State of Minnesota

Julie Blaha State Auditor

Morrison County
(Including the Morrison County Rural
Development Finance Authority)
Little Falls, Minnesota

Year Ended December 31, 2019

Description of the Office of the State Auditor

The mission of the Office of the State Auditor is to oversee local government finances for Minnesota taxpayers by helping to ensure financial integrity and accountability in local governmental financial activities.

Through financial, compliance, and special audits, the State Auditor oversees and ensures that local government funds are used for the purposes intended by law and that local governments hold themselves to the highest standards of financial accountability.

The State Auditor performs approximately 100 financial and compliance audits per year and has oversight responsibilities for over 3,300 local units of government throughout the state. The office currently maintains five divisions:

Audit Practice – conducts financial and legal compliance audits of local governments;

Government Information – collects and analyzes financial information for cities, towns, counties, and special districts;

Legal/Special Investigations – provides legal analysis and counsel to the Office and responds to outside inquiries about Minnesota local government law; as well as investigates allegations of misfeasance, malfeasance, and nonfeasance in local government;

Pension – monitors investment, financial, and actuarial reporting for Minnesota's local public pension funds; and

Tax Increment Financing – promotes compliance and accountability in local governments' use of tax increment financing through financial and compliance audits.

The State Auditor serves on the State Executive Council, State Board of Investment, Land Exchange Board, Public Employees Retirement Association Board, Minnesota Housing Finance Agency, and the Rural Finance Authority Board.

(651) 296-2551 (Voice) (651) 296-4755 (Fax) state.auditor@state.mn.us (E-mail) 1-800-627-3529 (Relay Service)

INDEPENDENT AUDITOR'S REPORT

Board of County Commissioners Morrison County Little Falls, Minnesota

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Morrison County, Minnesota, as of and for the year ended December 31, 2019, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Housing and Redevelopment Authority (HRA) of Morrison County, a discretely presented component unit, which represents 3.1 percent, 0.9 percent, and 63.0 percent, respectively, of the assets, net position, and revenues of the aggregate discretely presented component units. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the HRA of Morrison County, is based solely on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the County's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our report and the report of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Morrison County as of December 31, 2019, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter - Subsequent Event

As discussed in Note 5.E. to the financial statements, subsequent to year-end, the World Health Organization declared a coronavirus (COVID-19) outbreak a pandemic. A reduction of County State Aid from state-collected gasoline tax revenue in calendar year 2021 is expected to occur. In addition, it is expected the County will experience an increase of grant revenues as a result of this pandemic. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and Required Supplementary Information as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Morrison County's basic financial statements. The Supplementary Information as listed in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements. The Supplementary Information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Supplementary Information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our reports dated September 10, 2020, on our consideration of Morrison County's and the Morrison County Rural Development Finance Authority (RDFA) component unit's internal control over financial reporting and on our tests of their compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of these reports is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's and the RDFA component unit's internal control over financial reporting or on compliance. The reports are an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Morrison County's and the Morrison County RDFA component unit's internal control over financial reporting and compliance. They do not include the HRA of Morrison County component unit, which was audited by other auditors.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The accompanying Schedule of Expenditures of Federal Awards (SEFA), as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance), is presented for purposes of additional analysis and is not a required part of the basic financial statements. The SEFA is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements

themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the SEFA is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

September 10, 2020

MANAGEMENT'S DISCUSSION AND ANALYSIS DECEMBER 31, 2019 (Unaudited)

This section of Morrison County's annual financial report presents our discussion and analysis of the County's financial performance during the fiscal year that ended on December 31, 2019. The Management's Discussion and Analysis (MD&A) is required supplementary information specified in the Governmental Accounting Standard Board's (GASB) Statement No. 34, Basic Financial Statements—and Management's Discussion and Analysis—for State and Local Governments, issued in June 1999. Certain comparative information between the current year, 2019, and the prior year, 2018, is required to be presented in the MD&A.

FINANCIAL HIGHLIGHTS

Key financial highlights for the 2019 fiscal year include the following:

- County-wide net position increased 6.67 percent over the prior year.
- Overall fund level revenues totaled \$52,323,064 and were \$7,053,053 less than expenditures.
- The General Fund's fund balance decreased \$613,376 from the prior year.

OVERVIEW OF THE FINANCIAL STATEMENTS

The financial section of the annual report consists of four parts: Independent Auditor's Report; required supplementary information, which includes the MD&A (this section), certain budgetary comparison schedules, and information on the County's other postemployment benefits (OPEB) and net pension liability; the basic financial statements; and supplementary information. The basic financial statements include two kinds of statements that present different views of the County:

- The first two statements are government-wide financial statements, which provide both short-term and long-term information about the County's overall financial status.
- The remaining statements are fund financial statements, which focus on individual parts of the County, reporting the County's operations in more detail than the government-wide statements.

- The governmental funds' statements tell how basic services, such as general government, human services, and highways and streets, were financed in the short term as well as what remains for future spending.
- Fiduciary funds' statements provide information about the financial relationships in which the County acts solely as a trustee or agent for the benefit of others to whom the resources belong.

The financial statements also include notes that explain some of the information in the statements and provide more detailed data.

Figure A-1 shows how the various parts of this annual report are arranged and related to one another.

Management's Basic Required Supplementary Discussion **Financial** Information Statements and Analysis Notes Government-Wide Financial Financial to the Statements Statements Financial Statements Detail **Summary**

Figure A-1 Annual Report Format

Figure A-2 summarizes the major features of the County's financial statements, including the portion of the County's activities they cover and the types of information they contain. The remainder of this overview section of the MD&A highlights the structure and contents of each of the statements.

Figure A-2. Major Features of the County's Government-Wide and Fund Financial Statements							
Type of Statements	Government-Wide	Governmental Funds	Fiduciary Funds				
Scope	Entire County's funds (except fiduciary funds) and the County's component units	The activities of the County that are not proprietary or fiduciary	Instances in which the County is the trustee or agent for someone else's resources				
Required financial statements	Statement of net position	Balance sheet	Statement of fiduciary net position				
	Statement of activities	Statement of revenues, expenditures, and changes in fund balances	Statement of changes in fiduciary net position				
Accounting basis and measurement focus	Full accrual accounting and economic resources focus	Modified accrual accounting and current financial resources focus	Full accrual accounting and economic resources focus				
Type of asset/liability information	All assets, deferred outflows of resources, liabilities, and deferred inflows of resources, both financial and capital, short-term and long-term	Only assets and deferred outflows of resources expected to be used up and liabilities and deferred inflows of resources that come due during the year or soon thereafter; no capital assets included	All assets, deferred outflows of resources, liabilities, and deferred inflows of resources, both short-term and long-term; agency funds do not currently contain capital assets, although they can				
Type of inflow/outflow information	All revenues and expenses during the year, regardless of when cash is received or paid	Revenues for which cash is received during or soon after the end of the year, and expenditures when goods or services have been received and payment is due during the year or soon thereafter	All additions and deductions during the year, regardless of when cash is received or paid				

Government-Wide Statements

The government-wide statements report information about the County as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes all of the County's assets, deferred outflows of resources, liabilities, and deferred inflows of resources. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two government-wide statements report the County's net position and how it has changed. Net position—the sum of the County's assets and deferred outflows of resources, less the sum of its liabilities and deferred inflows of resources—is one way to measure the County's financial health or position.

- Over time, increases or decreases in the County's net position are an indicator of whether its financial position is improving or deteriorating, respectively.
- To assess the overall health of the County, you need to consider additional nonfinancial factors, such as changes in the County's property tax base and the condition of County buildings and other facilities.

In the government-wide financial statements, the County's activities are shown in one category:

• Governmental activities – The County's basic services are included here. Property taxes and state aids finance most of these activities.

Fund Financial Statements

The fund financial statements provide more detailed information about the County's funds—focusing on its most significant or "major" funds—not the County as a whole. Funds are accounting devices the County uses to keep track of specific sources of funding and spending on particular programs:

- Some funds are required by state law and by bond covenants.
- The County establishes other funds to control and manage money for particular purposes (for example, repaying its long-term debts) or to show that it is properly using certain revenues (for example, federal grants).

The County has two kinds of funds:

• Governmental funds – The County's basic services are included in governmental funds, which generally focus on: (1) how cash and other financial assets that can readily be converted to cash flow in and out, and (2) the balances left at year-end that are available for spending. Consequently, the governmental funds' statements provide a detailed short-term view that helps to determine whether there are more or fewer financial resources that can be spent in the near future to finance the County's programs. Because this information does not encompass the additional long-term focus of the County-wide statements, both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to explain the relationship (or differences) between them.

