YEAR ENDED DECEMBER 31, 2015

Description of the Office of the State Auditor

The mission of the Office of the State Auditor is to oversee local government finances for Minnesota taxpayers by helping to ensure financial integrity and accountability in local governmental financial activities.

Through financial, compliance, and special audits, the State Auditor oversees and ensures that local government funds are used for the purposes intended by law and that local governments hold themselves to the highest standards of financial accountability.

The State Auditor performs approximately 150 financial and compliance audits per year and has oversight responsibilities for over 3,300 local units of government throughout the state. The office currently maintains five divisions:

Audit Practice - conducts financial and legal compliance audits of local governments;

Government Information - collects and analyzes financial information for cities, towns, counties, and special districts;

Legal/Special Investigations - provides legal analysis and counsel to the Office and responds to outside inquiries about Minnesota local government law; as well as investigates allegations of misfeasance, malfeasance, and nonfeasance in local government;

Pension - monitors investment, financial, and actuarial reporting for approximately 700 public pension funds; and

Tax Increment Financing - promotes compliance and accountability in local governments' use of tax increment financing through financial and compliance audits.

The State Auditor serves on the State Executive Council, State Board of Investment, Land Exchange Board, Public Employees Retirement Association Board, Minnesota Housing Finance Agency, and the Rural Finance Authority Board.

INDEPENDENT AUDITOR'S REPORT

Board of County Commissioners
Meeker County
Litchfield, Minnesota

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Meeker County, Minnesota, as of and for the year ended December 31, 2015, including the Meeker County Housing and Redevelopment Authority as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of (1) the Meeker Memorial Hospital, which represents the amounts shown as the business-type activities and the major enterprise fund; or (2) the Meeker County Housing and Redevelopment Authority, which represents 11 percent and 32 percent, respectively, of the assets and revenues of the aggregate discretely presented component units. Those statements were audited by other auditors whose reports thereon have been furnished to us, and our opinion, insofar as it relates to the amounts included for the Meeker Memorial Hospital Enterprise Fund and the Meeker County Housing and Redevelopment Authority component unit, is based solely on the reports of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller

General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. The financial statements of the Meeker Memorial Hospital were not audited in accordance with *Government Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the County's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the reports of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Meeker County as of December 31, 2015, including the Meeker County Housing and Redevelopment Authority as of June 30, 2015, and the respective changes in financial position and, where applicable, cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter - Change in Accounting Principle

As discussed in Note 1.E. to the financial statements, in 2015 the County adopted new accounting guidance by implementing the provisions of Governmental Accounting Standards Board (GASB) Statement No. 68, *Accounting and Financial Reporting for Pensions*, as amended by GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date*, and GASB Statement No. 82, *Pension Issues*, which represents a change in accounting principles. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and Required Supplementary Information as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not part of the basic financial statements, is required by the GASB, who considers it to be an essential part of financial reporting for placing the basic financial statements in an

appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Meeker County's basic financial statements. The supplementary information as listed in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our reports dated August 17, 2016, on our consideration of Meeker County's and the Meeker County Economic Development Authority component unit's internal control over financial reporting and on our tests of their compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of these reports is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. The reports are an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Meeker County's and the Meeker County Economic Development Authority component unit's internal control over financial reporting and compliance. They do not include the Meeker Memorial Hospital or the Meeker County Housing and Redevelopment Authority, which were audited by other auditors.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The accompanying Schedule of Expenditures of Federal Awards (SEFA) as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) is presented for purposes of additional analysis and is not a required part of the basic financial statements. The SEFA is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the SEFA is fairly stated in all material respects in relation to the basic financial statements as a whole.

MANAGEMENT'S DISCUSSION AND ANALYSIS

**MEEKER COUNTY
LITCHFIELD, MINNESOTA**

**MANAGEMENT'S DISCUSSION AND ANALYSIS
DECEMBER 31, 2015
(Unaudited)**

As management of Meeker County, Minnesota, we offer the readers of the Meeker County financial statements this narrative overview and analysis of its financial activities for the fiscal year ended December 31, 2015. We encourage readers to consider the information presented here in conjunction with the County's basic financial statements that follow this section. All amounts, unless otherwise indicated, are expressed in whole dollars.

FINANCIAL HIGHLIGHTS

- The assets of Meeker County exceeded its liabilities on December 31, 2015, by \$98,777,075 (net position). Of this amount, \$36,647,971 (unrestricted net position) may be used to meet Meeker County's ongoing obligations to citizens and creditors.
- Meeker County's total net position decreased by \$7,789,069 in 2015. This is attributed primarily to increase in activity offset by the prior period adjustment for the pension liability.
- As of the close of 2015, Meeker County's governmental funds reported combined ending fund balances. Of this fund balance amount, \$19,159,705 was unrestricted by Meeker County, and thus available for spending at the government's discretion.
- At the end of 2015, unassigned fund balance for the General Fund was \$7,398,278, or 71.60 percent, of the total General Fund expenditures for that year.
- Meeker County's total debt decreased by \$1,351,663. The key factors in the decrease were payment on principal and no new debt. This results in a decrease of 4.54 percent in total outstanding debt of the County.

OVERVIEW OF THE FINANCIAL STATEMENTS

The Management's Discussion and Analysis (MD&A) is intended to serve as an introduction to Meeker County's basic financial statements. Meeker County's basic financial statements are composed of three components: (1) government-wide financial statements, (2) fund level financial statements, and (3) notes to the financial statements. The MD&A is required to accompany the basic financial statements and is included as required supplementary information. This report also contains other supplementary information.

Government-Wide Financial Statements

Government-wide financial statements are designed to provide readers with a broad overview of Meeker County's finances in a manner similar to a private-sector business.

The statement of net position presents information on all of Meeker County's assets and liabilities, with the difference being reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of Meeker County is improving or deteriorating.

The statement of activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows only in future fiscal periods (for example, uncollected taxes and earned but unused vacation leave).

Meeker County's government-wide financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (governmental activities) from those intended to recover all or a significant portion of their costs through fees and charges (business-type activities). The governmental activities of Meeker County include general government, public safety, highways and streets, sanitation, human services, health, culture and recreation, conservation of natural resources, economic development, and interest. The business-type activities for Meeker County represent the Meeker Memorial Hospital.

The government-wide statements include not only the financial data for Meeker County itself (known as the primary government), but also the legally separate component units of the Economic Development Authority and the Housing and Redevelopment Authority for which Meeker County is legally accountable. Further financial information for the Housing and Redevelopment Authority is audited and reported separately from the financial information provided herein for the primary government itself.

The government-wide financial statements can be found on Exhibits 1 and 2 of this report.

Fund Level Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Meeker County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with financial-related legal requirements. All of the funds of Meeker County can be divided into three categories: governmental funds, proprietary fund, and fiduciary funds.

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financial requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financial decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

Meeker County reports 15 individual governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for the General Fund, Road and Bridge Special Revenue Fund, Human Services Special Revenue Fund, Debt Service Fund, and Capital Projects Fund--all of which are considered to be major funds. Data from the other ten governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements after the notes to the financial statements.

Governmental fund financial statements can be found on Exhibits 3 through 6 of this report.

The proprietary fund is maintained by Meeker County to account for the activities of the Meeker Memorial Hospital. The financial statements for this fund provide the same type of information as the government-wide financial statements, only in detail.

Proprietary fund financial statements can be found on Exhibits 7 through 9 of this report.

Fiduciary funds are used to account for assets held by the County as an agent for individuals, private organizations, other governments, or other funds. Meeker County's fiduciary funds consist of four funds. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. In addition, the agency funds are not reflected in the government-wide financial statements because these resources are not available to support the County's programs.

Notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

The notes to the financial statements can be found on pages 39 through 99 of this report.

Other information regarding Meeker County's intergovernmental revenues is provided as other schedules.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Over time, net position serves as a useful indicator of the County's financial position. Meeker County's assets exceeded liabilities by \$98,777,075 at the close of 2015. The largest portion of Meeker County's net position (59.44 percent) reflects the County's net investment in capital assets (for example, land, buildings, equipment, and infrastructure such as roads and bridges), less any related debt used to acquire those assets that is still outstanding. However, it should be noted that these assets are not available for future spending or for liquidating any remaining debt.

Governmental Activities

Meeker County's governmental activities decreased the County's net position during 2015 by \$2,559,235, including the restatement of net position.

Business-Type Activities

Business-type activities of the Meeker Memorial Hospital decreased Meeker County's net position by \$5,229,834, accounting for 67.14 percent of the total loss in the County's net position. This change was a result of the restated January 1 net position. Charges for services increased \$859,214, or 2.77 percent, while expenses were up \$1,103,950, or 3.91 percent.

Financial Analysis of the Government's Funds

As noted earlier, Meeker County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The focus of the County's governmental funds is to provide information on short-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the County's financing requirements. In particular, unrestricted fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, Meeker County's governmental funds reported combined ending fund balances of \$21,479,936, an increase of \$1,867,955 in comparison with the prior year. Of the ending fund balance, \$7,380,607 represents unassigned fund balance, which is available for spending at the County's discretion. The remainder of the fund balance is not available for new spending because it has already been committed, restricted, assigned, or is in non-spendable form.

The General Fund is the chief operating fund for Meeker County. At the end of the current fiscal year, the General Fund had an unassigned fund balance of \$7,398,278, while total fund balance was \$8,455,598. As a measure of the General Fund's liquidity, it may be useful to compare the unassigned fund balance to total expenditures. Unassigned fund balance represents 71.6 percent of total General Fund expenditures. The ending fund balance for 2015 in the General Fund increased by \$1,013,995 as compared to the 2014 ending balance.

The Road and Bridge Special Revenue Fund's fund balance at the end of the current fiscal year was \$3,277,167. The ending fund balance in the Road and Bridge Special Revenue Fund decreased by \$146,664. This is primarily due to increased intergovernmental revenue.

The Human Services Special Revenue Fund's fund balance at the end of the current fiscal year was \$5,026,900. The ending fund balance in the Human Services Special Revenue Fund increased by \$608,481, primarily due to increased revenue.

The Debt Service Fund's fund balance at the end of the current fiscal year was \$731,014. The ending fund balance in the Debt Service Fund increased by \$21,280.

GENERAL FUND BUDGETARY HIGHLIGHTS

There are no differences between the original expenditure budget and the final amended budget. (Meeker County did not amend the 2015 expenditure budget.)

