilitation projects. As compared to 2018, 2019 revenues for the Rail Authority's General Fund decreased by \$2,538,189 and expenditures decreased \$2,680,070, due to the minimal work completed during 2019 on rehabilitation projects.

The General Fund balance decreased by \$77,796 from 2017 to 2018, for a total unassigned fund balance of \$390,418 as of December 31, 2018. The General Fund balance increased by \$64,085 from 2018 to 2019, for a total unassigned fund balance of \$454,503.

The Minnesota Valley Regional Rail Authority adopts an annually appropriated budget for its General Fund. A budgetary comparison schedule for 2018 and for 2019 has also been provided as required supplementary information for this fund to demonstrate compliance with the budget.

Government-Wide Financial Analysis

Over time, net position serves as a useful indicator of the Rail Authority's financial position. The Minnesota Valley Regional Rail Authority's assets exceeded liabilities by \$29,676,373 at the close of 2018, and by \$30,176,956 at the close of 2019. The largest portion of the Rail Authority's net position reflects the Rail Authority's investment in capital assets (for example, land, buildings, equipment and infrastructure, such as the rail bed), less any related debt (still outstanding) used to acquire those assets. However, it should be noted that these assets are not available for future spending or for liquidating any remaining debt. Comparative data with 2017 is presented.

Net Position							
		2019		2018		2017	
Assets Current and other assets	\$	899,717	\$	909,419	\$	592,709	
Capital assets	ψ	29,340,581	φ	28,997,224	φ	25,816,177	
Total Assets	\$	30,240,298	\$	29,906,643	\$	26,408,886	
Liabilities Current liabilities	\$	63,342	\$	230,270	\$	112,080	
Net Position Net investment in capital assets Unrestricted	\$	29,291,581 885,375	\$	28,780,233 896,140	\$	25,719,867 576,939	
Total Net Position	\$	30,176,956	\$	29,676,373	\$	26,296,806	

Governmental Activities

The Minnesota Valley Regional Rail Authority's activities increased the Rail Authority's net position during 2018 by \$3,379,567, representing a 12.85 percent increase, and increased net position during 2019 by \$500,583, representing a 1.69 percent increase, primarily because of change in the Rail Authority's state bonding funds for rehabilitation of the rail. Key elements in this decrease and increase in net position are as follows:

Changes in Net Position

	 2019		2018		2017
Revenues Program revenues					
Charges for services	\$ 102,390	\$	117,690	\$	122,235

Net Position – January 1	 29,676,373		26,296,806		21,006,677
Net Position – December 31	\$ 30,176,956	\$	29,676,373	\$	26,296,806

General Fund Budgetary Highlights

There were no differences between the original General Fund expenditure budget and the final budget in 2018 and 2019.

Actual General Fund 2018 revenues exceeded budgeted revenues by \$3,677,291, primarily due to more pass-through intergovernmental revenues recognized than anticipated. Actual General Fund 2019 revenues exceeded budgeted revenues by \$875,697, primarily due to more pass-through intergovernmental revenues recognized than anticipated and additional car storage rental income.

Actual 2018 expenditures exceeded budgeted expenditures by \$148,054. The more-than-expected expenditures reflect more-than-anticipated repair and maintenance costs. Actual 2019 expenditures exceeded budgeted expenditures by \$1,284,083. The more-than-expected expenditures reflect more-than-anticipated rehabilitation costs for the state bonding rehabilitation project and additional costs resulting from 2019 disasters.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

The Minnesota Valley Regional Rail Authority's depreciable capital assets (net of accumulated depreciation) at December 31, 2018 and 2019, totaled \$28,997,224 and \$29,340,581, respectively. This investment in capital assets includes land improvements and a building. The Rail Authority's 2018 and 2019 investment in land improvements increased \$3,181,047 and \$343,357 from the previous years due to starting the state bonding projects for rehabilitation of the rail.

	 2019	 2018	 2017
Capital assets not depreciated Land Construction in progress	\$ 591,000 -	\$ 591,000 -	\$ 591,000 81,560
Total capital assets not depreciated	\$ 591,000	\$ 591,000	\$ 672,560

Capital Assets at Year-End (Net of Depreciation)

Additional information on the Rail Authority's capital assets can be found in the notes to the financial statements.