• Fiduciary funds – The County is the fiscal agent, or fiduciary, for assets that belong to others. The County is responsible for ensuring that the assets reported in these funds are used only for their intended purposes and by those to whom the assets belong. All of the County's fiduciary activities are reported in a separate statement of fiduciary net position. We exclude these activities from the County-wide financial statements because the County cannot use these assets to finance its operations.

FINANCIAL ANALYSIS OF THE COUNTY AS A WHOLE

Net Position

The County's net position was \$132,021,812 on December 31, 2019. (See Table A-1.)

Net Position – Ending	\$	132,021,812	\$	123,768,135	

Total revenues were more than expenses, increasing net position \$8,253,677 over the prior year.

The County-wide cost of all governmental activities this year was \$45,010,719.

- Some of the cost was paid by the users of the County's programs (\$9,298,458).
- The federal and state governments subsidized certain programs with grants and contributions (\$19,503,550).
- The remaining County costs (\$16,208,711), however, were paid for by County taxpayers and the taxpayers of our state. This portion of governmental activities was paid for with \$18,523,668 in property taxes, \$1,948,325 in transportation tax, \$2,547,494 of state aid, and \$1,442,901 of investment earnings and other general revenues.

Total	\$ 45,010,719	\$ 45,125,874	(0.3)	\$ 16,208,711	\$ 20,301,370	(20.2)

FINANCIAL ANALYSIS OF THE COUNTY AT THE FUND LEVEL

The financial performance of the County as a whole is reflected in its governmental funds as well. As the County completed the year, its governmental funds reported a combined fund balance of \$34,720,248.

Revenues for the County's governmental funds were \$52,323,064, while total expenditures were \$59,376,117.

GENERAL FUND

The General Fund includes the primary operations of the County in providing services to citizens and some capital outlay projects. The following schedule presents a summary of General Fund revenues.

Table A-4 General Fund Revenues

					Change		
	Year Ended December 31		Increase		Percent		
Fund		2019		2018	(Decrease)	(%)
Taxes	\$	10,732,546	\$	10,661,046	\$	71,500	0.7
Intergovernmental		4,554,968		4,639,104		(84,136)	(1.8)
Charges for services		2,351,400		2,643,731		(292,331)	$(\hat{1}1.1)$
Investment income		686,467		427,634		258,833	60.5
Miscellaneous and other		742,316		811,344		(69,028)	(8.5)
Total General Fund Revenues	\$	19,067,697	\$	19,182,859	\$	(115,162)	(0.6)

Total General Fund revenues decreased by \$115,162, or 0.6 percent, from the previous year. The mix of property tax and state aid can change significantly from year to year without any net change in revenue. Charges for services decreased by \$292,331 in 2019. Interest on investments was up in 2019, partially offsetting the decrease in charges for services. Intergovernmental revenue decreased slightly, which is not unexpected due to the uncertainty of reimbursement rates and not receiving grants that are applied for from year to year.

The following schedule presents a summary of General Fund expenditures.

Table A-5 General Fund Expenditures

		V E- 4-41	3	L 21		Amount of	Percent (%)
		Year Ended I 2019	Jecem	2018	Increase (Decrease)		Increase (Decrease)
General government	\$	8,326,870	\$	6,816,954	\$	1,509,916	22.1
Public safety	Ф	7,584,402	Ф	7,269,617	Ф	314.785	4.3
Health		2,227,944		2,044,875		183,069	9.0
Culture and recreation		322,884		227,511		95,373	41.9
Conservation of natural resources		564,293		605,637		(41,344)	(6.8)
Economic development		52,650		47,650		5,000	10.5
Intergovernmental		502,030		506,952		(4,922)	(1.0)
Total Expenditures	\$	19,581,073	\$	17,519,196	\$	2,061,877	11.8

General Fund Budgetary Highlights

- Actual revenues were \$1,161,503 more than expected due, in part, to an increase in pass-through revenue and other grants. Charges for services also came in more than budgeted due to an improving economy, renting out more jail beds, and improving interest rates increasing interest income.
- The actual expenditures were \$589,592 more than budget. This is mainly due to the cash call for South Country Health Alliance.

DEBT SERVICE

An annual levy is made to fund the bond payments for all previous bond issues.

CAPITAL ASSETS

By the end of 2019, the County had invested over \$128.7 million in a broad range of capital assets, including buildings, computers, equipment, and infrastructure. (See Table A-6.) More detailed information about capital assets can be found in Note 3.A.3. to the financial statements. Total depreciation expense for the year was \$5,467,320.

Table A-6 Capital Assets

			Percent (%)
	 2019	 2018	Change
Land	\$ 4,506,709	\$ 4,167,100	8.1

closure/postclosure care		3,368,823		3,408,222	(1.2)
Total	\$	35,460,033	\$	36,182,500	(2.0)

FACTORS BEARING ON THE COUNTY'S FUTURE

The County is dependent on the State of Minnesota for a significant portion of its revenue and, as such, the health of the state is of utmost importance. With the pandemic hitting the country in 2020, it is anyone's guess what is going to happen to the State of Minnesota's finances as well as the finances of Morrison County. Interest rates have once again fallen, which will have an adverse effect on revenues in 2020. In 2019, the County again rented out jail beds to other counties with an increase in revenue, however, it looks like this revenue will be reduced significantly in 2020.

Unfunded mandates from the State of Minnesota continue to be a major concern to counties and with the onset of the pandemic, this may become even more of a problem. As the state pushes more costs down to the County, the property tax continues to be used to fund these programs that have not been funded with property tax dollars before. Maintaining current aid will hopefully slow down these unfunded mandates.

CONTACTING THE COUNTY'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, investors, and creditors with a general overview of the County's finances and to demonstrate the County's accountability for the money it receives. If you have questions about this report or need additional financial information, contact Steve Messerschmidt, Finance Director, at (320) 632-0131.

CONTACTING THE COUNTY'S DISCRETELY PRESENTED COMPONENT UNITS

The Morrison County Rural Development Finance Authority (RDFA) and the Housing and Redevelopment Authority (HRA) of Morrison County are component units of Morrison County and are reported in separate columns in the government-wide financial statements to emphasize that they are legally separate from Morrison County. Complete financial statements of the Morrison County RDFA can be obtained at 213 First Avenue Southeast, Little Falls, Minnesota 56345-3196. Complete financial statements of the HRA of Morrison County can be obtained by writing to the HRA of Morrison County, 304 Second Street Southeast, Little Falls, Minnesota 56345.

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES—GOVERNMENTAL ACTIVITIES FOR THE YEAR ENDED DECEMBER 31, 2019

Net change in fund balances – total governmental funds (Exhibit 5)		\$ (3,549,470)
Amounts reported for governmental activities in the statement of activities are different because:		
In the funds, under the modified accrual basis, receivables not available for expenditure are deferred. In the statement of activities, those revenues are recognized when earned. The adjustment to revenue between the fund statements and the statement of activities is the increase or decrease in unavailable revenue.		
Unavailable revenue – December 31 Unavailable revenue – January 1	\$ 6,419,508 (1,872,716)	4,546,792
Governmental funds report capital outlay as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. In the statement of activities, only the gain or loss on the disposal of capital assets is reported; whereas, in the governmental funds, the proceeds from the sale increase financial resources. Therefore, the change in net position differs from the change in fund balance by the net book value of the assets disposed of.		
Expenditures for general capital assets and infrastructure Net book value of capital asset disposals Current year depreciation	\$ 13,954,503 (1,366) (5,467,320)	8,485,817
The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of principal of long-term debt consumes current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, the governmental funds report the effect of premiums and discounts when debt is first issued; whereas, these amounts are deferred and amortized in the statement of activities.		
Current year bond proceeds Premium on bonds issued Principal repayments	\$ (3,285,000) (218,583)	
General obligation bonds	4,105,000	
Capital lease Current year amortization of premiums and discounts	196,812 16,865	815,094

NOTES TO THE FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED DECEMBER 31, 2019

1. Summary of Significant Accounting Policies

The County's financial statements are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) as of and for the year ended December 31, 2019. The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (statements and interpretations). The more significant accounting policies established in GAAP and used by the County are discussed below.

A. Financial Reporting Entity

Morrison County was established February 23, 1855, and is an organized county having the powers, duties, and privileges granted counties by Minn. Stat. ch. 373. As required by GAAP, these financial statements present Morrison County (the primary government) and its component units for which the County is financially accountable. The County is governed by a five-member Board of Commissioners elected from districts within the County. The Board is organized with a chair and vice chair elected at the annual meeting in January of each year. The County Administrator, who is appointed by the County Board, serves as its clerk.