Actual revenues in the General Fund were more than budgeted revenues by \$571,792, primarily due to an overall increase in intergovernmental and miscellaneous revenues over budgeted amounts.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

Meeker County's capital assets for its governmental activities at December 31, 2015, totaled \$62,983,061 (net of accumulated depreciation). This investment in capital assets includes land, buildings, equipment, and infrastructure. The County's governmental investment in capital assets increased \$2,141,765, or 3.52 percent, from the previous year. The major capital asset event was infrastructure.

Additional information on the County's capital assets can be found in the notes to the financial statements.

Long-Term Debt

At the end of the current fiscal year, Meeker County had total outstanding debt of \$28,442,137. The governmental activities portion is backed by the full faith and credit of the government; the business-type activities portion is a limited obligation of Meeker County, payable solely from gross revenues of the Meeker Memorial Hospital.

The County's debt related to general obligation bonds, gross revenue hospital facilities bonds, capital notes, and loans decreased by \$1,351,663, or 4.54 percent, during the fiscal year.

Meeker County was assigned a bond rating of "AA" by Standard & Poor's.

Minnesota statutes limit the amount of debt a county may levy to three percent of its total market value. At the end of 2015, Meeker County is well below the three percent debt limit imposed by state statutes.

Additional information on the County's long-term debt can be found in the notes to the financial statements of this report.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS

The unemployment rate for Meeker County at the end of 2015 was 5.0 percent, which represents an increase of 0.5 percent from the rate of one year ago. This compares with the state unemployment rate of 3.7 percent.

By the end of 2015, Meeker County approved its balanced 2016 revenue and expenditure budgets.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of Meeker County's finances. Questions concerning any of the information provided in this report, or requests for additional financial information, should be addressed to the Meeker County Auditor, 325 Sibley Avenue North, Litchfield, Minnesota 55355.

**RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND
CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE
GOVERNMENT-WIDE STATEMENT OF ACTIVITIES--GOVERNMENTAL ACTIVITIES**

Net change in fund balance - total governmental funds (Exhibit 5) \$ 1,831,169

Amounts reported for governmental activities in the statement of activities are different:

In the governmental funds, under the modified accrual basis, receivables not available for expenditure are deferred. In the statement of activities, those revenues are recognized when earned. The adjustment to revenues between the governmental fund statements and the statement of activities is the increase or decrease in revenues deferred as unavailable.

Unavailable revenue - December 31	\$ 2,378,384	
Unavailable revenue - January 1	<u>(1,726,615)</u>	651,769

Governmental funds report capital outlay as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. In the statement of activities, only the gain or loss on the disposal of capital assets is reported; whereas, in the governmental funds, the proceeds from the sale increase financial resources. Therefore, the change in net position differs from the change in fund balance by the net book value of the assets sold.

Expenditures for general capital assets and infrastructure	\$ 5,175,860	
Current year depreciation expense	<u>(3,034,095)</u>	2,141,765

Proceeds from debt issuances provide current financial resources to funds, but issuing debt increases long-term liabilities in the statement of net position.

Debt issued - loans		(68,200)
---------------------	--	----------

Repayment of debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position.

Principal payments		
General obligation bonds	\$ 525,000	
Capital notes	315,000	
Loan payable	<u>34,863</u>	874,863

Some expenses reported in the statement of activities do not require the use of current financial resources, so are not reported as expenditures in the governmental funds.

Change in accrued interest payable	\$ 5,496	
Amortization of discounts/premiums	4,538	
Change in compensated absences	126,136	
Change in inventories	36,786

NOTES TO THE FINANCIAL STATEMENTS
AS OF AND FOR THE YEAR ENDED DECEMBER 31, 2015

1. Summary of Significant Accounting Policies

Meeker County's financial statements are prepared in accordance with generally accepted accounting principles (GAAP) as of and for the year ended December 31, 2015. The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (statements and interpretations). The more significant accounting policies established in GAAP and used by the County are discussed below.

A. Financial Reporting Entity

Meeker County was established February 23, 1856, and is an organized county having the powers, duties, and privileges granted to counties by Minn. Stat. ch. 373. As required by accounting principles generally accepted in the United States of America, these financial statements present Meeker County (primary government) and its component units for which the County is financially accountable. The County is governed by a five-member Board of Commissioners elected from districts within the County. The Board is organized with a chair and vice chair elected at the annual meeting in January of each year.

Discretely Presented Component Units

While part of the reporting entity, discretely presented component units are presented in a separate column in the government-wide financial statements to emphasize that they are legally separate from the County. The following component units of Meeker County are discretely presented:

Component Unit	Component Unit of Reporting Entity Because	Separate Financial Statements

Joint Ventures

The County participates in several joint ventures described in Note 7.B.

B. Basic Financial Statements

1. Government-Wide Statements

The government-wide financial statements (the statement of net position and the statement of activities) display information about Meeker County (the primary government) and its component units. These statements include the financial activities of the overall County government, except for fiduciary activities. Eliminations have been made to minimize the double counting of internal activities. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges to external parties for support.

In the government-wide statement of net position, both the governmental activities and business-type activities columns: (a) are presented on a consolidated basis by column; and (b) are reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations.

Meeker County's net position is reported in three parts: (1) net investment in capital assets, (2) restricted net position, and (3) unrestricted net position. Meeker County first utilizes restricted resources to finance qualifying activities.

The statement of activities demonstrates the degree to which the direct expenses of each function of the County's governmental activities and business-type activities are offset by program revenues. Direct expenses are those clearly identifiable with a specific function or activity. Program revenues include: (1) fees, fines, and charges paid by the recipients of goods, services, or privileges provided by a given function or activity; and (2) grants and contributions restricted to meeting the operational or capital requirements of a particular function or activity. Revenues not classified as program revenues, including all taxes, are presented as general revenues.

2. Fund Financial Statements

The fund financial statements provide information about the County's funds, including its fiduciary funds. Separate statements for each fund category--governmental, proprietary, and fiduciary--are presented. The emphasis of governmental and proprietary fund financial statements is on major individual governmental and enterprise funds, with each displayed as separate columns in the fund financial statements. All remaining governmental funds are aggregated and reported as nonmajor funds.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Nonoperating revenues, such as subsidies and investment earnings, result from nonexchange transactions or incidental activities.

The County reports the following major governmental funds:

The General Fund is the County's primary operating fund. It accounts for all financial resources of the general government, except those accounted for in another fund.

The Road and Bridge Special Revenue Fund is used to account for restricted revenues from the federal and state government and expenditures of the County Highway Department, which is responsible for the construction and maintenance of roads, bridges, and other projects affecting County roadways.

The Human Services Special Revenue Fund is used to account for restricted revenue resources from federal, state, and other oversight agencies used for economic assistance and community social services programs.

The Debt Service Fund accounts for the accumulation of resources for, and the payment of, principal, interest, and related costs of the County's long-term debt.

The Capital Projects Fund accounts for financial resources to be used for anticipated capital projects.

2. Fund Financial Statements (Continued)

The County reports the following major enterprise fund:

The Meeker Memorial Hospital Fund is used to account for the operations of the Meeker Memorial Hospital.

Additionally, the County reports the following fund types:

Agency funds are custodial in nature and do not present results of operations or have a measurement focus. These funds account for assets that the County holds for others in an agent capacity.

C. Measurement Focus and Basis of Accounting

The government-wide, proprietary fund, and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned, and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Meeker County considers all revenues as available if collected within 60 days after the end of the current period. Property and other taxes, licenses, and interest are all considered susceptible to accrual. Shared revenues are generally recognized in the period the appropriation goes into effect and the revenues are available. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met and are available. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, compensated absences, and claims and judgments, which are recognized as expenditures to the extent that they have matured. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

C. Measurement Focus and Basis of Accounting (Continued)

When both restricted and unrestricted resources are available for use, it is the County's policy to use restricted resources first and then unrestricted resources as needed. Similarly, within unrestricted fund balance, committed amounts are reduced first, followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in one of the unrestricted fund balance classifications could be used.

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance

1. Cash and Cash Equivalents

Meeker County has defined cash and cash equivalents to include cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. Additionally, each fund's equity in the County's investment pool is treated as a cash equivalent because the funds can deposit or effectively withdraw cash at any time without prior notice or penalty.

2. Deposits and Investments

The cash balances of substantially all funds are pooled and invested by the County Treasurer for the purpose of increasing earnings through investment activities. Pooled and fund investments are reported at their fair value at December 31, 2015, based on market prices. Pursuant to Minn. Stat. § 385.07, investment earnings on cash and pooled investments of governmental and fiduciary funds are credited to the General Fund. Investment earnings on business-type activities are credited to the Meeker Memorial Hospital Fund. Other funds received investment earnings based on other state statutes, grant agreements, contracts, and bond covenants. Investment earnings for 2015 were \$222,195.

Meeker County invests in an external investment pool, the Minnesota Association of Governments Investing for Counties (MAGIC) Fund, which is created under a joint powers agreement pursuant to Minn. Stat. § 471.59. The investment in the pool is measured at the net asset value per share provided by the pool.

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance (Continued)

3. Receivables and Payables

Activity between funds representative of lending/borrowing arrangements outstanding at the end of the fiscal year is referred to as either “due to/from other funds” (the current portion of interfund loans) or “advances to/from other funds” (the noncurrent portion of interfund loans). All other outstanding balances between funds are reported as “due to/from other funds.” Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as “internal balances.” Any residual balances outstanding between the primary government and the component units are reported in the government-wide financial statements as “due to/from primary government and due to/due from component unit.”

Advances between funds, as reported in the fund financial statements, are offset by a nonspendable fund balance account in applicable governmental funds to indicate the asset is not in spendable form.

All receivables, including those of the discretely presented component units, are shown net of an allowance for uncollectibles.

Property taxes are levied as of January 1 on property values assessed as of the same date. The tax levy notice is mailed in March with the first half payment due May 15 and the second half payment due October 15. Unpaid taxes at December 31 become liens on the respective property and are classified in the financial statements as delinquent taxes receivable.

Special assessments receivable consist of delinquent special assessments payable in the years 2010 through 2015 and noncurrent special assessments in 2016 and after. Unpaid special assessments at December 31 are classified in the financial statements as delinquent special assessments.

The Meeker Memorial Hospital Enterprise Fund grants credit to its patients, most of whom are local residents or are employed by the businesses of Litchfield and the surrounding area. The Hospital has agreements with third-party payors, which provide for reimbursement to the Hospital at amounts different from its established rates.

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance

3. Receivables and Payables (Continued)

Patient accounts receivable, where a third-party payor is responsible for paying the amount, are carried at a net amount determined by the original charge for the services provided, less an estimate made for contractual adjustments or discounts provided to third-party payors.