Long-Term Debt

At the end of 2018 and 2019, the Rail Authority had no outstanding debt. Other liabilities and contingencies are described in the notes to the financial statements.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS

In August 2018, we started a rail relay project covered by Bond Agreement #1030610 from Winthrop to Gibbon, mile point (MP) 81.4 to 88.25. This \$4 million project included additional amendments to change the original mile point on the west end from mile point 86.9 to 88.25, adding the additional rail to cover that distance. The project was completed in December 2018.

The Rail Authority was awarded \$1 million at the end of the 2018 legislative session. In 2019, these funds were used for new tie replacements and ballast between Gibbon and Fairfax. The project completed was by MPLI. The remainder of the project funds were used to replace the bridge decking on the Minnesota River Bridge (MP 112) and Sulfur Lake Bridge (MP 112.5). The bridge projects were awarded to Koppers Railroad and the work began in January 2020, with a projected completion date of September 30, 2020.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of the Minnesota Valley Regional Rail Authority's finances. Questions concerning any of the information provided in this report, or requests for additional financial information, should be addressed to Julie Rath, Administrator; Minnesota Valley Regional Rail Authority, 200 South Mill Street, Redwood Falls, Minnesota 56283; or call 507-637-4084.

NOTES TO THE FINANCIAL STATEMENTS AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2018 AND 2019

1. <u>Summary of Significant Accounting Policies</u>

The Minnesota Valley Regional Rail Authority's financial statements are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) as of and for the years ended December 31, 2018 and 2019. The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (statements and interpretations). The more significant accounting policies established in GAAP and used by the Minnesota Valley Regional Rail Authority are discussed below.

A. Financial Reporting Entity

The Minnesota Valley Regional Rail Authority was established June 21, 1982, under the Regional Railroad Authorities Act, Minn. Stat. § 398A.03. It is governed by a Board composed of one member from the Boards of Commissioners of Carver County, Redwood County, Renville County, Sibley County, and Yellow Medicine County, and a representative from the Shipper's Association. The Rail Authority is organized with a chair, a vice chair, and a secretary/treasurer.

B. Basic Financial Statements

Basic financial statements include information on the Rail Authority's activities as a whole and information on the individual fund (the General Fund) of the Rail Authority. These separate presentations are reported in different columns on Exhibits 1, 2, 3, and 4. Each of the exhibits starts with a column of information based on activities of the General Fund and reconciles it to a column that reports the "governmental activities" of the Rail Authority as a whole.

The governmental activities columns are reported on the full accrual, economic resources basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The Rail Authority's net position is reported in three parts: (1) net investment in capital assets, (2) restricted net position, and (3) unrestricted net position. The statement of activities demonstrates the degree to which the expenses of the Rail Authority are offset by revenues.

1. Summary of Significant Accounting Policies

B. Basic Financial Statements (Continued)

The balance sheet and statement of revenues, expenditures, and change in fund balance for the General Fund are presented on the modified accrual basis and report current financial resources.

C. Measurement Focus and Basis of Accounting

The government-wide financial statements are reported using the economic resources measurement focus and the full accrual basis of accounting. Revenues are recorded when earned, and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. The Minnesota Valley Regional Rail Authority considers all revenues as available if collected within 60 days after the end of the current period. Charges for services and interest are considered susceptible to accrual. Expenditures are recorded when the related fund liability is incurred, except for principal payments on long-term debt, which are recognized as expenditures to the extent that they have matured.

When both restricted and unrestricted resources are available for use, it is the Minnesota Valley Regional Rail Authority's policy to use restricted resources first and then unrestricted resources as needed.

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position or Equity

1. <u>Cash and cash equivalents</u>

The Rail Authority's cash balance represents funds in the checking account and short-term investments with original maturities of 24 months or less from the date of acquisition.

2. <u>Receivables</u>

No allowance for uncollectible receivables has been provided because such amounts are not expected to be material.

1. Summary of Significant Accounting Policies

- D. <u>Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position or Equity</u> (Continued)
 - 3. Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements. During the years ended December 31, 2018 and 2019, the Rail Authority reported no prepaid items.