Discretely Presented Component Units

The Morrison County Rural Development Finance Authority (RDFA) is a component unit of Morrison County and is reported in a separate column in the government-wide financial statements to emphasize that the RDFA is legally separate from Morrison County. The RDFA was established to promote economic development in rural areas in Morrison County. The RDFA's Board of Commissioners consists of seven members: two are Morrison County Commissioners, two are City of Little Falls Council members, two are appointed by the County Board of Commissioners, and one is appointed by the Little Falls City Council. The RDFA is reported as a component unit of the County because the County can significantly influence the operations of the RDFA.

The Housing and Redevelopment Authority (HRA) of Morrison County is a component unit of Morrison County and is reported in a separate column in the County's government-wide financial statements to emphasize that the HRA is legally separate from Morrison County. The HRA operates as a local government unit for the purpose of

1. Summary of Significant Accounting Policies

A. Financial Reporting Entity

<u>Discretely Presented Component Units</u> (Continued)

providing housing and redevelopment services to Morrison County. The governing board consists of a five-member Board appointed by the Morrison County Commissioners. Although it is legally separate from the County, the activity is included as a discrete component unit because the County appoints the members and a financial burden exists. The financial statements included are as of and for the year ended December 31, 2019.

Complete financial statements of the HRA of Morrison County can be obtained by writing to the Housing and Redevelopment Authority of Morrison County, 304 Second Street Southeast, Little Falls, Minnesota 56345.

Joint Ventures and Jointly-Governed Organizations

The County participates in several joint ventures, which are described in Note 5.B. The County also participates in jointly-governed organizations, which are described in Note 5.C.

B. Basic Financial Statements

1. Government-Wide Statements

The government-wide financial statements (the statement of net position and the statement of activities) display information about the primary government and its component units. These statements include the financial activities of the overall County government, except for fiduciary activities. Eliminations have been made to minimize the double counting of internal activities. Governmental activities, which normally are supported by taxes and intergovernmental revenue, are reported in a single column.

In the government-wide statement of net position, the governmental activities column: (a) is presented on a consolidated basis; and (b) is reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The County's net position is reported in

1. Summary of Significant Accounting Policies

B. Basic Financial Statements

1. <u>Government-Wide Statements</u> (Continued)

three parts: (1) net investment in capital assets, (2) restricted net position, and (3) unrestricted net position. The County first utilizes restricted resources to finance qualifying activities.

The statement of activities demonstrates the degree to which the direct expenses of each function of the County's governmental activities are offset by program revenues. Direct expenses are those clearly identifiable with a specific function or activity. Program revenues include: (1) fees, fines, and charges paid by the recipients of goods, services, or privileges provided by a given function or activity; and (2) grants and contributions restricted to meeting the operational or capital requirements of a particular function or activity. Revenues not classified as program revenues, including all taxes, are presented as general revenues.

2. Fund Financial Statements

The fund financial statements provide information about the County's funds, including its fiduciary funds. Separate statements for each fund category—governmental and fiduciary—are presented. The emphasis of governmental fund financial statements is on major individual governmental funds, with each displayed as separate columns in the fund financial statements.

The County reports the following major governmental funds:

The <u>General Fund</u> is the County's primary operating fund. It accounts for all financial resources of the general government, except those accounted for in another fund.

The <u>Road and Bridge Special Revenue Fund</u> is used to account for revenues and expenditures of the County Highway Department, which is responsible for the construction and maintenance of roads, bridges, and other projects affecting County roadways.

The <u>Social Services Special Revenue Fund</u> is used to account for economic assistance and community social services programs.

1. Summary of Significant Accounting Policies

B. Basic Financial Statements

2. <u>Fund Financial Statements</u> (Continued)

The <u>Solid Waste Special Revenue Fund</u> is used to account for all funds to be used for solid waste. Financing comes primarily from fees.

The <u>Debt Service Fund</u> is used to account for the accumulation of resources for, and the payments of, principal, interest, and related costs of the County's long-term bonds.

The <u>Capital Projects Fund</u> is used to account for the financial resources to be used for renovation of the Government Center complex.

Additionally, the County reports the following fund type:

Agency funds are custodial in nature and do not present results of operations or have a measurement focus. These funds account for assets that the County holds for others in an agent capacity.

C. Measurement Focus and Basis of Accounting

The government-wide and fiduciary fund financial statements are reported using the economic resources measurement focus and the full accrual basis of accounting. Revenues are recorded when earned, and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Morrison County considers all revenues as available if collected within 60 days after the end of the current period. Property and other taxes, licenses, and interest are all considered susceptible to accrual. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on long-term debt, compensated absences, and claims and judgments, which are recognized as expenditures to the extent that they have matured. Proceeds of long-term debt and acquisitions under capital leases are reported as other financing sources.

1. Summary of Significant Accounting Policies

C. Measurement Focus and Basis of Accounting (Continued)

When both restricted and unrestricted resources are available for use, it is the County's policy to use restricted resources first and then unrestricted resources as needed.

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position or Equity

1. Deposits and Investments

The cash balances of substantially all funds are pooled and invested by the County Auditor-Treasurer for the purpose of increasing earnings through investment activities. Pooled and fund investments are reported at their fair value at December 31, 2019. A market approach is used to value all investments other than external investment pools, which are measured at the net asset value. Pursuant to Minn. Stat. § 385.07, investment earnings on cash and pooled investments of governmental and fiduciary funds are credited to the General Fund. Other funds received investment earnings based on other state statutes, grant agreements, contracts, and bond covenants. Pooled investment earnings for 2019 were \$686,467.

Morrison County invests in an external investment pool, the Minnesota Association of Governments Investing for Counties (MAGIC) Fund, which is created under a joint powers agreement pursuant to Minn. Stat. § 471.59. The investment in the pool is measured at the net asset value per share provided by the pool.

2. Receivables and Payables

Activity between funds representative of lending/borrowing arrangements outstanding at the end of the fiscal year is referred to as either "due to/from other funds" (the current portion of interfund loans) or "advances to/from other funds" (the noncurrent portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds."

Accounts receivable are shown net of an allowance for doubtful accounts.

1. Summary of Significant Accounting Policies

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position or Equity

2. <u>Receivables and Payables</u> (Continued)

Property Taxes

Property taxes are levied as of January 1 on property values assessed as of the same date. The tax levy notice is mailed in March with the first half payment due May 15 and the second half payment due October 15. Unpaid taxes at December 31 become liens on the respective property and are classified in the financial statements as delinquent taxes receivable.

Taxes receivable consist of uncollected taxes payable in the years 2013 through 2019. Taxes receivable are offset by unavailable revenue for the amount not collectible within 60 days of December 31 to indicate they are not available to pay current expenditures. No provision has been made for an estimated uncollectible amount.

Special Assessments

Special assessments receivable consist of delinquent special assessments payable in the years 2013 through 2019, and noncurrent special assessments payable in 2020 and after. No provision has been made for an estimated uncollectible amount.

Loans

Loans may be made to private enterprises or individuals as per the parameters of the specific programs. The Rural Development Finance Authority component unit provides loans to promote business expansion in the area. Loans receivable are reported as an asset in the amount of loan proceeds, less collections on principal. An allowance for uncollectible loans, which offsets the total gross loans receivable, is recognized for the amount of loans receivable for which collection is doubtful or questionable. This allowance is based on management's expectation for collectability. Interest earned on the loans is recognized as revenue.

1. <u>Summary of Significant Accounting Policies</u>

D. <u>Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position or Equity</u> (Continued)

3. Inventories

All inventories are valued at cost using the first-in/first-out method. The inventories in governmental funds are recorded as expenditures when purchased rather than when consumed. Reported inventories are equally offset by nonspendable fund balance to indicate that they do not constitute available spendable resources. Inventories at the government-wide level are recorded as expenses when consumed.

4. <u>Capital Assets</u>

Capital assets, which include property, plant, equipment, and infrastructure assets (for example, roads, bridges, sidewalks, and similar items), are reported in the government-wide financial statements. The County defines capital assets as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed.

Donated capital assets are recorded at acquisition value (entry price) at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Property, plant, and equipment of the County are depreciated using the straight-line method over the following estimated useful lives:

Assets	Years
Buildings	25 to 50
Building improvements Public domain infrastructure	40 50 to 75
Furniture, equipment, and vehicles	5 to 25

1. Summary of Significant Accounting Policies

D. <u>Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position or Equity</u> (Continued)

5. Compensated Absences

The liability for compensated absences reported in the financial statements consists of unpaid, accumulated annual vacation and sick leave balances. The liability has been calculated using the vesting method, in which leave amounts for both employees who currently are eligible to receive termination payments and other employees who are expected to become eligible in the future to receive such payments upon termination are included. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements. Compensated absences are accrued when incurred in the government-wide financial statements.

The government-wide statement of net position reports both current and noncurrent portions of compensated absences. The current portion consists of an amount based on a trend analysis of current usage of vacation and sick leave. The noncurrent portion consists of the remaining amount of vacation and sick leave. The compensated absences liability is primarily liquidated by the General Fund and the Road and Bridge and Social Services Special Revenue Funds.

6. Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are expensed entirely in the year the debt was issued.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of the debt issued is reported as an other financing source. Premiums received on debt issuances are reported as other financing sources, while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

1. Summary of Significant Accounting Policies

D. <u>Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position or Equity</u> (Continued)

7. Deferred Outflows/Inflows of Resources and Unearned Revenue

In addition to assets, the statement of financial position reports a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and will not be recognized as an outflow of resources (expense/expenditure) until then. The County reports deferred outflows of resources only under the full accrual basis of accounting associated with pension plans and other postemployment benefits (OPEB) and, accordingly, are reported only in the statement of net position.

In addition to liabilities, the statement of financial position reports a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and will not be recognized as an inflow of resources (revenue) until that time. Currently, the County has three types of deferred inflows. The governmental funds report unavailable revenue from delinquent taxes receivable, delinquent and noncurrent special assessments receivable, and grants receivable for amounts that are not considered to be available to liquidate liabilities of the current period. Unavailable revenue arises only under the modified accrual basis of accounting and, accordingly, is reported only in the governmental funds balance sheet. The unavailable revenue amount is deferred and recognized as an inflow of resources in the period that the amount becomes available. The County also reports deferred pension and deferred OPEB inflows. These inflows arise only under the full accrual basis of accounting and, accordingly, are reported only in the statement of net position.

Governmental funds and government-wide financial statements report unearned revenue in connection with resources that have been received, but not yet earned.

8. Pension Plan

For purposes of measuring the net pension liability, deferred outflows/inflows of resources, and pension expense, information about the fiduciary net position of the Public Employees Retirement Association (PERA) and additions to/deductions from

1. Summary of Significant Accounting Policies

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position or Equity

8. Pension Plan (Continued)

PERA's fiduciary net position have been determined on the same basis as they are reported by PERA, except that PERA's fiscal year-end is June 30. For this purpose, plan contributions are recognized as of employer payroll paid dates and benefit payments and refunds are recognized when due and payable in accordance with the benefit terms. Plan investments are reported at fair value. The net pension liability is liquidated primarily by the General Fund and the Road and Bridge and Social Services Special Revenue Funds.

9. Classification of Net Position

Net position in the government-wide financial statements is classified in the following categories:

<u>Net investment in capital assets</u> – the amount of net position representing capital assets, net of accumulated depreciation, and reduced by outstanding debt attributed to the acquisition, construction, or improvement of the assets.

<u>Restricted net position</u> – the amount of net position for which external restrictions have been imposed by creditors, grantors, contributors, or laws or regulations of other governments and restrictions imposed by law through constitutional provisions or enabling legislation.

<u>Unrestricted net position</u> – the amount of net position that does not meet the definition of restricted or net investment in capital assets.

10. Classification of Fund Balances

In the fund financial statements, fund balance is divided into five classifications based primarily on the extent to which the County is bound to observe constraints imposed upon the use of the resources reported in governmental funds. These classifications are as follows:

1. Summary of Significant Accounting Policies

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position or Equity

10. <u>Classification of Fund Balances</u> (Continued)

<u>Nonspendable</u> is the amount of fund balance that cannot be spent because it is either not in spendable form or is legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash.

<u>Restricted</u> is the amount of fund balance subject to external constraints imposed by creditors (such as through debt covenants), grantors, contributors, laws or regulations of other governments, or constraints imposed by law through constitutional provisions or enabling legislation.

<u>Committed</u> is the amount of fund balance that can only be used for the specific purposes imposed by formal action (resolution) of the County Board. Those committed amounts cannot be used for any other purpose unless the Board removes or changes the specified use by taking the same type of action (resolution) it employed to previously commit those amounts.

Assigned is the amount of fund balance the County intends to use for specific purposes that does not meet the criteria to be classified as "restricted" or "committed." In governmental funds other than the General Fund, assigned fund balance represents the remaining amount not restricted or committed. In the General Fund, assigned amounts represent intended uses established by the County Board. The County Board has also adopted a fund balance policy that delegates authority to assign fund balance to the County Administrator and the Accounting and Finance Manager.

<u>Unassigned</u> is the residual classification for the General Fund and includes all spendable amounts not contained in the other fund balance classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance resulting from overspending for specific purposes for which amounts had been restricted, committed, or assigned.

Further detail on fund balance classifications is available in Note 3.D.

1. Summary of Significant Accounting Policies

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position or Equity

10. <u>Classification of Fund Balances</u> (Continued)

The County applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance amounts, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

The County has adopted a minimum fund balance policy for the General Fund, the Road and Bridge and Social Services Special Revenue Funds, and the Debt Service Fund, as follows:

<u>General Fund</u> – the County is to maintain a spendable, unassigned portion of fund balance in a range equal to 20 to 50 percent of the current year's General Fund operating expenditures.

Road and Bridge and Social Services Special Revenue Funds – the County is to maintain spendable, assigned portions of fund balance in a range equal to 20 to 50 percent of the subsequent year's budgeted expenditures.

<u>Debt Service Fund</u> – the County is to maintain a spendable, restricted portion of fund balance equal to the subsequent year's debt service payments.

11. <u>Use of Estimates</u>

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities, and deferred inflows of resources; and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

2. Stewardship, Compliance, and Accountability

Excess of Expenditures Over Budget

The following nonmajor governmental fund had expenditures in excess of budget for the year ended December 31, 2019:

	Expenditures						
Special Revenue Fund	Fir	Final Budget		Actual		Excess	
County Parks Current Culture and recreation	\$	110,195	\$	403,083	\$	292,888	

3. <u>Detailed Notes on All Funds</u>

A. Assets

Restricted cash		957
Bank overdraft		(1,746)
Statement of fiduciary net position		
Cash and pooled investments		874,539
Departmental cash		114
		·
Total Cash and Investments	\$	35,096,631

3. Detailed Notes on All Funds

A. Assets

1. <u>Deposits and Investments</u> (Continued)

a. Deposits

The County is authorized by Minn. Stat. §§ 118A.02 and 118A.04 to designate a depository for public funds and to invest in certificates of deposit. The County is required by Minn. Stat. § 118A.03 to protect deposits with insurance, surety bond, or collateral. The market value of collateral pledged shall be at least ten percent more than the amount on deposit at the close of the financial institution's banking day, not covered by insurance or bonds.

Authorized collateral includes treasury bills, notes, and bonds; issues of U.S. government agencies; general obligations rated "A" or better and revenue obligations rated "AA" or better; irrevocable standby letters of credit issued by the Federal Home Loan Bank; and certificates of deposit. Minnesota statutes require that securities pledged as collateral be held in safekeeping in a restricted account at the Federal Reserve Bank or in an account at a trust department of a commercial bank or other financial institution not owned or controlled by the financial institution furnishing the collateral.

Custodial Credit Risk

Custodial credit risk is the risk that in the event of a financial institution failure, the County's deposits may not be returned to it. It is the County's policy to minimize custodial credit risk by obtaining collateral or bond for all uninsured amounts on deposit and obtaining necessary documentation to show compliance with state law and a perfected security interest under federal law. At December 31, 2019, none of the County's deposits were exposed to custodial credit risk.

b. Investments

The County may invest in the following types of investments as authorized by Minn. Stat. §§ 118A.04 and 118A.05:

3. <u>Detailed Notes on All Funds</u>

A. Assets

1. Deposits and Investments

b. <u>Investments</u> (Continued)

- (1) securities which are direct obligations or are guaranteed or insured issues of the United States, its agencies, its instrumentalities, or organizations created by an act of Congress, except mortgage-backed securities defined as "high risk" by Minn. Stat. § 118A.04, subd. 6;
- (2) mutual funds through shares of registered investment companies provided the mutual fund receives certain ratings depending on its investments;
- (3) general obligations of the State of Minnesota and its municipalities, and in certain state agency and local obligations of Minnesota and other states provided such obligations have certain specified bond ratings by a national bond rating service;
- (4) bankers' acceptances of United States banks;
- (5) commercial paper issued by United States corporations or their Canadian subsidiaries that is rated in the highest quality category by two nationally recognized rating agencies and matures in 270 days or less; and
- (6) with certain restrictions, in repurchase agreements, securities lending agreements, joint powers investment trusts, and guaranteed investment contracts.

Custodial Credit Risk

The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, a government will not be able to recover the value of investment or collateral securities in the possession of an outside party. It is the County's policy to minimize investment custodial credit risk by permitting brokers that obtained investments for Morrison County to hold them only to the extent there is Securities Investor Protection Corporation

3. <u>Detailed Notes on All Funds</u>

A. Assets

1. Deposits and Investments

b. Investments

Custodial Credit Risk (Continued)

(SIPC) coverage and excess SIPC coverage available. Securities purchased that exceed available SIPC coverage shall be transferred to Morrison County's custodian. At December 31, 2019, none of the County's investments were subject to custodial credit risk.