Patient accounts receivable due directly from the patients are carried at the original charge for the services provided less amounts covered by third-party payors and less an estimated allowance for doubtful receivables based on a review of all outstanding amounts on a monthly basis. Management determines the allowance for doubtful accounts by identifying troubled accounts; by using historical experience applied to an aging of accounts; and by considering a patient's financial history, credit history, and current economic conditions. Patient accounts receivable are written off when deemed uncollectible. Recoveries of receivables previously written off are recorded as a reduction of the provision for bad debts when received.

The County reports unearned revenue in connection with resources that have been received, but not yet earned.

4. Inventories and Prepaid Items

All inventories are valued at cost using the weighted average method. The inventories in governmental funds are recorded as expenditures when purchased rather than when consumed. Inventories in proprietary funds and at the government-wide level are recorded as expenses when consumed.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance (Continued)

5. Restricted Assets

Certain funds of the County are classified as restricted assets on the statement of net position because the restriction is either imposed by law through constitutional provisions or enabling legislation or imposed externally by creditors, grantors, contributors, or laws or regulations of other governments. Therefore, their use is limited by applicable laws and regulations.

6. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities column in the government-wide financial statements. Capital assets are defined by Meeker County as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed. During the current period, the County did not have any capitalized interest.

Property, plant, and equipment of the primary government, as well as the component units, are depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings	40 - 50
Furniture	20
Machinery and equipment	5 - 25
Infrastructure	50 - 75

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance (Continued)

7. Compensated Absences

The liability for compensated absences reported in the financial statements consists of unpaid, accumulated annual vacation and sick leave balances. The liability has been calculated using the vesting method, in which leave amounts for both employees who currently are eligible to receive termination payments and other employees who are expected to become eligible in the future to receive such payments upon termination are included. Compensated absences are accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements. The current portion consists of an amount based on a trend analysis of current usage of vacation and sick leave. The noncurrent portion consists of the remaining amount of vacation and sick leave.

8. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position reports a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and will not be recognized as an outflow of resources (expenditure/expense) until then. Currently, the County has one item, deferred pension outflows that qualifies for reporting in this category. These outflows arise only under the full accrual basis of accounting and consist of pension plan contributions paid subsequent to the measurement date and also the differences between projected and actual earnings on pension plan investments and, accordingly, are reported only in the statement of net position.

In addition to liabilities, the statement of financial position reports a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. Currently, the County has two types of deferred inflows. The governmental funds report unavailable revenue from delinquent taxes receivable, and delinquent and deferred special assessments receivable, and for amounts that are not considered to be available to liquidate liabilities of the current period.

LITCHFIELD, MINNESOTA**

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance

8. Deferred Outflows/Inflows of Resources (Continued)

Unavailable revenue arises only under the modified accrual basis of accounting and, accordingly, is reported only in the governmental funds balance sheet. The unavailable revenue amount is deferred and recognized as an inflow of resources in the period that the amounts become available. The County also has deferred pension inflows. These inflows arise only under the full accrual basis of accounting and consist of differences between expected and actual pension plan economic experience and also pension plan changes in proportionate share and, accordingly, are reported only in the statement of net position.

9. Long-Term Obligations

In the government-wide financial statements and proprietary fund type in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize bond premiums and discounts during the current period. The face amount of the debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources, while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

10. Pension Plan

For purposes of measuring the net pension liability, deferred outflows/inflows of resources, and pension expense, information about the fiduciary net position of the Public Employees Retirement Association (PERA) and additions to/deductions from PERA's fiduciary net position have been determined on the same basis as they are reported by PERA, except that PERA's fiscal year-end is June 30. For this purpose, plan contributions are recognized as of employer payroll paid dates and benefit payments and refunds are recognized when due and payable in accordance with the

benefit terms. Plan investments are reported at fair value. The pension liability is liquidated through the General Fund and other governmental funds that have personal services.

11. Classification of Net Position

Net position in the government-wide statements is classified in the following categories:

Net investment in capital assets - the amount of net position representing capital assets, net of accumulated depreciation, and reduced by outstanding debt attributed to the acquisition, construction, or improvement of the assets.

Restricted net position - the amount of net position for which external restrictions have been imposed by creditors, grantors, contributors, or laws or regulations of other governments and restrictions imposed by law through constitutional provisions or enabling legislation.

Unrestricted net position - the amount of net position that does not meet the definition of restricted or net investment in capital assets.

12. Classification of Fund Balances

Fund balance is divided into five classifications based primarily on the extent to which Meeker County is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

Nonspendable - amounts that cannot be spent because they are not in spendable form, or are legally or contractually required to be maintained intact. The “not in spendable form” criterion includes items not expected to be converted to cash.

**MEEKER COUNTY
LITCHFIELD, MINNESOTA**

1. Summary of Significant Accounting Policies

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance

12. Classification of Fund Balances (Continued)

Restricted - amounts for which constraints have been placed on the use of resources either externally imposed by creditors (such as through debt covenants), grantors contributors, or laws or regulations of other governments or is imposed by law through constitutional provisions or enabling legislation.

Committed - amounts that can be used only for the specific purposes imposed by formal action (ordinance or resolution) of the County Board. Those committed amounts cannot be used for any other purpose unless the Board removes or changes the specified use by taking the same type of action (ordinance or resolution) it employed to previously commit those amounts.

Assigned - amounts the County intends to use for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds other than the General Fund, assigned fund balance represents the remaining amount that is not restricted or committed. In the General Fund, assigned amounts represent intended uses established by the County Board or the County Administrator who has been delegated that authority by Board resolution.

Unassigned - the residual classification for the General Fund and includes all spendable amounts not contained in the other fund balance classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance resulting from overspending for specific purposes for which amounts had been restricted or committed.

Meeker County applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

LITCHFIELD, MINNESOTA**

1. Summary of Significant Accounting Policies

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance (Continued)

13. Minimum Fund Balance

Meeker County has adopted a minimum fund balance policy for the General Fund. The General Fund is heavily reliant on property tax revenues to fund current operations. However, current property tax revenues are not available for distribution until June. Therefore, the County Board has determined it needs to maintain a minimum unrestricted fund balance in the General Fund (committed, assigned, and unassigned) of no less than five months of operating expenditures based on the previous year, or approximately 35 to 50 percent of fund operating revenues. The fund balance policy was adopted by the County Board on December 8, 2011. At December 31, 2015, unrestricted fund balance for the General Fund was at or above the minimum fund balance level.

14. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

E. Change in Accounting Principles

During the year ended December 31, 2015, Meeker County adopted new accounting guidance by implementing the provisions of GASB Statements 68, 71, and 82. GASB Statement No. 68, *Accounting and Financial Reporting for Pensions - an amendment of GASB Statement No. 27*, requires governments providing defined benefit pensions to employees through pension plans administered through trusts to record their proportionate share of the net pension obligation as a liability on their financial statements along with related deferred outflows of resources, deferred inflows of resources, and pension expense. This statement also requires additional note disclosures and schedules in the required supplementary information.

E. Change in Accounting Principles (Continued)

GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date - an amendment of GASB Statement No. 68*, addresses an issue regarding amounts associated with contributions made to a pension plan after the measurement date of the net pension liability.

GASB Statement No. 82, *Pension Issues - an amendment of GASB Statements No. 67, No. 68, and No. 73*, modifies the measure of payroll that is presented in the required supplementary information schedules.

GASB Statements 68 and 71 require Meeker County to report its proportionate share of the PERA total employers' unfunded pension liability. As a result, beginning net position has been restated to record Meeker County's net pension liability and related deferred outflows of resources.

F. Hospital Enterprise Fund - Net Patient and Resident Service Revenue

As services are rendered at the Hospital, patient service revenue is recorded at the Hospital's established rates, with contractual adjustments and charity care allowance deducted to arrive at net patient service revenue. Because the Hospital does not pursue collection of amounts determined to qualify as charity care, they are not reported as revenue.

The Hospital has agreements with third-party payors that provide for reimbursement at amounts different from its established rates. Blue Cross Blue Shield reimbursements are based on the lower of the Hospital's established rates or a prospectively established rate for most inpatient and outpatient services. The Hospital has also entered into reimbursement agreements with certain other commercial insurance carriers, health maintenance organizations, and preferred provider organizations. The basis for reimbursement under these agreements is primarily based on fee schedules and discounts from established charges.

LITCHFIELD, MINNESOTA**

1. Summary of Significant Accounting Policies

F. Hospital Enterprise Fund - Net Patient and Resident Service Revenue (Continued)

The Hospital has elected Critical Access Hospital (CAH) designation. As a CAH, inpatient acute-care services and outpatient services rendered to Medicare program beneficiaries are paid based on a cost-reimbursement method. The Hospital is reimbursed for cost-reimbursable items at a tentative rate, with final settlement determined after submission of annual cost reports and audits thereof by the Medicare administrative contractor.

Retroactive contractual adjustments arising under reimbursement agreements with third-party payors are recognized on an estimated basis in the period the related services are rendered and adjusted in future periods as final settlements are determined. The Hospital utilizes a process to identify and appeal settlements by Medicare and other payors. Additional reimbursement is recorded in the year the appeal is successful.

The laws and regulations under which the Medicare program operates are complex, subject to frequent change, and subject to interpretation. As part of operating under the Medicare program, there is a possibility that governmental authorities may review the Hospital's compliance with these laws and regulations. Such review may result in adjustments to Medicare reimbursement previously received and subject the Hospital to fines and penalties. Although the outcome of pending reviews cannot be ascertained, management believes the Hospital is in compliance with all applicable laws and regulations and has complied with the requirements of the Medicare program.

G. Hospital Enterprise Fund - Operating Revenues and Expenses

The Hospital's statement of revenues, expenses, and changes in fund net position distinguishes between operating and nonoperating revenues and expenses. Operating revenues and expenses result from exchange transactions associated with providing health care services (the Hospital's principal activity) and supporting the activities of the Hospital. Nonexchange revenues, including interest income, grants, and contributions, are reported as nonoperating revenues.

a. Deposits

The County is authorized by Minn. Stat. §§ 118A.02 and 118A.04 to designate a depository for public funds and to invest in certificates of deposit. The County is required by Minn. Stat. § 118A.03 to protect deposits with insurance, surety bond, or collateral. The market value of collateral pledged shall be at least ten percent more than the amount on deposit at the close of the financial institution's banking day, not covered by insurance or bonds.