4. Capital Assets

Capital assets, which include property and equipment and infrastructure assets, are reported in the government-wide financial statements. Capital assets are defined by the Rail Authority as assets with an initial cost of more than \$5,000 and an estimated useful life in excess of two years. Capital assets are reported at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value (entry price) on the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the assets' lives are not capitalized.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

Assets	Years
Land improvements – infrastructure	70
Buildings	25
Machinery and equipment	5

5. Long-Term Liabilities

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the statement of net position. The General Fund reports only liabilities expected to be financed with available, spendable financial resources.

1. Summary of Significant Accounting Policies

- D. <u>Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position or Equity</u> (Continued)
 - 6. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position reports a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and will not be recognized as an outflow of resources (expenditure/expense) until then. The Rail Authority has no items that qualify for reporting in this category.

In addition to liabilities, the statement of financial position reports a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and will not be recognized as an inflow of resources (revenue) until that time. The Rail Authority has one deferred inflow, unavailable revenue, that qualifies for reporting in this category. The General Fund reports unavailable revenue from miscellaneous revenue and grant monies receivable for amounts that are not considered to be available to liquidate liabilities of the current period. Unavailable revenue arises only under the modified accrual basis of accounting and, accordingly, is reported only in the General Fund's balance sheet. The unavailable revenue amount is deferred and recognized as an inflow of resources in the period that the amount becomes available.

7. <u>Unearned Revenue</u>

Governmental funds and government-wide financial statements report unearned revenue in connection with resources that have been received but not yet earned. During the years ended December 31, 2018 and 2019, the Rail Authority reported no unearned revenue.

1. <u>Summary of Significant Accounting Policies</u>

- D. <u>Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position or Equity</u> (Continued)
 - 8. Classification of Net Position

Net position in the government-wide financial statements is classified in the following categories:

- <u>Net investment in capital assets</u> the amount of net position representing capital assets, net of accumulated depreciation, and reduced by outstanding debt attributed to the acquisition, construction, or improvement of the assets.
- <u>Restricted net position</u> the amount of net position for which external restrictions have been imposed by creditors, grantors, contributors, or laws or regulations of other governments and restrictions imposed by law through constitutional provisions or enabling legislation.
- <u>Unrestricted net position</u> the amount of net position that does not meet the definition of restricted or net investment in capital assets.

9. <u>Classification of Fund Balance</u>

Fund balance is divided into five classifications based primarily on the extent to which the Rail Authority is bound to observe constraints imposed upon the use of the resources in the General Fund. The classifications are as follows:

- <u>Nonspendable</u> amounts that cannot be spent because they are not in spendable form, or are legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash.
- <u>Restricted</u> amounts in which constraints have been placed on the use of resources either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or imposed by law through constitutional provisions or enabling legislation.

1. <u>Summary of Significant Accounting Policies</u>

- D. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position or Equity
 - 9. <u>Classification of Fund Balance</u> (Continued)
 - <u>Committed</u> amounts that can be used only for the specific purposes imposed by formal action (resolution) of the Rail Authority's Board. Those committed amounts cannot be used for any other purpose unless the Board removes or changes the specified use by taking the same type of action (resolution) it employed to previously commit those amounts.
 - <u>Assigned</u> amounts the Rail Authority intends to use for specific purposes that do not meet the criteria to be classified as restricted or committed. In the General Fund, assigned amounts represent intended uses established by the Rail Authority's Board.
 - <u>Unassigned</u> the residual classification for the General Fund and includes all spendable amounts not contained in the other fund balance classifications.

The Minnesota Valley Regional Rail Authority applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first, followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

10. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make certain estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities, and deferred inflows of resources; and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

2. Detailed Notes on All Funds

A. Assets and Deferred Outflows of Resources

1. Cash and Cash Equivalents

The following table presents the Rail Authority's cash and deposit balances as follows:

	December 31, 2018		December 31, 2019	
Checking Certificates of deposit	\$	55,576 255,451	\$	213,850 202,602
Total Cash and Cash Equivalents	\$	311,027	\$	416,452

During the years ended December 31, 2018 and 2019, the Rail Authority reported no investments.

a. <u>Deposits</u>

The Rail Authority is authorized by Minn. Stat. §§ 118A.02 and 118A.04 to designate a depository for public funds and to invest in certificates of deposit. The Rail Authority is required by Minn. Stat. § 118A.03 to protect deposits with insurance, surety bond, or collateral. The market value of collateral pledged shall be at least ten percent more than the amount on deposit at the close of the financial institution's banking day, not covered by insurance or bonds.