Concentration of Credit Risk

The concentration of credit risk is the risk of loss that may be caused by the County's investment in a single issuer. The County does not have a policy on concentration of credit risk.

Interest Rate Risk

Interest rate risk is the risk that changes in the market interest rates will adversely affect the fair value of an investment. It is the County's policy to minimize its exposure to interest rate risk by investing in both short-term and long-term investments and by timing cash flows from maturities so that a portion of the portfolio is maturing or coming close to maturity evenly over time as necessary to provide the cash flow and liquidity needed for operations.

Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. It is the County's policy to invest only in securities that meet the ratings requirements set by state statute.

3. Detailed Notes on All Funds

A. Assets

1. <u>Deposits and Investments</u> (Continued)

The County measures and records its investments using fair value measurement guidelines established by generally accepted accounting principles. These guidelines recognize a three-tiered fair value hierarchy, as follows:

- Level 1: Quoted prices for identical investments in active markets;
- Level 2: Observable inputs other than quoted market prices; and
- Level 3: Unobservable inputs.

At December 31, 2019, the County had the following recurring fair value measurements.

			Fair Value Measurements Using					
	December 31, 2019		Quoted Prices in Active Markets for Identical Assets (Level 1)		Significant Other Observable Inputs (Level 2)		Significant Unobservable Inputs (Level 3)	
Investments by fair value level								
Debt securities U.S. government agency securities Negotiable certificates of deposit	\$	744,197 13,442,570	\$	-	\$	744,197 13,442,570	\$	-
Total Investments Included in the Fair Value Hierarchy	\$	14,186,767	\$		\$	14,186,767	\$	
Investments measured at the net asset value (NAV)								
MAGIC Portfolio Money market mutual funds	\$	18,146,202 320,501						
Total Investments Measured at the NAV	\$	18,466,703						

3. Detailed Notes on All Funds

A. Assets

1. <u>Deposits and Investments</u> (Continued)

Debt securities classified in Level 2 are valued using the following approaches:

- U.S. government agency securities are valued using a market approach by utilizing quoted prices for identical securities in markets that are not active.
- Negotiable certificates of deposit are valued using matrix pricing based on the securities' relationship to benchmark quoted prices.

MAGIC is a local government investment pool which is quoted at NAV. The County invests in this pool for the purpose of the joint investment of the County's money with those of other counties to enhance the investment earnings accruing to each member.

MAGIC Portfolio is valued using amortized cost. Shares of the MAGIC Portfolio are available to be redeemed upon proper notice without restrictions under normal operating conditions. There are no limits to the number of redemptions that can be made as long as the County has a sufficient number of shares to meet their redemption request. The MAGIC Fund's Board of Trustees can suspend the right of withdrawal or postpone the date of payment if the Trustees determine that there is an emergency that makes the sale of a Portfolio's securities or determination of its NAV not reasonably practical.

The County invests in money market funds for the benefit of liquid investments that can be readily re-invested. Money market funds held by the County seek a constant NAV of \$1.00 per share.

2. Receivables

Accounts Receivable

Accounts receivable includes an allowance for doubtful accounts totaling \$251,413 at December 31, 2019.

3. Detailed Notes on All Funds

A. Assets

2. Receivables (Continued)

Loans Receivable

The County entered into an agreement with Pierz Township to fund a road project. The original amount of the loan was \$150,000 and is to be repaid over ten years with no interest. The balance of the loan at December 31, 2019, was \$135,000. Payments equal to \$15,000 are due on January 15 of each year with the last payment due in 2028.

Loans receivable reported in the Rural Development Finance Authority component unit for the year ended December 31, 2019, were \$400,654. The amount due within one year was \$36,094.

3. Capital Assets

Capital asset activity for the year ended December 31, 2019, was as follows:

	Beginning Balance		Increase	Decrease		 Ending Balance	
Capital assets not depreciated Land – infrastructure right-of-way Land Construction in progress	\$	2,021,535 2,145,565 5,793,467	\$	11,465 328,144 2,184,387	\$	- - -	\$ 2,033,000 2,473,709 7,977,854

Culture and recreation	 59,638
Total Depreciation Expense – Governmental Activities	\$ 5,467,320

B. <u>Interfund Receivables</u>, Payables, and Transfers

The composition of interfund balances as of December 31, 2019, was as follows:

Due To/From Other Funds

The Social Services Special Revenue Fund owed the General Fund for miscellaneous costs in the amount of \$5,306.

Transfers

The County transferred \$100,000 from the General Fund to the County Building Special Revenue Fund. The transfer was made to fund building projects paid for by the County Building Special Revenue Fund.

3. <u>Detailed Notes on All Funds</u> (Continued)

C. Liabilities

1. Payables

Payables at December 31, 2019, were as follows:

	 Governmental Activities			
Accounts	\$ 669,913

Total	\$ 15,815,000	\$ 5,051,575

3. Detailed Notes on All Funds

C. Liabilities (Continued)

5. Changes in Long-Term Liabilities

Long-term liability activity for the year ended December 31, 2019, was as follows:

	Beginning Balance	 Additions Reductions		Ending Balance		 Due Within One Year	
General obligation bonds	\$ 16,635,000	\$ 3,285,000	\$	4,105,000	\$	15,815,000	\$ 505,000
Bond premiums	27,572	218,583		16,976		229,179	-
Bond discount	(2,220)	-		(111)		(2,109)	-
Capital lease	196,812	-		196,812		-	-
Compensated absences	1,975,219	1,903,729		1,771,654		2,107,294	164,772
Estimated liability for							
landfill closure/postclosure	 3,408,222	 -		39,399		3,368,823	 -
Total Long-Term Liabilities	\$ 22,240,605	\$ 5,407,312	\$	6,129,730	\$	21,518,187	\$ 669,772

The capital lease is liquidated by the Road and Bridge Special Revenue Fund. The compensated absences liability is primarily liquidated by the General Fund and the Road and Bridge and Social Services Special Revenue Funds. The general obligation bonds and notes are typically liquidated by the Debt Service Fund.

7. <u>Capital Leases</u>

In 2017, the County entered into a capital lease-to-purchase agreement as lessee for financing the acquisition of a Cat 950M Wheel Loader from Ziegler valued at \$245,100. The remaining balance of the capital lease plus interest was paid off during 2019.

8. Landfill Closure and Postclosure Care Costs

State and federal laws and regulations require the County to place a final cover on its landfill site when it stops accepting waste and to perform certain maintenance and monitoring functions at the site for 30 years after closure. Although closure and postclosure care costs will be paid only near or after the date the landfill stops accepting waste, the County reports a portion of these closure and postclosure care costs as an operating expense in each period based on landfill capacity used as of each balance sheet date. The \$3,368,823 landfill closure and postclosure care

3. Detailed Notes on All Funds

C. Liabilities

8. Landfill Closure and Postclosure Care Costs (Continued)

liability at December 31, 2019, represents the cumulative amount reported to date based on the use of 62.02 percent of the estimated capacity of the landfill. The County will recognize the remaining estimated cost of closure and postclosure care of \$1,277,795 as the remaining estimated capacity is filled. These amounts are based on what it would cost to perform all closure and postclosure care in 2019. Actual costs may be higher due to inflation, or changes in technology or regulations.

The County is required by state and federal laws and regulations to make annual contributions to a trust to finance closure and postclosure care. The County is in compliance with these requirements and is currently making monthly payments for financial assurance to the Solid Waste Special Revenue Fund under financial hardship status. Hardship was granted based on the current Solid Waste Management Plan, which is based on a five-year planning period. In the spring of 1994, Morrison County received approval of its Solid Waste Management Plan, which granted Morrison County ten years of Certificate of Need for solid waste management. At December 31, 2019, the County has restricted fund balance of \$3,832,349 in the Solid Waste Special Revenue Fund to finance closure and postclosure care. The County expects that future inflation costs will be paid from interest earnings on these annual contributions. However, if interest earnings are inadequate or additional postclosure care requirements are determined (due to changes in technology or applicable laws or regulations, for example), these costs may need to be covered by charges to future landfill users or from future tax revenues.

9. Other Postemployment Benefits (OPEB)

Plan Description

Morrison County provides a single-employer defined benefit health care plan to eligible retirees and their spouses. The plan offers medical and dental insurance benefits. The County provides benefits for retirees as required by Minn. Stat. § 471.61, subd. 2b. For employees who were hired on or before March 1, 1986, who have at least 20 years of continuous service with the County at retirement, the County will pay \$200 per month for ten years, or until the retiree's 65th birthday if earlier.