Authorized collateral includes treasury bills, notes and bonds; issues of U.S. government agencies; state and local general obligations rated "A" or better and revenue obligations rated "AA" or better; irrevocable standby letters of credit issued by the Federal Home Loan Bank; and certificates of deposit. Minnesota statutes require that securities pledged as collateral be held in safekeeping in a restricted account at the Federal Reserve Bank or in an account at a trust department of a commercial bank or other financial institution not owned or controlled by the financial institution furnishing the collateral.

Custodial Credit Risk

Custodial credit risk is the risk that in the event of a financial institution failure, the County's deposits may not be returned to it. The County does not have a deposit policy for custodial credit risk. However, the County complies with Minnesota statutes in establishing authorized collateral for its deposits. As of December 31, 2015, the County's deposits were not exposed to custodial credit risk.

b. Investments

The County may invest in the following types of investments as authorized by Minn. Stat. §§ 118A.04 and 118A.05:

- (1) securities which are direct obligations or are guaranteed or insured issues of the United States, its instrumentalities, or organizations created by an act of Congress, except mortgage-backed securities defined as “high risk” by Minn. Stat. § 118A.04, subd. 6;
- (2) mutual funds through shares of registered investment companies provided the mutual fund receives certain ratings depending on its investments;
- (3) general obligations of the State of Minnesota and its municipalities, and in certain state agency and local obligations of Minnesota and other states provided such obligations have certain specified bond ratings by a national bond rating service;
- (4) bankers’ acceptances of United States banks;
- (5) commercial paper issued by United States corporations or their Canadian subsidiaries that is rated in the highest quality category by two nationally recognized rating agencies and matures in 270 days or less; and
- (6) with certain restrictions, in repurchase agreements, securities lending agreements, joint powers investment trusts, and guaranteed investment contracts.

Interest Rate Risk

Interest rate risk is the risk that changes in the market interest rates will adversely affect the fair value of an investment. The County’s investment policy is to invest in both short-term and long-term investments to limit exposure to interest rate risk.

Custodial Credit Risk

The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, a government will not be able to recover the value of investment or collateral securities in the possession of an outside party. The County does not have a specific policy for custodial credit risk. As of December 31, 2015, \$9,584,799 of U.S. government securities and Treasury notes in the County's investment balance of \$17,823,764 were exposed to custodial credit risk as follows:

Uninsured and collateral held by the pledging institution's trust department not in the County's name	\$ 9,584,799

Concentration of Credit Risk

The concentration of credit risk is the risk of loss that may be caused by the County's investment in a single issuer. It is the County's policy that investments in the MAGIC Fund, U.S. Treasury securities, U.S. agency securities, and obligations backed by U.S. Treasury and/or U.S. agency securities may be held without limit.

Investments in any one issuer that represent five percent or more of the County's investments are:

Loans Payable

In 2010, the County entered into loan agreements with the Minnesota Pollution Control Agency for financing of the Minnesota Clean Water Partnership Project. The loans are secured by special assessments placed on the individual parcels requesting repair of a failing septic system. According to the agreement, the County can borrow as much as \$200,000. The total amount received by the County through December 31, 2012, was \$200,000; accumulated interest was \$11,358. Repayment began in 2013.

In 2011, the County entered into another loan agreement with the Minnesota Pollution Control Agency for financing of the Minnesota Clean Water Partnership Project. These loans are also secured by special assessments placed on the individual parcels requesting repair of a failing septic system. According to the agreement, the County can borrow as much as \$300,000. The agreement was later amended in 2011 to increase the total to \$600,000. However, only \$300,000 may be borrowed without further authorization from the Minnesota Pollution Control Agency. The total amount received by the County through December 31, 2013, was \$153,356; accumulated interest was \$4,910. Repayment began in 2014.

4. Pension Plans

A. Defined Benefit Plans

1. Plan Description

All full-time and certain part-time employees of Meeker County are covered by defined benefit pension plans administered by the Public Employees Retirement Association of Minnesota (PERA). PERA administers the General Employees Retirement Fund, the Public Employees Police and Fire Fund, and the Local Government Correctional Service Retirement Fund (the Public Employees Correctional Fund), which are cost-sharing, multiple-employer retirement plans. These plans are established and administered in accordance with Minn. Stat. chs. 353 and 356. PERA's defined benefit pension plans are tax qualified plans under Section 401(a) of the Internal Revenue Code.

General Employees Retirement Fund members belong to either the Coordinated Plan or the Basic Plan. Coordinated Plan members are covered by Social Security and Basic Plan members are not. The Basic Plan was closed to new members in 1967. All new members must participate in the Coordinated Plan, for which benefits vest after five years of credited service.

Police officers, firefighters, and peace officers who qualify for membership by statute are covered by the Public Employees Police and Fire Fund. For members first hired after June 30, 2010, but before July 1, 2014, benefits vest on a graduated

schedule starting with 50 percent after 5 years and increasing 10 percent for each year of service until fully vested after 10 years. Benefits for members first hired after June 30, 2014, vest on a prorated basis from 50 percent after 10 years and increasing 5 percent for each year of service until fully vested after 20 years.

Local government employees of a county-administered facility who are responsible for the direct security, custody, and control of the county correctional facility and its inmates are covered by the Public Employees Correctional Fund. For members hired after June 30, 2010, benefits vest on a graduated schedule starting with 50 percent after 5 years and increasing 10 percent for each year of service until fully vested after 10 years.

2. Benefits Provided

PERA provides retirement benefits as well as disability benefits to members and benefits to survivors upon death of eligible members. Benefit provisions are established by state statute and can be modified only by the state legislature. Benefit increases are provided to benefit recipients each January. Increases are related to the funding ratio of the plan. Benefit recipients receive a future annual 1.0 percent post-retirement benefit increase. If the funding ratio reaches 90 percent for two consecutive years, the benefit increase will revert to 2.5 percent. If, after reverting to a 2.5 percent benefit increase, the funding ratio declines to less than 80 percent for one year or less than 85 percent for two consecutive years, the benefit increase will decrease to 1.0 percent.

The benefit provisions stated in the following paragraph of this section are current provisions and apply to active plan participants. Vested, terminated employees who are entitled to benefits but are not yet receiving them are bound by the provisions in effect at the time they last terminated their public service.

Benefits are based on a member's highest average salary for any five successive years of allowable service, age, and years of credit at termination of service. Two methods are used to compute benefits for General Employees Retirement Fund Coordinated and Basic Plan members. The retiring member receives the higher of a step-rate benefit accrual formula (Method 1) or a level accrual formula (Method 2).

**MEEKER COUNTY
LITCHFIELD, MINNESOTA**

4. Pension Plans

A. Defined Benefit Plans

2. Benefits Provided (Continued)

Under Method 1, the annuity accrual rate for a Basic Plan member is 2.2 percent of average salary for each of the first ten years of service and 2.7 percent for each remaining year. The annuity accrual rate for a Coordinated Plan member is 1.2 percent of average salary for each of the first ten years of service and 1.7 percent for each remaining year. Under Method 2, the annuity accrual rate is 2.7 percent of average salary for Basic Plan members and 1.7 percent for Coordinated Plan members for each year of service. For Public Employees Police and Fire Fund members, the annuity accrual rate is 3.0 percent of average salary for each year of service. For Public Employees Correctional Fund members, the annuity accrual rate is 1.9 percent of average salary for each year of service.

For General Employees Retirement Fund members hired prior to July 1, 1989, a full annuity is available when age plus years of service equal 90, and normal retirement age is 65. For members hired on or after July 1, 1989, normal retirement age is the age for unreduced Social Security benefits capped at 66. For Public Employees Police and Fire Fund and Public Employees Correctional Fund members who were hired prior to July 1, 1989, a full annuity is available when age plus years of service equal 90, and normal retirement age is 55. Disability benefits are available for vested members and are based on years of service and average high-five salary.

3. Contributions

Pension benefits are funded from member and employer contributions and income from the investment of fund assets. Rates for employer and employee contributions are set by Minn. Stat. ch. 353. These statutes are established and amended by the state legislature. General Employees Retirement Fund Basic Plan members and Coordinated Plan members were required to contribute 9.10 percent and 6.50 percent, respectively, of their annual covered salary in 2015. Public Employees Police and Fire Fund members were required to contribute 10.80 percent of their annual covered salary in 2015. Public Employees Correctional Fund members were required to contribute 5.83 percent of their annual covered salary in 2015.

Public Employees Police and Fire Fund	16.20
Public Employees Correctional Fund	8.75

The General Employees Retirement Fund Coordinated Plan member and employer contribution rates each reflect a 0.25 percent increase from 2014. The Public Employees Police and Fire Fund member and employer contribution rates increased 0.60 percent and 0.90 percent, respectively, from 2014.

Meeker County's contributions for the year ended December 31, 2015, to the pension plans were:

General Employees Retirement Fund	\$	1,327,077
Public Employees Police and Fire Fund		223,220
Public Employees Correctional Fund		60,136

The contributions are equal to the contractually required contributions as set by state statute.

4. Pension Costs

General Employees Retirement Fund

At December 31, 2015, the County reported a liability of \$15,400,185 for its proportionate share of the General Employees Retirement Fund's net pension liability. The net pension liability was measured as of June 30, 2015, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The County's proportion of the net pension liability was based on the County's contributions received by PERA during the measurement period for employer payroll paid dates from July 1, 2014, through June 30, 2015, relative to the total employer contributions received from all of PERA's participating employers. At June 30, 2015, the County's proportion was

Public Employees Police and Fire Fund

At December 31, 2015, the County reported a liability of \$1,636,177 for its proportionate share of the Public Employees Police and Fire Fund's net pension liability. The net pension liability was measured as of June 30, 2015, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The County's proportion of the net pension liability was based on the County's contributions received by PERA during the measurement period for employer payroll paid dates from July 1, 2014, through June 30, 2015, relative to the total employer contributions received from all of PERA's participating employers. At June 30, 2015, the County's proportion was 0.144 percent. It was 0.144 percent measured as of June 30, 2014. The County recognized pension expense of \$281,579 for its proportionate share of the Public Employees Police and Fire Fund's pension expense.

The County also recognized \$12,960 as revenue, which results in a reduction of the net pension liability, for its proportionate share of the State of Minnesota's on-behalf contribution to the Public Employees Police and Fire Fund. Legislation requires the State of Minnesota to contribute \$9 million to the Public Employees Police and Fire Fund each year, starting in fiscal year 2014, until the plan is 90 percent funded.