Authorized collateral includes treasury bills, notes and bonds; issues of U.S. government agencies; general obligations rated "A" or better and revenue obligations rated "AA" or better; irrevocable standby letters of credit issued by the Federal Home Loan Bank; and certificates of deposit. Minnesota statutes require that securities pledged as collateral be held in safekeeping in a restricted account at the Federal Reserve Bank or in an account at a trust department of a commercial bank or other financial institution not owned or controlled by the financial institution furnishing the collateral.

2. Detailed Notes on All Funds

- A. Assets and Deferred Outflows of Resources
 - 1. Cash and Cash Equivalents
 - a. <u>Deposits</u> (Continued)

Custodial Credit Risk

Custodial credit risk is the risk that in the event of a financial institution failure, the Rail Authority's deposits may not be returned to it. The Rail Authority does not have a deposit policy for custodial credit risk. As of December 31, 2018 and 2019, the Rail Authority's deposits were not exposed to custodial credit risk.

2. <u>Receivables and Revenue</u>

Receivables for the Rail Authority were as follows:

	December 31, 2018		December 31, 2019	
Accounts receivable Due from other governments	\$	79,245 519,147	\$	101,393 381,872
Total	\$	598,392	\$	483,265

All amounts are expected to be collected in the subsequent year.

The Rail Authority contracts with Omega Rail Management, Inc., for billing and collections of licenses, permits, and rights of way. For this service, Omega Rail Management earns a commission on amounts collected, in accordance with the agreement with the vendor.

2. Detailed Notes on All Funds

A. Assets and Deferred Outflows of Resources (Continued)

3. <u>Capital Assets</u>

Capital asset activity for the year ended December 31, 2018, was as follows:

	Beginning Balance	 Increase	D	ecrease	 Ending Balance
Capital assets not depreciated Land Construction in progress	\$ 591,000 81,560	\$ -	\$	- 81,560	\$ 591,000
Total capital assets not depreciated	\$ 672,560	\$ -	\$	81,560	\$ 591,000
Capital assets depreciated Land improvements – infrastructure Buildings	\$ 31,671,328 63,000	\$ 3,729,181	\$	-	\$ 35,400,509 63,000
Total capital assets depreciated	\$ 31,734,328	\$ 3,729,181	\$	-	\$ 35,463,509
Less: accumulated depreciation for Land improvements – infrastructure Buildings	\$ 6,537,161 53,550	\$ 463,424 3,150	\$	-	\$ 7,000,585 56,700
Total accumulated depreciation	\$ 6,590,711	\$ 466,574	\$	-	\$ 7,057,285
Total capital assets depreciated, net	\$ 25,143,617	\$ 3,262,607	\$	-	\$ 28,406,224
Net Capital Assets	\$ 25,816,177	\$ 3,262,607	\$	81,560	\$ 28,997,224

Depreciation expense of \$466,574 was charged to the Rail Authority's economic development function for the year ended December 31, 2018.

2. Detailed Notes on all Funds

A. <u>Assets and Deferred Outflows of Resources</u>

3. <u>Capital Assets</u> (Continued)

Capital asset activity for the year ended December 31, 2019, was as follows:

	Beginning Balance		Increase		Decrease		Ending Balance	
Capital assets not depreciated Land	\$	591,000	\$	-	\$	-	\$	591,000
Capital assets depreciated Land improvements – infrastructure Buildings	\$	35,400,509 63,000	\$	821,670	\$	-	\$	36,222,179 63,000
Total capital assets depreciated	\$	35,463,509	\$	821,670	\$	-	\$	36,285,179
Less: accumulated depreciation for Land improvements – infrastructure Buildings	\$	7,000,585 56,700	\$	475,163 3,150	\$	-	\$	7,475,748 59,850
Total accumulated depreciation	\$	7,057,285	\$	478,313	\$	-	\$	7,535,598
Total capital assets depreciated, net	\$	28,406,224	\$	343,357	\$	-	\$	28,749,581
Net Capital Assets	\$	28,997,224	\$	343,357	\$	-	\$	29,340,581

Depreciation expense of \$478,313 was charged to the Rail Authority's economic development function for the year ended December 31, 2019.