3. Detailed Notes on All Funds

C. Liabilities

9. Other Postemployment Benefits (OPEB)

Plan Description (Continued)

No assets have been accumulated in a trust that meets the criteria in paragraph four of GASB Statement 75. The OPEB plan does not issue a stand-alone financial report.

Participants

Participants of the plan consisted of the following at January 1, 2018, the most recent actuarial valuation date:

Active employees	256
Retired employees	13_
Total Plan Participants	269

Total OPEB Liability

The County's total OPEB liability of \$2,238,121 was measured as of December 31, 2019, and was determined by an actuarial valuation as of January 1, 2018.

The total OPEB liability in the fiscal year-end December 31, 2019, actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified.

Discount rate 3.44 percent as of December 31, 2017

4.09 percent as of December 31, 2018

Payroll growth 3.50 percent

Health care cost trend 8.33 percent, decreasing 0.33 percent per year to an ultimate rate of

5.00 percent

Mortality rates were based on the RP-2014 employee mortality table for males or females, as appropriate, with adjustments for mortality improvements based on scale MP-2015.

3. Detailed Notes on All Funds

C. Liabilities

9. Other Postemployment Benefits (OPEB)

Total OPEB Liability (Continued)

The total OPEB obligations are generally liquidated by the General Fund, the Road and Bridge Special Revenue Fund, and the Social Services Special Revenue Fund.

The actuarial assumptions are currently based on a combination of historical information and the most recent actuarial valuation as of January 1, 2018.

The contribution requirements of the plan members and the County are established and may be amended by the Morrison County Board of Commissioners. The required contribution is based on projected pay-as-you-go financing requirements. Retirees and their spouses contribute to the health care plan at the same rate as County employees. This results in the retirees receiving an implicit rate subsidy.

	T 	otal OPEB Liability
Balance at December 31, 2018	\$	2,191,985

4. Pension Plans

A. Defined Benefit Pension Plans

1. Plan Description

All full-time and certain part-time employees of Morrison County are covered by defined benefit pension plans administered by the Public Employees Retirement Association of Minnesota (PERA). PERA administers the General Employees Retirement Plan (the General Employees Plan), the Public Employees Police and Fire Plan (the Police and Fire Plan), and the Public Employees Local Government

4. Pension Plans

A. Defined Benefit Pension Plans

1. <u>Plan Description</u> (Continued)

Correctional Service Retirement Plan (the Correctional Plan), which are cost-sharing, multiple-employer retirement plans. These plans are established and administered in accordance with Minn. Stat. chs. 353 and 356. PERA's defined benefit pension plans are tax qualified plans under Section 401(a) of the Internal Revenue Code.

The General Employees Plan (accounted for in the General Employees Fund) has multiple benefit structures with members belonging to the Coordinated Plan, the Basic Plan, or the Minneapolis Employees Retirement Fund. Coordinated Plan members are covered by Social Security, and Basic Plan and Minneapolis Employees Retirement Fund members are not. The Basic Plan was closed to new members in 1967. The Minneapolis Employees Retirement Fund was closed to new members during 1978 and merged into the General Employees Plan in 2015. All new members must participate in the Coordinated Plan, for which benefits vest after five years of credited service. No Morrison County employees belong to either the Basic Plan or the Minneapolis Employees Retirement Fund.

Police officers, firefighters, and peace officers who qualify for membership by statute are covered by the Police and Fire Plan (accounted for in the Police and Fire Fund). For members first hired after June 30, 2010, but before July 1, 2014, benefits vest on a prorated basis starting with 50 percent after five years and increasing ten percent for each year of service until fully vested after ten years. Benefits for members first hired after June 30, 2014, vest on a prorated basis from 50 percent after ten years and increasing five percent for each year of service until fully vested after 20 years.

Local government employees of a county-administered facility who are responsible for the direct security, custody, and control of the county correctional facility and its inmates are covered by the Correctional Plan (accounted for in the Correctional Fund). For members hired after June 30, 2010, benefits vest on a prorated basis starting with 50 percent after five years and increasing ten percent for each year of service until fully vested after ten years.

4. Pension Plans

A. Defined Benefit Pension Plans (Continued)

2. Benefits Provided

PERA provides retirement benefits as well as disability benefits to members and benefits to survivors upon death of eligible members. Benefit provisions are established by state statute and can be modified only by the state legislature. Benefit increases are provided to benefit recipients each January.

Beginning January 1, 2019, General Employees Plan benefit recipients will receive a post-retirement increase equal to 50 percent of the cost of living adjustment announced by the Social Security Administration, with a minimum increase of at least 1.00 percent and maximum of 1.50 percent. Recipients that have been receiving the annuity or benefit for at least a full year as of the June 30 before the effective date of the increase will receive the full increase. For recipients receiving the annuity or benefit for at least one month but less than a full year as of the June 30 before the effective date of the increase will receive a reduced prorated increase. For members retiring on January 1, 2024, or later, the increase will be delayed until normal retirement age (age 65 if hired prior to July 1, 1989, or age 66 for individuals hired on or after July 1, 1989). Members retiring under the Rule of 90 are exempt from the delay to normal retirement.

Beginning January 1, 2019, Police and Fire Plan benefit recipients will receive a 1.00 percent post-retirement increase. Recipients that have been receiving the annuity or benefit for at least 36 months as of the June 30 before the effective date of the increase will receive the full increase. For recipients receiving the annuity or benefit for at least 25 months but less than 36 months as of the June 30 before the effective date of the increase will receive a reduced prorated increase.

Beginning January 1, 2019, Correctional Plan benefit recipients will receive a post-retirement increase equal to 100 percent of the cost of living adjustment announced by the Social Security Administration, with a minimum increase of at least 1.00 percent and maximum of 2.50 percent. If the Correctional Plan's funding status declines to 85 percent or below for two consecutive years or 80 percent for one year, the maximum will be lowered from 2.50 percent to 1.50 percent. Recipients that have been receiving the annuity or benefit for at least a full year as of the June 30 before the effective date of the increase will receive the full increase.

4. Pension Plans

A. Defined Benefit Pension Plans

2. <u>Benefits Provided</u> (Continued)

For recipients receiving the annuity or benefit for at least one month but less than a full year as of the June 30 before the effective date of the increase will receive a reduced prorated increase.

The benefit provisions stated in the following paragraph of this section are current provisions and apply to active plan participants. Vested, terminated employees who are entitled to benefits, but are not yet receiving them, are bound by the provisions in effect at the time they last terminated their public service.

Benefits are based on a member's highest average salary for any 60 consecutive months of allowable service, age, and years of credit at termination of service. In the General Employees Plan, two methods are used to compute benefits for Coordinated Plan members. Members hired prior to July 1, 1989, receive the higher of a step-rate benefit accrual formula (Method 1) or a level accrual formula (Method 2). Under Method 1, the annuity accrual rate for a Coordinated Plan member is 1.20 percent of average salary for each of the first ten years of service and 1.70 percent of average salary for each remaining year. Under Method 2, the annuity accrual rate is 1.70 percent for Coordinated Plan members for each year of service. Only Method 2 is used for members hired after June 30, 1989. For Police and Fire Plan members, the annuity accrual rate is 3.00 percent of average salary for each year of service. For Correctional Plan members, the annuity accrual rate is 1.90 percent of average salary for each year of service.

For General Employees Plan members hired prior to July 1, 1989, a full annuity is available when age plus years of service equal 90, and normal retirement age is 65. For members hired on or after July 1, 1989, normal retirement age is the age for unreduced Social Security benefits capped at 66. For Police and Fire Plan and Correctional Plan members, normal retirement age is 55, and for members who were hired prior to July 1, 1989, a full annuity is available when age plus years of service equal 90. Disability benefits are available for vested members and are based on years of service and average high-five salary.

4. Pension Plans

A. Defined Benefit Pension Plans (Continued)

3. Contributions

Pension benefits are funded from member and employer contributions and income from the investment of fund assets. Rates for employer and employee contributions are set by Minn. Stat. ch. 353. These statutes are established and amended by the state legislature. General Employees Plan members were required to contribute 6.50 percent of their annual covered salary in 2019. Police and Fire Plan members were required to contribute 11.30 percent of their annual covered salary in 2019. Correctional Plan members were required to contribute 5.83 percent of their annual covered salary in 2019.

In 2019, the County was required to contribute the following percentages of annual covered salary:

General Employees Plan – Coordinated Plan members	7.50%
Police and Fire Plan	16.95
Correctional Plan	8.75

The Police and Fire Plan member and employer contribution rates increased 0.50 percent and 0.75 percent, respectively, from 2018.