The County reported its proportionate share of the Public Employees Police and Fire Fund's deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Total Pension Expense

The total pension expense for all plans recognized by the County for the year ended December 31, 2015, was \$2,046,532.

5. Actuarial Assumptions

The total pension liability in the June 30, 2015, actuarial valuation was determined using the individual entry age normal actuarial cost method and the following additional actuarial assumptions:

Inflation	2.75 percent per year
Active member payroll growth	3.50 percent per year
Investment rate of return	7.90 percent

Salary increases were based on a service-related table. Mortality rates for active members, retirees, survivors, and disabilitants were based on RP-2000 tables for males or females, as appropriate, with slight adjustments. For the General Employees Retirement Fund and the Public Employees Police and Fire Fund, cost of living benefit increases for retirees are assumed to be 1.0 percent effective every January 1 through 2035 and 2037, respectively, and 2.5 percent thereafter. Cost of living benefit increases for retirees are assumed to be 2.5 percent for all years for the Public Employees Correctional Fund.

Actuarial assumptions used in the June 30, 2015, valuation were based on the results of actuarial experience studies. The experience study in the General Employees Retirement Fund was for the period July 1, 2004, through June 30, 2008, with an update of economic assumptions in 2014. The experience study for the Public Employees Police and Fire Fund was for the period July 1, 2004, through June 30, 2009. The experience study for the Public Employees Correctional Fund was for the period July 1, 2006, through June 30, 2011.

In 2015, an updated experience study was done for PERA's General Employees Retirement Fund for the six-year period ending June 30, 2014, which would result in a larger pension liability. However, PERA will not implement the changes in assumptions until its June 30, 2016, estimate of pension liability.

A. Defined Benefit Plans

5. Actuarial Assumptions (Continued)

The long-term expected rate of return on pension plan investments is 7.9 percent. The State Board of Investment, which manages the investments of PERA, prepares an analysis of the reasonableness of the long-term expected rate of return on a regular basis using a building-block method in which best-estimate ranges of expected future rates of return are developed for each major asset class. These ranges are combined to produce an expected long-term rate of return by weighting the expected future rates of return by the target asset allocation percentages. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Domestic stocks	45%	5.50%
International stocks	15	6.00
Bonds	18	1.45
Alternative assets	20	6.40
Cash	2	0.50

6. Discount Rate

The discount rate used to measure the total pension liability was 7.9 percent. The discount rate did not change since the prior measurement date. The projection of cash flows used to determine the discount rate assumed that employee and employer contributions will be made at the rate specified in statute. Based on that assumption, each of the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

7. Pension Liability Sensitivity

The following presents the County's proportionate share of the net pension liability calculated using the discount rate disclosed in the preceding paragraph, as well as what the County's proportionate share of the net pension liability would be if it were calculated using a discount rate 1.0 percentage point lower or 1.0 percentage point higher than the current discount rate:

	1% Decrease in Discount Rate (6.9%)	Discount Rate (7.9%)	1% Increase in Discount Rate (8.9%)
Proportionate share of the General Employees Retirement Fund net pension liability	\$ 24,214,566	\$ 15,400,185	\$ 8,120,862
Public Employees Police and Fire Fund net pension liability	3,188,926	1,636,177	353,336
Public Employees Correctional Fund net pension liability	398,364	57,202	(215,865)

8. Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in a separately issued PERA financial report that includes financial statements and required supplementary information. That report may be obtained on the internet at www.mnpera.org; by writing to PERA at 60 Empire Drive, Suite 200, St. Paul, Minnesota 55103-2088; or by calling (651) 296-7460 or 1-800-652-9026.

B. Defined Contribution Plan

Three County Commissioners of Meeker County are covered by the Public Employees Defined Contribution Plan, a multiple-employer, deferred compensation plan administered by PERA. The plan is established and administered in accordance with Minn. Stat. ch. 353D, which may be amended by the state legislature. The plan is a tax qualified plan under Section 401(a) of the Internal Revenue Code, and all contributions by or on behalf of employees are tax deferred until time of withdrawal.

Plan benefits depend solely on amounts contributed to the plan plus investment earnings, less administrative expenses. For those qualified personnel who elect to participate, Minn. Stat. § 353D.03 specifies plan provisions, including the employee and employer

contribution rates. An eligible elected official who decides to participate contributes 5.00 percent of salary, which is matched by the employer. Employee and employer contributions are combined and used to purchase shares in one or more of the seven accounts of the Minnesota Supplemental Investment Fund. For administering the plan, PERA receives 2.00 percent of employer contributions and 0.25 percent of the assets in each member account annually.

Total contributions by dollar amount and percentage of covered payroll made by Meeker County during the year ended December 31, 2015, were:

	Employee	Employer
Contribution amount	\$ 3,993	\$ 3,993
Percentage of covered payroll	5%	5%

5. Postemployment Health Care Plan

A. Plan Description

The County provides a single-employer defined benefit health care plan to eligible retirees and their spouses. The plan offers medical coverage. Medical coverage is administered by Blue Cross Blue Shield. The County provides benefits for retirees, in accordance with Minn. Stat. § 471.61, subd. 2b. It is the County’s policy to periodically review its medical coverage and to obtain requests for proposals in order to provide the most favorable benefits and premiums for County employees and retirees.

B. Funding Policy

Retirees and their spouses contribute to the health care plan at the same rate as County employees. This results in the retirees receiving an implicit rate subsidy. Contribution requirements are established by the County based on the contract terms with Blue Cross Blue Shield. The required contributions are based on projected pay-as-you-go financing requirements. For fiscal year 2015, the County contributed \$106,102. As of January 1, 2013, there were three retirees receiving health benefits from the County’s health plan.

LITCHFIELD, MINNESOTA**

5. Postemployment Health Care Plan (Continued)

C. Annual OPEB Cost and Net OPEB Obligation

The County's annual other postemployment benefits (OPEB) cost (expense) is calculated based on the annual required contribution (ARC) of the County, an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial accrued liabilities (or funding excess) over a period not to exceed 30 years. The following table shows the components of the County's annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the County's net obligation to the plan.

ARC		\$ 139,873
Interest on net OPEB obligation		22,842
Adjustment to ARC		<u>(30,484)</u>
Annual OPEB cost (expense)		\$ 132,231
Contributions made		<u>(106,102)</u>
Increase in net OPEB obligation		\$ 26,129
Net OPEB Obligation - Beginning of Year		<u>507,606</u>
Net OPEB Obligation - End of Year		<u><u>\$ 533,735</u></u>

The County's annual OPEB cost; the percentage of annual OPEB cost contributed to the plan; and the net OPEB obligation for 2013, 2014, and 2015, was as follows:

<u>Fiscal Year Ended</u>	<u>Annual OPEB Cost</u>	<u>Employer Contribution</u>	<u>Percentage of Annual OPEB Cost Contributed</u>	<u>Net OPEB Obligation</u>
December 31, 2013	\$ 133,273	\$ 63,331	47.5%	\$ 457,697
December 31, 2014	132,982	83,073	62.5	507,606
December 31, 2015	132,231	106,102	80.2	533,735

D. Funded Status and Funding Progress

As of January 1, 2013, the most recent actuarial valuation date, the County has no assets deposited to fund the plan. The actuarial accrued liability for benefits was \$1,086,913, and the actuarial value of assets was zero, resulting in an unfunded actuarial accrued liability (UAAL) of \$1,086,913. The covered payroll (annual payroll of active employees covered by the plan) was \$8,610,793, and the ratio of the UAAL to the covered payroll was 12.6 percent.

**MEEKER COUNTY
LITCHFIELD, MINNESOTA**

5. Postemployment Health Care Plan

D. Funded Status and Funding Progress (Continued)

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the health care cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The Schedule of Funding Progress - Other Postemployment Benefits, presented as required supplementary information following the notes to the financial statements, will present multi-year trend information as it becomes available about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

E. Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques designed to reduce the effects of short-term volatility in actuarial accrued liabilities, consistent with the long-term perspective of the calculations.

In the January 1, 2013, actuarial valuation, the entry age normal cost method was used. The actuarial assumptions included a 4.5 percent discount rate, which is based on the investment yield expected to finance benefits depending on whether the plan is funded in a separate trust (6.5 percent, long-term, similar to a pension plan) or unfunded (4.5 percent, shorter term, based on the County's general assets). The County currently does not plan to prefund for this benefit. At the actuarial valuation date, the annual health care cost trend rate was calculated to be 7.5 percent initially, reduced incrementally to 5.0 percent after 5 years. The UAAL is being amortized as a level dollar amount on a closed basis. The remaining amortization period at January 1, 2013, was 25 years.

6. Risk Management

The County is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors or omissions; injuries to employees; or natural disasters. The County has entered into a joint powers agreement with other Minnesota counties to form the

Minnesota Counties Intergovernmental Trust (MCIT). MCIT is a public entity risk pool currently operated as a common risk management and insurance program for its members. The County is a member of both the MCIT Workers' Compensation and Property and Casualty Divisions. For group employee health benefits, the County has entered into a joint powers agreement, the Southwest/West Central Service Cooperative. For all other risk, the County carries commercial insurance. There were no significant reductions in insurance from the prior year. The amount of settlements did not exceed insurance coverage for the past three fiscal years.

The Workers' Compensation Division of MCIT is self-sustaining based on the contributions charged, so that total contributions plus compounded earnings on these contributions will equal the amount needed to satisfy claims liabilities and other expenses. MCIT participates in the Workers' Compensation Reinsurance Association with coverage at \$490,000 per claim in 2015 and \$500,000 in 2016. Should the MCIT Workers' Compensation Division liabilities exceed assets, MCIT may assess the County in a method and amount to be determined by MCIT.

The Property and Casualty Division of MCIT is self-sustaining, and the County pays an annual premium to cover current and future losses. MCIT carries reinsurance for its property lines to protect against catastrophic losses. Should the MCIT Property and Casualty Division liabilities exceed assets, MCIT may assess the County in a method and amount to be determined by MCIT.

The Hospital is covered by professional liability insurance on a claims-made basis. Individual and aggregate claims coverage is \$1,000,000 and \$3,000,000, respectively. Hospital management is of the opinion that insurance coverage is adequate to cover anticipated losses, if any. Settled claims have not exceeded commercial coverage in any of the past three years.

7. Summary of Significant Contingencies and Other Items

A. Contingent Liabilities

Amounts received or receivable from grant agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of the expenditures that may be disallowed by the grantor cannot be determined at this time, although the County expects such amounts, if any, to be immaterial.