B. Liabilities and Deferred Inflows of Resources

1. Payables

Payables for the Rail Authority were as follows:

	December 31, 2018			December 31, 2019		
Accounts payable Contracts payable	\$	13,280 216,990	\$	14,342 49,000		
Total	\$	230,270	\$	63,342		

2. Detailed Notes on All Funds

B. Liabilities and Deferred Inflows of Resources (Continued)

2. <u>Deferred Inflows of Resources – Unavailable Revenue</u>

Unavailable revenue consists of the following receivables not collected soon enough after year-end to pay liabilities of the current period:

	December 31, 2018		December 31, 2019	
Miscellaneous revenue State Grant – Department of Public Safety	\$	5,346 109,417	\$	- 311,631
Federal Grant – Department of Fubic Safety Assistance (Presidentially declared)		109,417		511,051
CFDA No. 97.036		173,968		70,241
Total	\$	288,731	\$	381,872

3. Risk Management

The Rail Authority is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors or omissions; and natural disasters for which the Rail Authority carries commercial insurance. To manage these risks, the Rail Authority has entered into a joint powers agreement with Minnesota counties to form the Minnesota Counties Intergovernmental Trust (MCIT). MCIT is a public entity risk pool currently operated as a common risk management and insurance program for its members. The Rail Authority is a member of only the Property and Casualty Division. For all other risk, the Rail Authority carries commercial insurance. There were no significant reductions in insurance from the prior year. The amount of settlements did not exceed insurance coverage for any of the past three fiscal years.

The Property and Casualty Division of MCIT is self-sustaining, and the Rail Authority pays an annual premium to cover current and future losses. MCIT carries reinsurance for its property lines to protect against catastrophic losses. Should the MCIT Property and Casualty Division liabilities exceed assets, MCIT may assess the Rail Authority in a method and amount to be determined by MCIT.

The notes to the required supplementary information are an integral part of this schedule.

NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2018 AND 2019

1. <u>General Budget Policies</u>

The Minnesota Valley Regional Rail Authority's Board adopts an estimated revenue and expenditure budget for the General Fund.

The budgets may be amended or modified at any time by the Rail Authority's Board. Expenditures may not legally exceed budgeted appropriations. Comparisons of final budgeted revenues and expenditures to actual for the General Fund are presented as required supplementary information.

2. <u>Budget Basis of Accounting</u>

Budgets are adopted on a basis consistent with generally accepted accounting principles.

3. <u>Budget Amendments</u>

Over the course of the year, the Rail Authority Board may revise estimated revenue and expenditure budgets. These budget amendments fall into three categories: new information changing original budget estimations, greater than anticipated revenues or costs, and new grant awards.

The Rail Authority did not amend any of its revenue and expenditure budgets during 2018 or 2019.

4. Excess of Expenditures Over Budget

For the year ended December 31, 2018, expenditures of \$4,196,387 exceeded the budgeted appropriations of \$4,048,333 by \$148,054 in the General Fund.

For the year ended December 31, 2019, expenditures of \$1,516,317 exceeded the budgeted appropriations of \$232,234 by \$1,284,083 in the General Fund.

COMMUNICATION OF SIGNIFICANT DEFICIENCIES AND/OR MATERIAL WEAKNESSES IN INTERNAL CONTROL OVER FINANCIAL REPORTING AND OTHER MATTERS

Board Members Minnesota Valley Regional Rail Authority Redwood Falls, Minnesota

We have audited, in accordance with auditing standards generally accepted in the United States of America, the financial statements of the governmental activities and the General Fund of the Minnesota Valley Regional Rail Authority, as of and for the years ended December 31, 2018 and 2019, and the related notes to the financial statements, which collectively comprise the Rail Authority's basic financial statements, and have issued our report thereon dated October 6, 2020.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Minnesota Valley Regional Rail Authority's internal control over financial reporting to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Rail Authority's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Rail Authority's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying Schedule of Findings and Recommendations, we did identify a deficiency in internal control over financial reporting that we consider to be a material weakness and another deficiency that we consider to be a significant deficiency.

A deficiency in internal control over financial reporting exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control over financial

Page 31

reporting such that there is a reasonable possibility that a material misstatement of the Rail Authority's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or combination of deficiencies, in internal control over financial reporting that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiency described in the accompanying Schedule of Findings and Recommendations as item 2019-002 to be a material weakness and item 2019-001 to be a significant deficiency.