The County's contributions for the year ended December 31, 2019, to the pension plans were:

General Employees Plan	\$ 987,642
Police and Fire Plan	284,462
Correctional Plan	94,846

The contributions are equal to the statutorily required contributions as set by state statute.

4. Pension Plans

A. Defined Benefit Pension Plans (Continued)

4. Pension Costs

General Employees Plan

At December 31, 2019, the County reported a liability of \$10,007,085 for its proportionate share of the General Employees Plan's net pension liability. The net pension liability was measured as of June 30, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The County's proportion of the net pension liability was based on the County's contributions received by PERA during the measurement period for employer payroll paid dates from July 1, 2018, through June 30, 2019, relative to the total employer contributions received from all of PERA's participating employers. At June 30, 2019, the County's proportion was 0.1810 percent. It was 0.1827 percent measured as of June 30, 2018. The County recognized pension expense of \$1,291,412 for its proportionate share of the General Employees Plan's pension expense.

The County also recognized \$23,290 as revenue, which results in a reduction of the net pension liability, for its proportionate share of the State of Minnesota's contribution to the General Employees Plan, which qualifies as a special funding situation. Legislation requires the State of Minnesota to contribute \$16 million to the General Employees Plan annually.

The County's proportionate share of the net pension liability	\$ 10,007,085
State of Minnesota's proportionate share of the net pension	
liability associated with the County	310,986
Total	\$ 10,318,071

4. Pension Plans

A. <u>Defined Benefit Pension Plans</u>

4. Pension Costs

General Employees Plan (Continued)

The County reported its proportionate share of the General Employees Plan's deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources		1	Deferred inflows of Resources
Differences between expected and actual				
economic experience	\$	276,002	\$	-
Changes in actuarial assumptions		-		784,525
Difference between projected and actual				
investment earnings		-		1,033,450
Changes in proportion		243,955		70,732
Contributions paid to PERA subsequent to				
the measurement date		535,173		
Total	\$	1,055,130	\$	1,888,707

The \$535,173 reported as deferred outflows of resources related to pensions resulting from contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended December 31, 2020. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended December 31	Pension Expense Amount	
2020 2021 2022 2023	\$ (391,330) (767,66) (225,880) 16,12	5)

4. Pension Plans

A. Defined Benefit Pension Plans

4. Pension Costs (Continued)

Police and Fire Plan

At December 31, 2019, the County reported a liability of \$1,627,775 for its proportionate share of the Police and Fire Plan's net pension liability. The net pension liability was measured as of June 30, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The County's proportion of the net pension liability was based on the County's contributions received by PERA during the measurement period for employer payroll paid dates from July 1, 2018, through June 30, 2019, relative to the total employer contributions received from all of PERA's participating employers. At June 30, 2019, the County's proportion was 0.1529 percent. It was 0.1440 percent measured as of June 30, 2018. The County recognized pension expense of \$239,280 for its proportionate share of the Police and Fire Plan's pension expense.

The County also recognized \$20,641 as revenue, which results in a reduction of the net pension liability, for its proportionate share of the State of Minnesota's on-behalf contribution to the Police and Fire Plan. Legislation requires the State of Minnesota to contribute \$9 million to the Police and Fire Plan each year, starting in fiscal year 2014, until the plan is 90 percent funded, or until the State Patrol Plan is 90 percent funded, whichever occurs later. In addition, the state will pay direct state aid of \$4.5 million on October 1, 2018, and October 1, 2019, and \$9 million by October 1 of each subsequent year until full funding is reached or July 1, 2048, whichever is earlier.

4. Pension Plans

Correctional Plan

At December 31, 2019, the County reported a liability of \$68,865 for its proportionate share of the Correctional Plan's net pension liability. The net pension liability was measured as of June 30, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The County's proportion of the net pension liability was based on the County's contributions received by PERA during the measurement period for employer payroll paid dates from July 1, 2018, through June 30, 2019, relative to the total employer contributions received from all of PERA's participating employers. At June 30, 2019, the County's proportion was 0.4974 percent. It was 0.4838 percent measured as of June 30, 2018. The County recognized pension expense of \$127,806 for its proportionate share of the Correctional Plan's pension expense.

The County reported its proportionate share of the Correctional Plan's deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources		Deferred Inflows of Resources	
Differences between expected and actual				
economic experience	\$	2,461	\$	11,367
Changes in actuarial assumptions		-		599,241
Difference between projected and actual				
investment earnings		-		85,080
Changes in proportion		1,678		73,867
Contributions paid to PERA subsequent to				
the measurement date		51,118		
Total	\$	55,257	\$	769,555

4. Pension Plans

4. Pension Costs

<u>Correctional Plan</u> (Continued)

The \$51,118 reported as deferred outflows of resources related to pensions resulting from contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended December 31, 2020. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

	Pension
Year Ended	Expense
December 31	Amount
2020	\$ (413,910)
2021	(331,705)
2022	(20,469)
2023	668

Total Pension Expense

The total pension expense for all plans recognized by the County for the year ended December 31, 2019, was \$1,658,498.

5. Actuarial Assumptions

The total pension liability in the June 30, 2019, actuarial valuation was determined using the individual entry-age normal actuarial cost method and the following additional actuarial assumptions:

Inflation	2.50 percent per year
Active member payroll growth	3.25 percent per year
Investment rate of return	7.50 percent

4. Pension Plans

A. Defined Benefit Pension Plans

5. <u>Actuarial Assumptions</u> (Continued)

Salary increases were based on a service-related table. Mortality rates for active members, retirees, survivors, and disabilitants for all plans were based on RP-2014 tables for males or females, as appropriate, with slight adjustments. Cost of living benefit increases for retirees are assumed to be 1.25 percent for the General Employees Plan and 2.00 percent for the Correctional Plan. For the Police and Fire Plan, cost of living benefit increases for retirees are 1.00 percent as set by state statute.

Actuarial assumptions used in the June 30, 2019, valuation were based on the results of actuarial experience studies. The experience study for the General Employees Plan was dated June 30, 2015. The experience study for the Police and Fire Plan was dated August 30, 2016. The experience study for the Correctional Plan was dated February 2012. The mortality assumption for the Correctional Plan is based on the Police and Fire Plan experience study. Inflation and investment assumptions for all plans were reviewed in the experience study report for the General Employees Plan dated June 27, 2019.

The long-term expected rate of return on pension plan investments is 7.50 percent. The State Board of Investment, which manages the investments of PERA, prepares an analysis of the reasonableness of the long-term expected rate of return on a regular basis using a building-block method in which best-estimate ranges of expected future rates of return are developed for each major asset class. These ranges are combined to produce an expected long-term rate of return by weighting the expected future rates of return by the target asset allocation percentages. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return	
Domestic conitre	25.500/	5 100/	
Domestic equity	35.50%	5.10%	
International equity	17.50	5.30	
Fixed income	20.00	0.75	
Private markets	25.00	5.90	
Cash equivalents	2.00	0.00	

4. Pension Plans

A. Defined Benefit Pension Plans (Continued)

6. Discount Rate

The discount rate used to measure the total pension liability was 7.50 percent in 2019, which remained consistent with 2018. The projection of cash flows used to determine the discount rate assumed that employee and employer contributions will be made at the rate specified in statute. Based on that assumption, the fiduciary net positions of the General Employees Plan, the Police and Fire Plan, and the Correctional Plan were projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

7. Changes in Actuarial Assumptions and Plan Provisions

The following changes in actuarial assumptions occurred in 2019:

General Employees Plan

• The mortality projection scale was changed from MP-2017 to MP-2018.

Police and Fire Plan

• The mortality projection scale was changed from MP-2017 to MP-2018.

Correctional Plan

• The mortality projection scale was changed from MP-2017 to MP-2018.

8. Pension Liability Sensitivity

The following presents the County's proportionate share of the net pension liability calculated using the discount rate previously disclosed, as well as what the County's proportionate share of the net pension liability would be if it were calculated using a discount rate one percentage point lower or one percentage point higher than the current discount rate:

4. Pension Plans

A. Defined Benefit Pension Plans

8. <u>Pension Liability Sensitivity</u> (Continued)

	Proportionate Share of the						
	General Employees Plan		Police a	Police and Fire Plan		Correctional Plan	
	Discount	Net Pension	Discount	Net Pension	Discount	Net Pension	
	Rate	Liability	Rate	Liability	Rate	Liability	
1% Decrease	6.50%	\$ 16,451,108	6.50%	\$ 3,558,014	6.50%	\$ 733,958	
Current	7.50	10,007,085	7.50	1,627,775	7.50	68,865	
1% Increase	8.50	4,686,262	8.50	3,149,893	8.50	(463,318)	

9. Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in a separately issued PERA financial report that includes financial statements and required supplementary information. That report may be obtained on the internet at www.mnpera.org; by writing to PERA at 60 Empire Drive, Suite 200, St. Paul, Minnesota 55103-2088; or by calling 651-296-7460 or 1-800-652-9026.