7. Summary of Significant Contingencies and Other Items

A. Contingent Liabilities (Continued)

The County is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, in the opinion of the County Attorney, the resolution of these matters will not have a material adverse effect on the financial condition of the County.

The Hospital is involved in various claims, litigations and judgments. Hospital management believes the ultimate resolution of these matters will not have an adverse effect on the financial position of the Hospital.

Southwestern Minnesota Adult Mental Health Consortium Board

In November 1997, the Southwestern Minnesota Adult Mental Health Consortium Board was created under the authority of Minn. Stat. § 471.59. Presently its members include Big Stone, Chippewa, Cottonwood, Jackson, Kandiyohi, Lac qui Parle, McLeod, Meeker, Nobles, Renville, Swift, and Yellow Medicine Counties; and Southwest Health and Human Services representing Lincoln, Lyon, Murray, Pipestone, Redwood, and Rock Counties. The Board is headquartered in Windom, Minnesota, where Cottonwood County acts as fiscal host.

The Board shall take actions and enter into such agreements as necessary to plan and develop within the Southwestern Minnesota Adult Mental Health Consortium Board's geographic jurisdiction, a system of care that serves the needs of adults with serious and persistent mental illness. The governing board is composed of one Board member from each of the participating counties. Financing is provided by state proceeds or appropriations for the development of the system of care.

The joint venture is financed primarily from state and federal grants. McLeod County is the fiscal agent. Current financial statements are available from the McLeod County Auditor-Treasurer's Office, 2391 Hennepin Avenue N., Glencoe, Minnesota 55336.

PrimeWest Rural Minnesota Health Care Access Initiative

The PrimeWest Central County-Based Purchasing Initiative (since renamed PrimeWest Rural Minnesota Health Care Access Initiative) was established in December 1998 by a joint powers agreement with Big Stone, Douglas, Grant, McLeod, Meeker, Pipestone, Pope, Renville, Stevens, and Traverse Counties under the authority of Minn. Stat. § 471.59. Beltrami, Clearwater, and Hubbard Counties were later added to the PrimeWest Rural Minnesota Health Care Access Initiative. Pipestone County has since joined Southwest Health and Human Services for public health and human services functions. The partnership is organized to directly purchase health care services for county residents who are eligible for Medical Assistance and General Assistance Medical Care as authorized by Minn. Stat. § 256B.692. County-based purchasing is the local control alternative favored for improved coordination of services to prepaid Medical Assistance programs in complying with Minnesota Department of Health requirements as set forth in Minn. Stat. chs. 62D and 62N. In 2015, Meeker County contributed \$34,144 to the Initiative.

Control of the PrimeWest Rural Minnesota Health Care Access Initiative is vested in a Joint Powers Board, composed of two Commissioners from each member county (one active and one alternate). Each member of the Joint Powers Board is appointed by the County Commissioners of the county he or she represents.

In the event of termination of the joint powers agreement, all assets owned pursuant to this agreement shall be sold, and the proceeds, together with monies on hand, will be distributed to the current members based on their proportional share of each member's county-based purchasing eligible population.

Crow River Joint Powers Agreement

In April 1999, the County entered into a joint powers agreement with Carver, Hennepin, Kandiyohi, McLeod, Meeker, Pope, Renville, Sibley, Stearns, and Wright Counties, creating the Crow River Joint Powers Agreement. The Agreement is authorized by Minn. Stat. §§ 103B.311 and 103B.315. The Prairie County Resource Conservation and Development Council is the fiscal agent for this joint powers agreement.

The Board of Directors meets at least two times per year, or more often if needed, at the location to be set by the chair of the Joint Powers Board. The purpose of this agreement is the joint exercise of powers by the counties to promote the orderly water quality improvement and management of the Crow River Watershed through information sharing, education, coordination, and related support to the member counties by assisting in the implementation and goal achievement of comprehensive water plans.

The governing board is composed of one Board member from each of the participating counties. Financing is provided by state proceeds. Current financial statements are not available.

Central Minnesota Diagnostics, Inc.

The Meeker Memorial Hospital and other hospitals (all unrelated parties to the Hospital) formed a nonprofit corporation known as Central Minnesota Diagnostics, Inc. (CMDI). CMDI was organized to provide certain agreed-upon shared services to those hospitals who are members of this corporation. CMDI operates as a nonprofit cooperative and allocates income to its member hospitals based on the services the member hospitals purchase from CMDI. The Hospital records its investment in CMDI on the equity method of accounting, which approximates the Hospital's equity in the underlying book value of CMDI.

Putting All Communities Together for Families Collaborative

Putting All Communities Together for Families Collaborative (PACT) was established in 1996 by a joint powers agreement among Kandiyohi, Meeker, Renville, and Yellow Medicine Counties. Effective January 1, 2011, an additional joint powers agreement was entered into to add McLeod County as a fifth county partner to PACT. As a result, the name was changed from PACT 4 Families Collaborative to PACT for Families Collaborative. The joint powers agreements were established to provide coordinated

services to children and families. Meeker County has no operational or financial control over the Collaborative. In 2015, Meeker County contributed \$35,180 to the Collaborative.

A county may withdraw from PACT by giving a 30-day written notice to PACT; however, the contribution will remain in the integrated fund for the implementation period. In the event of termination, any property acquired as a result of the agreement and any surplus monies on hand shall be distributed to the parties of this agreement in proportion to their contributions.

Management of PACT is vested in an Executive Board composed of nine members representing all counties. The Board includes an administrative representative of social services, public health services, community corrections, school districts, two parents (one parent of a child diagnosed with a serious emotional disturbance), and three members at large, one of whom has a mental health background. The Board appoints a fiscal agent to handle and be responsible for safekeeping the funds of PACT.

Renville County Human Services has acted as fiscal agent for PACT since January 1, 2006.

Coordinated Enforcement Effort (CEE) VI Task Force

The Coordinated Enforcement Effort (CEE) VI Task Force was established under the authority of the Joint Powers Act, pursuant to Minn. Stat. § 471.59, and includes Chippewa, Kandiyohi, Meeker, Swift, and Yellow Medicine Counties and the Cities of Appleton, Benson, Clara, Cosmos, Granite Falls, Litchfield, Montevideo, and Willmar.

Control of the Task Force is vested in a Board of Directors comprised of 13 members. The Board consists of the department heads or a designee from each participating full-time member agency.

The Task Force was established to receive and expend federal, state, and local grants and other related funds for the purpose of investigation of burglary, theft, narcotics, stolen property, and crimes of violence. Meeker County has no operational or financial control over the CEE VI Task Force. During the year, Meeker County contributed \$106,347 in funds to the Task Force.

Pioneerland Regional Library System

Meeker County, along with 32 cities and 9 other counties, participates in the Pioneerland Library System in order to provide efficient and improved regional library service. The Pioneerland Library System is governed by the Pioneerland Library System Board, composed of 35 members appointed by member cities and counties. During the year, Meeker County contributed \$222,789 to the System.

Separate financial information can be obtained from the Pioneerland Regional Library System, 410 - 5th Street S.W., Willmar, Minnesota 56201.

Central Minnesota Jobs and Training Services, Inc.

Central Minnesota Jobs and Training Services, Inc., (CMJTS) is a nonprofit employment and training agency and a partner in the Minnesota WorkForce Center System. CMJTS is a joint venture established pursuant to Minn. Stat. ch. 268 and § 471.59, consisting of 11 counties in central Minnesota, including Chisago, Isanti, Kanabec, Kandiyohi, McLeod, Meeker, Mille Lacs, Pine, Renville, Sherburne, and Wright Counties, and is also a partner of Workforce Service Area 5.

CMJTS's mission is to match job seekers, youth, businesses, and those seeking training with the resources available to them. Funding is to be provided through block grants from the U.S. Department of Labor. One County Commissioner from each participating county is appointed to the Joint Powers Board. During 2015, Meeker County contributed \$159,953 to the CMJTS.

C. Subsequent Event

On July 12, 2016, the County Board declared a state of emergency after the tornado event.

On June 21, 2016, the County Board approved for the issuance and sale of Gross Revenue Hospital Facilities Refunding Notes (2016A and 2016B) not to exceed \$16,000,000 to refinance existing Gross Revenue Hospital Facilities Refunding Note 2007.

8. Discretely Presented Component Unit Disclosures

A. Summary of Significant Accounting Policies

In addition to those identified in Note 1, the County's discretely presented component units have the following significant accounting policies.

Reporting Entities

The Meeker County Economic Development Authority (EDA) is governed by a nine-member Board of Directors: two are County Commissioners, and seven are appointed by the Commissioners. Meeker County is obligated for the debt and any operating deficits of the EDA.

The Meeker County Housing and Redevelopment Authority (HRA) is governed by a six-member Board appointed by the County Commissioners. The HRA has a year-end of June 30, 2015. Meeker County is obligated for the debt and any operating deficits of the HRA.

Because of the significance of their financial relationship, Meeker County considers these entities major component units.

Measurement Focus and Basis of Accounting

The Meeker County EDA and the Meeker County HRA are discrete component units of Meeker County and are accounted for as proprietary fund types. The Meeker County EDA and the Meeker County HRA are reported using the economic resources measurement focus and accounted for on the accrual basis of accounting.

Financial information is presented as a discrete column in the statement of net position and statement of activities.

Restatement of Beginning Net Position

On the Meeker County EDA's Statement of Revenues, Expenses, and Changes in Net Position, the net position as of January 1, 2015, has been restated to reflect adjustments for an advance from primary government and advance from contributors.

Net Position, January 1, 2015, as previously reported	\$ (506,272)
Adjustment to increase advances from primary government and contributors	<u>(87,693)</u>
Net Position, January 1, 2015, as restated	<u>\$ (593,965)</u>

Cash and Cash Equivalents, Deposits, and Investments

All cash and investments of the Meeker County EDA are on deposit with the County and so are cash and cash equivalents for the purposes of cash flows. The EDA's investments consist of certificates of deposit which are not subject to custodial credit risk.

Cash of the Meeker County HRA is in the custody of the HRA. All checking, savings, certificates of deposit, and cash on hand are cash and cash equivalents. State statutes authorize the HRA to invest in obligations of the U.S. Treasury, agencies and instrumentalities, shares of investment companies whose only investments are in the aforementioned securities, obligations of the state or its municipalities, bankers' acceptances, future contracts, repurchase and reverse repurchase agreements, and commercial paper of the highest quality with a maturity of no longer than 270 days. All investments held by the HRA at December 31, 2015, were insured or registered, or securities held by the HRA agent in the HRA's name and, therefore, not subject to custodial credit risk.