Other Matters

The Minnesota Valley Regional Rail Authority's written responses to the internal control findings identified in our audit have been included in the Schedule of Findings and Recommendations. We did not audit the Rail Authority's responses and, accordingly, we express no opinion on them.

This communication is intended solely for the information and use of the Board Members, management, and others within the Rail Authority, and is not intended to be, and should not be, used by anyone other than those specified parties.

INDEPENDENT AUDITOR'S REPORT ON MINNESOTA LEGAL COMPLIANCE

Board Members Minnesota Valley Regional Rail Authority Redwood Falls, Minnesota

We have audited, in accordance with auditing standards generally accepted in the United States of America, the accompanying financial statements of the governmental activities and the General Fund of the Minnesota Valley Regional Rail Authority as of and for the years ended December 31, 2018 and 2019, and the related notes to the financial statements, which collectively comprise the Rail Authority's basic financial statements and have issued our report thereon dated October 6, 2020.

In connection with our audit, nothing came to our attention that caused us to believe that the Minnesota Valley Regional Rail Authority failed to comply with the provisions of the contracting and bidding, deposits and investments, conflicts of interest, claims and disbursements, and miscellaneous provisions sections of the *Minnesota Legal Compliance Audit Guide for Other Political Subdivisions*, promulgated by the State Auditor pursuant to Minn. Stat. § 6.65, insofar as they relate to accounting matters, except as described in the Schedule of Findings and Recommendations as item 2019-003. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the Rail Authority's noncompliance with the above referenced provisions, insofar as they relate to accounting matters.

The Minnesota Valley Regional Rail Authority's written response to the legal compliance finding identified in our audit has been included in the Schedule of Findings and Recommendations. We did not audit the Rail Authority's response and, accordingly, we express no opinion on it.

This report is intended solely for the information and use of the Board Members and management of the Minnesota Valley Regional Rail Authority and the State Auditor, and is not intended to be, and should not be, used by anyone other than those specified parties.

SCHEDULE OF FINDINGS AND RECOMMENDATIONS FOR THE YEARS ENDED DECEMBER 31, 2018 AND 2019

I. INTERNAL CONTROL OVER FINANCIAL REPORTING

PREVIOUSLY REPORTED ITEMS NOT RESOLVED

Finding Number: 2019-001

Prior Year Finding Number: 2000-001

Repeat Finding Since: 2000

Segregation of Duties

Criteria: Management is responsible for establishing and maintaining internal control. Adequate segregation of duties is a key internal control in preventing and detecting errors or irregularities. To protect the Minnesota Valley Regional Rail Authority's assets, proper segregation of the record-keeping, custody, and authorization functions should be in place, and where management decides segregation of duties may not be cost effective, compensating controls should be in place.

Condition: The Minnesota Valley Regional Rail Authority lacks proper segregation of duties. The Rail Authority contracts with the Redwood Area Development Corporation for administrative services where only one staff person performs all tasks related to administrative and accounting functions. As a result, the Rail Authority has one staff person who is responsible for collecting, recording, and depositing receipts as well as reconciling bank accounts. Additionally, this staff person is responsible for preparing and inputting journal entries in the general ledger.

Context: Due to the limited number of office personnel within the Rail Authority, segregation of the accounting functions necessary to ensure adequate internal accounting control is not possible. This is not unusual in operations the size of the Minnesota Valley Regional Rail Authority; however, the Rail Authority's Board and management should constantly be aware of this condition and realize that the concentration of duties and responsibilities in a limited number of individuals is not desirable from an accounting point of view.

SCHEDULE OF FINDINGS AND RECOMMENDATIONS (CONTINUED) FOR THE YEARS ENDED DECEMBER 31, 2018 AND 2019

Effect: Inadequate segregation of duties could adversely affect the Rail Authority's ability to detect misstatements in a timely period by staff in the normal course of performing their assigned functions.

Cause: The Rail Authority has indicated it does not have the economic resources to hire additional qualified accounting staff to adequately segregate the accounting functions.

Recommendation: We recommend the Rail Authority's Board and management be aware of the lack of segregation of duties of the accounting functions and, where possible, implement oversight procedures to ensure the internal control policies and procedures are implemented to the extent possible.