The liability for compensated absences reported for the EDA in the financial statements consists of unpaid, accumulated paid time off. The liability has been calculated using the vesting method, in which leave amounts for employees who currently are eligible to receive termination payments receive such payments upon termination. Compensated absences are accrued when incurred.

Classification of Net Position

Net position in the government-wide statements for the Meeker County EDA and Meeker County HRA is classified in the following categories:

Net investment in capital assets - the amount of net position representing capital assets, net of accumulated depreciation, and reduced by outstanding debt attributed to the acquisition, construction, or improvement of the assets.

Restricted net position - the amount of net assets for which external restrictions have been imposed by creditors, grantors, contributors, or laws or regulations of other governments and restrictions imposed by law through constitutional provisions or enabling legislation.

C. Defined Benefit Pension Plans

1. Plan Description

All full-time and certain part-time employees of the Meeker County Economic Development Authority are covered by defined benefit pension plans administered by the Public Employees Retirement Association of Minnesota (PERA). PERA administers the General Employees Retirement Fund, which is a cost-sharing, multiple-employer retirement plan. The plan is established and administered in accordance with Minn. Stat. chs. 353 and 356. PERA's defined benefit pension plans are tax qualified plans under Section 401(a) of the Internal Revenue Code.

2. Contributions

The EDA's contributions for the General Employees Retirement Fund for the year ended December 31, 2015, were \$7,658. The contributions are equal to the contractually required contributions as set by state statute.

3. Pension Costs

At December 31, 2015, the EDA reported a liability of \$90,364 for its proportionate share of the General Employees Retirement Fund's net pension liability. The net pension liability was measured as of June 30, 2015, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The EDA's proportion of the net pension liability was based on the EDA's contributions received by PERA during the measurement period for employer payroll paid dates from July 1, 2014, through June 30, 2015, relative to the total employer contributions received from all of PERA's participating employers. At June 30, 2015, the Authority's proportion was 0.0017 percent. It was 0.0019 percent measured as of June 30, 2014. The EDA recognized pension expense of \$9,675 for its proportionate share of the General Employees Retirement Fund's pension expense.

C. Defined Benefit Pension Plans

3. Pension Costs (Continued)

The EDA reported its proportionate share of the General Employees Retirement Fund's deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual economic experience	\$ -	\$ 4,556
Difference between projected and actual investment earnings	8,554	-
Changes in proportion	-	7,029
Contributions paid to PERA subsequent to the measurement date	3,851	-
Total	\$ 12,405	\$ 11,585

The \$3,851 reported as deferred outflows of resources related to pensions resulting from contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended December 31, 2016. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended December 31	Pension Expense Amount
2016	\$ (1,723)
2017	(1,723)
2018	(1,723)
2019	2,138

C. Defined Benefit Pension Plans (Continued)

4. Pension Liability Sensitivity

The following presents the EDA's proportionate share of the net pension liability calculated using the discount rate of 7.9 percent based on the expected rate of return on investments of PERA, as well as what the EDA's proportionate share of the net pension liability would be if it were calculated using a discount rate 1.0 percentage point lower or 1.0 percentage point higher than the current discount rate:

	1% Decrease in Discount Rate (6.9%)	Discount Rate (7.9%)	1% Increase in Discount Rate (8.9%)
Proportionate share of the General Employees Retirement Fund net pension liability	\$ 142,084	\$ 90,364	\$ 47,651

Additional pension information regarding benefits provided, contributions, actuarial assumptions, discount rates, and pension plan fiduciary net position can be found in Note 4.A.

D. Subsequent Event

On July 11, 2016, a tornado caused damage to the EDA's townhouse complex located in Watkins, Minnesota.

**NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION
FOR THE YEAR ENDED DECEMBER 31, 2015**

1. Budgetary Information

Annual budgets are adopted on a basis consistent with generally accepted accounting principles for all major governmental funds and most nonmajor governmental funds. All appropriations lapse at year-end. On or before mid-August of each year, all departments submit requests for appropriations to the County Auditor so that a budget can be prepared. Before October 31, the proposed budget is presented to the County Board for review. The Board holds public hearings, and a final budget must be prepared and adopted no later than December 31.

The appropriated budget is prepared by fund, function, and department. Transfers of appropriations within a department and between departments require approval of the County Board. The legal level of budgetary control--the level at which expenditures may not legally exceed appropriation--is the departmental level. The Board made no supplemental budgetary appropriations throughout the year.

2. Excess of Expenditures Over Budget

The following funds and departments had expenditures in excess of budget for the year ended December 31, 2015:

NONMAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

The special revenue funds are used to account for the proceeds of specific revenue sources that are legally or administratively used for specified purposes. The Ditch Fund, the Septic System Loan Program Fund, the Forfeit Property Fund, the Sheriff's Contingent Fund, and the Revolving Loan Fund do not have legally adopted budgets.

The County Parks Fund accounts for funds used to maintain the County's parks. Financing is provided by transfers from the General Fund, intergovernmental grants, and the rental of facilities.

The Regional Library Fund accounts for the County's contribution to the Crow River Regional Library. Financing is provided by property taxes authorized by the County Board.

The County Nurse Fund accounts for funds used by the County Nurse. Financing is provided by transfers from the General Fund, intergovernmental grants, and charges for services.

The Ditch Fund accounts for funds used to maintain County ditches. Financing is provided by special assessments against the benefited properties.

The Transfer Station Fund accounts for the construction and operation of the County's solid waste transfer station facility. Financing is provided by transfers from the General Fund and charges for services.

The Family Services Building Fund accounts for the revenues and expenditures associated with the County's Family Services Building.

The Septic System Loan Program Fund accounts for activity associated with the Lake Minnie Belle Restoration Clean Water Partnership Project. Financing is provided by a loan from the State of Minnesota.

The Forfeit Property Fund accounts for the revenues and expenditures associated with tax-forfeited property. Financing is provided by County Board authorization and the sale of property.

**NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
FOR THE YEAR ENDED DECEMBER 31, 2015**

1. Reporting Entity

The Schedule of Expenditures of Federal Awards presents the activities of federal award programs expended by Meeker County. The County's reporting entity is defined in Note 1 to the financial statements. Meeker County's financial statements include the operations of the Meeker County Housing and Redevelopment Authority component unit, which expended \$247,940 in federal awards during the year ended June 30, 2015, which are not included in the Schedule of Expenditures of Federal Awards because it was audited by other auditors.

2. Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards includes the federal grant activity of Meeker County under programs of the federal government for the year ended December 31, 2015. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the schedule presents only a selected portion of the operations of Meeker County, it is not intended to and does not present the financial position, changes in net position, or cash flows of Meeker County.

3. Summary of Significant Accounting Policies

Expenditures reported on the schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following, as applicable, either the cost principles contained in OMB Circular A-87, *Cost Principles for State, Local and Indian Tribal Governments*, or the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Meeker County has elected not to use the 10 percent de minimis indirect cost rate allowed under the Uniform Guidance.

II. FINDINGS RELATED TO FINANCIAL STATEMENTS AUDITED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

INTERNAL CONTROL

PREVIOUSLY REPORTED ITEM NOT RESOLVED

Finding 1996-002

Segregation of Duties

Criteria: A good system of internal control provides for adequate segregation of duties so that no one individual handles a transaction from its inception to completion.

Condition: Several of Meeker County's departments that collect fees and record financial transactions lack proper segregation of duties. These departments generally have one staff person who is responsible for billing, collecting, recording, as well as depositing receipts.

Context: Due to the limited number of office personnel within Meeker County, segregation of the accounting functions necessary to ensure adequate internal accounting control is not possible. This is not unusual in operations the size of Meeker County; however, the County's management should constantly be aware of this condition and realize that the concentration of duties and responsibilities in a limited number of individuals is not desirable from an accounting point of view.

Effect: Inadequate segregation of duties could adversely affect the County's ability to detect misstatements to the financial statements in a timely period by employees in the normal course of performing their assigned functions.

Cause: The County informed us that, due to the available resources, it would not be able to hire additional qualified accounting staff to segregate duties in every department.

Recommendation: We recommend that the County's elected officials and management be aware of the lack of segregation of duties to the accounting functions and, where possible, implement oversight procedures to ensure that the internal control policies and procedures are implemented by staff to the extent possible.

Client's Response:

Meeker County's management is aware that various County offices may lack segregation of accounting duties and responsibilities. The County continues to evaluate to ensure segregation of duties is in place as much as possible and feasible with the staffing available.

PREVIOUSLY REPORTED ITEMS RESOLVED

Accounting Policies and Procedures (2006-001)

The County previously did not have Board-approved written procedures covering receipt and deposit of funds, approval and payment of bills, payroll activities, accounting for the inventory process, and annual financial reporting.

Resolution

On December 1, 2015, the County Board adopted a comprehensive accounting policies and procedures manual.

Approval of Disbursements (2013-001)

During internal control testing in prior year, we noted 12 out of 25 Social Services disbursements tested did not have documentation to indicate that they were reviewed and approved by a supervisor or the Director in the Social Services Department.

Resolution

Items tested in the current year had documentation of review and approval.

Audit Adjustment (2014-001)

During the prior year audit, material adjustments were identified that resulted in significant changes to Meeker County's financial statements.

Resolution

Material adjustments were not identified in the current year.

III. FINDINGS AND QUESTIONED COSTS FOR FEDERAL AWARD PROGRAMS

PREVIOUSLY REPORTED ITEMS RESOLVED

**Supervisory Review Over Eligibility (CFDA Nos. 93.558 and 93.778)
(2012-003)**

In the prior year, during our testing of controls over the Medical Assistance Program and Temporary Assistance for Needy Families case files, we noted the County had no documented review process of case files by a supervisor.

Resolution

Documentation of case file reviews is maintained by a supervisor for reviews performed during 2015.

**Activities Allowed or Unallowed and Allowable Costs/Cost Principles -
Approval of Disbursements (CFDA Nos. 93.563 and 93.778) (2013-002)**

During prior year internal control testing, we noted 17 out of 41 disbursements tested did not have documentation to indicate that they were reviewed and approved by a supervisor or the Director in the Social Services Department.

Resolution

Items tested in the current year had documentation of review and approval.

IV. OTHER FINDINGS AND RECOMMENDATIONS

A. MINNESOTA LEGAL COMPLIANCE

PREVIOUSLY REPORTED ITEM NOT RESOLVED

Finding 1996-001

Ditch Special Revenue Fund - Cash and Equity Balances

Criteria: As stated in Minn. Stat. § 385.04, in part, “. . . every warrant shall be paid only from the cash on hand in the fund from which it may be properly payable.” As allowed by Minn. Stat. § 103E.655, subd. 2, loans may be made from ditch systems with surplus funds or from the General Fund to a ditch with insufficient cash to pay expenditures. The loan must be repaid with interest. Also, a fund balance to be used for repairs may be established under Minn. Stat. § 103E.735, subd. 1, for any drainage system, not to exceed 20 percent of the assessed benefits of the ditch system or \$100,000, whichever is larger.

Condition: Eleven of the 57 individual drainage systems had deficit cash balances totaling \$8,808, an increase of \$399 from the \$8,409 deficit reported in the prior year. Ten of the 57 individual drainage systems had deficit equity balances totaling \$17,671, an increase of \$13,862 from the \$3,809 deficit reported in the prior year.

Context: If the County transfers money from one account or fund to a drainage system account, the money plus accrued interest must be reimbursed from the proceeds of the drainage system that received the transfer.

Effect: Allowing a ditch system to maintain a deficit cash balance, in effect, constitutes an interest-free loan from other County funds and, as such, is in noncompliance with Minnesota law.

Cause: Ditch expenditures were necessary; the ditch levies were not sufficient, and no additional loans were formally made between ditches or other County funds.

Recommendation: We recommend the County continue its efforts in eliminating the ditch system cash and equity deficits by borrowing from an eligible fund with a surplus cash balance, as it has done for other ditch systems, and by levying assessments pursuant to Minn. Stat. § 103E.735, subd. 1, which permits an accumulation of a surplus balance to provide for the repair and maintenance costs of a ditch system.

Client's Response:

Management is aware of the provision in Minn. Stat. § 103E.735 to establish repair fund balances. Meeker County analyzes the individual ditch accounts monthly and, annually in November, landowner assessments are determined. The County continues to be more aggressive to accumulate a surplus balance to provide for repair and maintenance costs of the ditch systems.

PREVIOUSLY REPORTED ITEM RESOLVED

Prompt Payment of Invoices (2013-004)

During testing in the prior year, 6 of 25 Social Services invoices tested for compliance with this statute were not paid within 35 days.

Resolution

Items tested in the current year were paid within the required 35 days.

B. OTHER MATTER

PREVIOUSLY REPORTED ITEM NOT RESOLVED

Finding 2013-003

Eligibility Testing

Program: U.S. Department of Health and Human Services' Medical Assistance Program (CFDA No. 93.778)

Pass-Through Agency: Minnesota Department of Human Services

Criteria: Title 2 U.S. *Code of Federal Regulations* § 200.303 states that the auditee must establish and maintain effective internal control over the federal award that provides reasonable assurance that the auditee is managing the federal award in compliance with federal statutes, regulations, and the terms and conditions of the federal award.

Condition: The state maintains the computer system, MAXIS, which is used by the County to support the eligibility determination process. Documentation was not available to support all participant eligibility requirements. A sample of 15 case files were tested; in one case file, assets listed in the application were not verified, nor was the asset information input into MAXIS.

Questioned Costs: Not applicable. The County administers the program, but benefits to participants in this program are paid by the State of Minnesota.

Context: The State of Minnesota contracts with the County Social Services Department to perform the “intake function” (meeting with the social services recipient to determine income and categorical eligibility), while the state maintains MAXIS, which supports the eligibility determination process and actually pays the benefits to the participants.

Effect: The improper input of information into MAXIS increases the risk that clients will receive benefits when they are not eligible.

Cause: Program personnel entering case information into MAXIS did not ensure all required information was verified and entered.

Recommendation: We recommend the County implement additional procedures to provide reasonable assurance that all necessary documentation to support eligibility determinations is properly input into MAXIS. In addition, consideration should be given to providing additional training to program personnel.

Corrective Action Plan:

Name of Contact Person Responsible for Correction Action:

LoAnn Shepard

Corrective Action Planned:

- 1. Discussed the importance of verifying all information provided by the client, with a special emphasis on assets and previously reported information, with the worker responsible for this case.*
- 2. Discussed the above information with all staff at unit meeting held on August 14, 2016.*

3. *Will continue to emphasize the need to follow up, verify, and act on any discrepancies between information previously reported and current information reported by the client at the time of recertifications or other changes to the case, both with individual workers and at unit meetings.*
4. *Supervisor will perform monthly targeted audits of cases focusing on asset verification for all unit members, and will audit at least two cases of the responsible worker. Further corrective action and audits will be taken as warranted.*

Anticipated Completion Date:

1. *Completed. Worker acknowledges error and will be especially mindful of these program requirements. Worker understands that work will be under special scrutiny to ensure that appropriate verification and follow-up will occur, and that additional corrective actions will be taken as warranted by supervisory audit.*
2. *Completed.*
3. *On-going throughout the year.*
4. *On-going throughout the year.*

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Independent Auditor's Report

Board of County Commissioners
Meeker County
Litchfield, Minnesota

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Meeker County, Minnesota, as of and for the year ended December 31, 2015, including the Meeker County Housing and Redevelopment Authority as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated August 17, 2016. Our report includes a reference to other auditors who audited the financial statements of the Meeker Memorial Hospital, an enterprise fund of Meeker County, and the Meeker County Housing and Redevelopment Authority, a discretely presented component unit of Meeker County, as described in our report on the County's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors. The financial statements of the Meeker Memorial Hospital were not audited in accordance with *Government Auditing Standards*. The results of our testing of the Meeker County Economic Development Authority component unit's internal control over financial reporting and on compliance and other matters are reported on separately within the Management and Compliance Section.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Meeker County's internal control over financial reporting to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over financial reporting.

A deficiency in internal control over financial reporting exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control over financial reporting such that there is a reasonable possibility that a material misstatement of the County's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or combination of deficiencies, in internal control over financial reporting that is less severe than a material weakness, yet important enough to merit the attention of those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit, we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. We did identify a deficiency in internal control over financial reporting, described in the accompanying Schedule of Findings and Questioned Costs as item 1996-002, that we consider to be a significant deficiency.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Meeker County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Minnesota Legal Compliance

The *Minnesota Legal Compliance Audit Guide for Counties*, promulgated by the State Auditor pursuant to Minn. Stat. § 6.65, contains seven categories of compliance to be tested in connection with the audit of the County's financial statements: contracting and bidding, deposits and investments, conflicts of interest, public indebtedness, claims and disbursements, miscellaneous provisions, and tax increment financing. Our audit considered all of the listed categories, except that we did not test for compliance with the provisions for tax increment financing because the County administers no tax increment financing districts.

In connection with our audit, nothing came to our attention that caused us to believe that Meeker County failed to comply with the provisions of the *Minnesota Legal Compliance Audit Guide for Counties*, except as described in the Schedule of Findings and Questioned Costs as item 1996-001. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the County's noncompliance with the above referenced provisions.

Other Matters

Also included in the Schedule of Findings and Questioned Costs is an unresolved other matter described as item 2013-003.

Meeker County's Response to Findings

Meeker County's responses to the internal control and legal compliance findings and to the other matter identified in our audit have been included in the Schedule of Findings and Questioned Costs. The County's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control over financial reporting, compliance, and the provisions of the *Minnesota Legal Compliance Audit Guide for Counties* and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control over financial reporting or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance. Accordingly, this communication is not suitable for any other purpose.

REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE

Independent Auditor's Report

Board of County Commissioners
Meeker County
Litchfield, Minnesota

Report on Compliance for the Major Federal Program

We have audited Meeker County's compliance with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Compliance Supplement* that could have a direct and material effect on the County's major federal program for the year ended December 31, 2015. Meeker County's major federal program is identified in the Summary of Auditor's Results section of the accompanying Schedule of Findings and Questioned Costs.

Meeker County's basic financial statements include the operations of the Meeker County Housing and Redevelopment Authority (HRA), a discretely presented component unit, which expended \$247,940 in federal awards during the year ended June 30, 2015, which are not included in the Schedule of Expenditures of Federal Awards. Our audit, described below, did not include the operations of the Meeker County HRA because it was audited by other auditors.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for Meeker County's major federal program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain

reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Meeker County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for the major federal program. However, our audit does not provide a legal determination of the County's compliance with those requirements.

Opinion on the Major Federal Program

In our opinion, Meeker County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended December 31, 2015.

Report on Internal Control Over Compliance

Management of Meeker County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with the types of requirements that could have a direct and material effect on the major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for the major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit the attention of those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Purpose of This Report

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Independent Auditor's Report

Economic Development Authority Board
Meeker County Economic Development Authority
Litchfield, Minnesota

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Meeker County, Minnesota, which include as supplementary information, the financial statements of the Meeker County Economic Development Authority (EDA), a discretely presented component unit, as of and for the year ended December 31, 2015, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated August 17, 2016.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the EDA's internal control over financial reporting to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the EDA's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the EDA's internal control over financial reporting.

A deficiency in internal control over financial reporting exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control over financial reporting such that there is a reasonable possibility that a material misstatement of the EDA's financial statements will not be prevented, or detected and corrected, on a timely basis. A

significant deficiency is a deficiency, or combination of deficiencies, in internal control over financial reporting that is less severe than a material weakness, yet important enough to merit the attention of those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit, we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the EDA's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Minnesota Legal Compliance

The *Minnesota Legal Compliance Audit Guide for Other Political Subdivisions*, promulgated by the State Auditor pursuant to Minn. Stat. § 6.65, contains seven categories of compliance to be tested in connection with the audit of the EDA's financial statements: contracting and bidding, deposits and investments, conflicts of interest, public indebtedness, claims and disbursements, miscellaneous provisions, and tax increment financing. Our audit considered all of the listed categories, except that we did not test for compliance with the provisions for contracting and bidding or tax increment financing because the EDA did not enter into any contracts that were subject to legal requirements as stipulated by Minnesota statutes and the EDA does not administer any tax increment financing districts. The testing of compliance with the provisions of the other categories was performed in conjunction with the audit of the financial statements of Meeker County.

In connection with our audit, nothing came to our attention that caused us to believe that the EDA failed to comply with the provisions of the *Minnesota Legal Compliance Audit Guide for Other Political Subdivisions*. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the EDA's noncompliance with the above referenced provisions.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control over financial reporting, compliance, and the provisions of the *Minnesota Legal Compliance Audit Guide for Other Political Subdivisions* and the results of that testing, and not to provide an opinion on the effectiveness of the EDA's internal control over financial reporting or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the EDA's internal control over financial reporting and compliance. Accordingly, this communication is not suitable for any other purpose.