Client's Response:

As of 2020, all collection of revenues is now ACH into our account by both OMEGA and MPLI, so there are only a couple of potential incidental deposits made by staff. The deposit is then entered into Quickbooks at the time that a notification is received via email that there has been an ACH receipt of a deposit. The Administrator, then writes and prepares the checks in Quickbooks for approval at the next board meeting. The Administrator also reconciles the monthly bank statement.

Finding Number: 2019-002

Prior Year Finding Number: 2015-001

Repeat Finding Since: 2015

Audit Adjustments

Criteria: A deficiency in internal control over financial reporting exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements of the financial statements on a timely basis. Auditing standards define a material weakness as a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis.

SCHEDULE OF FINDINGS AND RECOMMENDATIONS (CONTINUED) FOR THE YEARS ENDED DECEMBER 31, 2018 AND 2019

Condition: Material audit adjustments were identified that resulted in significant changes to the Rail Authority's financial statements.

Context: The inability to make all necessary accrual adjustments or to detect misstatements in the financial statements increases the likelihood that the financial statements would not be fairly presented. These adjustments were found in the audit; however, independent external auditors cannot be considered part of the Rail Authority's internal control.

Effect: The following audit adjustments were reviewed and approved by management and are reflected in the financial statements:

2018

General Fund:

- Increased due from other governments by \$519,147, intergovernmental revenue by \$235,762 for reimbursement of 2017 and 2018 Federal Emergency Management Agency (FEMA) disaster awards, and related deferred inflows of resources—unavailable revenue by \$283,385.
- Increased licenses and permits revenue and administration expenditures by \$164,885 to correct revenues recorded as a reduction of the expenditures.
- Increased intergovernmental revenue and rehabilitation expenditures by \$1,289,703 to correct revenues recorded as a reduction of the expenditures.

2019

General Fund:

• Increased due from other governments and related deferred inflows of resources—unavailable revenue by \$381,872 for reimbursement of 2018 and 2019 FEMA disaster awards.

Cause: Procedures are not in place to consider the full extent of all entries needed for financial reporting, and the Rail Authority's staff did not consider controls over calculating the proper amounts of balances and recording certain accounting transactions.

SCHEDULE OF FINDINGS AND RECOMMENDATIONS (CONTINUED) FOR THE YEARS ENDED DECEMBER 31, 2018 AND 2019

Recommendation: We recommend the Rail Authority's staff review the financial statement closing procedures and the trial balances and journal entries in detail to ensure that all significant adjustments have been made appropriately that are considered necessary to fairly present the Rail Authority's financial statements in accordance with accounting principles generally accepted in the United States of America. We also recommend that the Rail Authority modify internal controls over financial reporting to detect misstatements in the financial statements.

Client's Response:

Auditor's recommendation is so noted and will take this under advisement for the future.

II. OTHER FINDINGS AND RECOMMENDATIONS

PREVIOUSLY REPORTED ITEM NOT RESOLVED

Finding Number: 2019-003

Prior Year Finding Number: 2017-001

Repeat Finding Since: 2017

Withholding Affidavit for Contractors (Form IC-134)

Criteria: Minnesota Statute, section 270C.66 states that, before making final settlement with any contractor under a contract requiring the employment of employees for wages by the contractor and by subcontractors, the Authority is required to obtain a certificate from the Commissioner of Revenue that the contractor or subcontractor has complied with the withholding requirements of Minn. Stat. § 290.92.

Condition: Final payment to five contractors for contracts involving the employment of individuals for wages by the contractor were tested. For four of these, final payment was made on the contract before Form IC-134, which certifies withholding compliance, was received from this contractor and approved by the Minnesota Department of Revenue.

Context: The Authority is responsible for obtaining the required certificate prior to submitting the final payment for processing.

SCHEDULE OF FINDINGS AND RECOMMENDATIONS (CONTINUED) FOR THE YEARS ENDED DECEMBER 31, 2018 AND 2019

Effect: Noncompliance with Minn. Stat. §270C.66.

Cause: The Rail Authority's management does not have a process in place to verify the IC-134 Withholding Affidavit Form is received before final payment is made to contractors and subcontractors.

Recommendation: We recommend the Authority obtain the required IC-134 Withholding Affidavit Form before final payment is made to contractors and subcontractors on all contracts requiring the employment of employees for wages.

Client's Response:

IC-134's will now be collected prior to final payment is made to the contractor.