B. Defined Contribution Plan

Five employees of Morrison County are covered by the Public Employees Defined Contribution Plan, a multiple-employer deferred compensation plan administered by PERA. The plan is established and administered in accordance with Minn. Stat. ch. 353D, which may be amended by the state legislature. The plan is a tax qualified plan under Section 401(a) of the Internal Revenue Code, and all contributions by or on behalf of employees are tax deferred until time of withdrawal.

Plan benefits depend solely on amounts contributed to the plan plus investment earnings, less administrative expenses. For those qualified personnel who elect to participate, Minn. Stat. § 353D.03 specifies plan provisions, including the employee and employer contribution rates. An eligible elected official who decides to participate contributes five percent of salary, which is matched by the employer. Employee and employer contributions are combined and used to purchase shares in one or more of the seven accounts of the Minnesota Supplemental Investment Fund. For administering the plan, PERA receives two percent of employer contributions and 0.25 percent of the assets in each member account annually.

4. Pension Plans

B. <u>Defined Contribution Plan</u> (Continued)

Total contributions by dollar amount and percentage of covered payroll made by Morrison County during the year ended December 31, 2019, were:

	En	Employee		Employer	
Contribution amount	\$	8,060	\$	8,060	
Percentage of covered payroll		5.00%		5.00%	

5. Summary of Significant Contingencies and Other Items

A. Risk Management

The County is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors or omissions; injuries to employees; or natural disasters. To manage these risks, the County has entered into a joint powers agreement with other Minnesota counties to form the Minnesota Counties Intergovernmental Trust (MCIT). MCIT is a public entity risk pool currently operated as a common risk management and insurance program for its members. The County is a member of both the MCIT Workers' Compensation and Property and Casualty Divisions. For other risk, the County carries commercial insurance. There were no significant reductions in insurance from the prior year. The amount of settlements did not exceed insurance coverage for the past three fiscal years.

The Workers' Compensation Division of MCIT is self-sustaining based on the contributions charged, so that total contributions plus compounded earnings on these contributions will equal the amount needed to satisfy claims liabilities and other expenses. MCIT participates in the Workers' Compensation Reinsurance Association with coverage at \$500,000 per claim in 2019 and 2020. Should the MCIT Workers' Compensation Division liabilities exceed assets, MCIT may assess the County in a method and amount to be determined by MCIT.

The Property and Casualty Division of MCIT is self-sustaining, and the County pays an annual premium to cover current and future losses. MCIT carries reinsurance for its property lines to protect against catastrophic losses. Should the MCIT Property and Casualty Division liabilities exceed assets, MCIT may assess the County in a method and amount to be determined by MCIT.

5. <u>Summary of Significant Contingencies and Other Items</u> (Continued)

B. Joint Ventures

1. Little Falls-Morrison County Airport Commission

The Little Falls-Morrison County Airport Commission was established in 1965, under the authority of Minn. Stat. § 360.042, for the purpose of constructing, operating, and maintaining an airport facility. The City of Little Falls maintains the accounting records of the Commission. The financial activity of the Commission is reported as the Airport Special Revenue Fund, a blended component unit, in the City of Little Falls' annual financial report.

The governing board is composed of six members: three members appointed by the City of Little Falls and three members appointed by Morrison County. The Commission is financed through federal and state grants, earnings from concessions, leases, and charges made for the use of airport facilities. The City and the County share the remainder of the costs equally.

In the event of dissolution of the Commission, all property acquired, including surplus funds, will be divided between the City and the County as follows:

- a. All assets, other than capital improvement assets, will be disposed of in any manner agreed upon by the City of Little Falls and Morrison County. If no agreement is reached within three months after termination, the County Board will appoint an individual as its representative, and the City Council will appoint an individual, who may be a City official, as its representative. The Minnesota Commissioner of Aeronautics will appoint a third person who, together with the City and County appointees, will constitute an advisory board on disposition of the airport property. This board will, as soon as possible, prepare and recommend to the City Council and County Board a complete plan for the disposition of the property. The plan will provide for the continuation of the use of the property as a public airport, if practicable.
- b. If the agreement is terminated by action of Morrison County, all capital improvement assets will belong to the City of Little Falls free and clear of any claim by the County.

5. Summary of Significant Contingencies and Other Items

B. Joint Ventures

- 1. <u>Little Falls-Morrison County Airport Commission</u> (Continued)
 - c. If the agreement is terminated by action of the City of Little Falls, all capital improvement assets jointly owned by the City and County will belong to the City of Little Falls, provided the City pays the County 50 percent of the depreciated value of the capital improvement assets.

Morrison County provided \$50,731 in funding to the Commission during 2019. Financial information for the Commission can be obtained from:

Little Falls-Morrison County Airport Commission Little Falls City Hall 100 Northeast 7th Avenue Little Falls, Minnesota 56345

2. <u>Morrison-Todd-Wadena Community Health Services Board</u>

The County Boards of Cass, Morrison, Todd, and Wadena Counties formed a Board of Health in 1977, via a joint powers agreement, for the purpose of maintaining an integrated system of community health services under Minn. Stat. ch. 145. On January 1, 2006, Cass County withdrew from the Board of Health, and Morrison County became the new fiscal agent. The full Board of Health is composed of five County Commissioners from each of the three counties. The Board appoints an executive committee of two County Commissioners from each of the three counties. An advisory committee composed of three representatives from each of the single county advisory committees makes recommendations to the Board of Health throughout the year. An administrative task force of the three public health directors meets on a monthly basis.

The three counties share responsibility to provide secretarial and financial services and to carry out the administrative requirements of the Board of Health. The three public health directors rotate the administrator position each year. Separate financial information is not available.

5. Summary of Significant Contingencies and Other Items

B. Joint Ventures (Continued)

3. Morrison County Interagency Coordinating Council

The Morrison County Interagency Coordinating Council (MCICC) was established pursuant to Minn. Stat. § 124D.23. Participants include Mid-State Education District 6979; Tri-County Community Action; Morrison County Public Health; Morrison County Social Services; Morrison County Corrections; and Independent School Districts 482, 484, 485, 486, and 487.

The purpose of the MCICC is to strengthen the network of prevention, early identification, and intervention services for children, youth, and families in Morrison County.

Control of the MCICC is vested in a governing board composed of the Morrison County Social Services Director, the Morrison County Public Health Director, a Morrison County Corrections representative, and the Mid-State Education District Director. Morrison County Social Services is the fiscal agent for the MCICC. Financial information for the MCICC is accounted for in the Local Collaborative Agency Fund of Morrison County.

4. Central Minnesota Emergency Medical Services Region

The Central Minnesota Emergency Medical Services Region was established in 2001, under Minn. Stat. § 471.59, to improve access, delivery, and effectiveness of the emergency medical services system; promote systematic and cost-effective delivery of services; and identify and address system needs within the member counties, which include Benton, Cass, Crow Wing, Kanabec, Mille Lacs, Morrison, Pine, Stearns, Todd, Wadena, and Wright Counties. The Region established a Board comprising one Commissioner from each member county. The Region's Board has financial responsibility, and Stearns County is the fiscal agent.

Complete financial information can be obtained from:

Ms. Marion Larson, Regional EMS Coordinator Central Minnesota Emergency Medical Services Region Stearns County Administration Center PO Box 1107 St. Cloud, Minnesota 56302

5. Summary of Significant Contingencies and Other Items

B. Joint Ventures (Continued)

5. South Country Health Alliance

The South Country Health Alliance (SCHA) was created by a Joint Powers Agreement between Brown, Dodge, Freeborn, Goodhue, Kanabec, Mower, Sibley, Steele, Wabasha, and Waseca Counties on July 24, 1998, under Minn. Stat. § 471.59. Mower County has since withdrawn. In 2007, Cass, Crow Wing, Morrison, Todd, and Wadena Counties joined in the joint venture. As of December 31, 2010, Cass, Crow Wing, and Freeborn Counties elected to opt out of the SCHA, consistent with the terms of the Joint Powers Agreement. The agreement was in accordance with Minn. Stat. § 256B.692, which allows the formation of a Board of Directors to operate, control, and manage all matters concerning the participating member counties' health care functions, referred to as county-based purchasing.

The purpose of the SCHA is to improve the social and health outcomes of its clients and all citizens of its member counties by better coordinating social service, public health, and medical services, and promoting the achievement of public health goals.

The SCHA is authorized to provide prepaid comprehensive health maintenance services to persons enrolled under Medicaid and General Assistance Medical Care in each of the above-listed member counties.

Each member county has an explicit and measurable right to its share of the total capital surplus of the SCHA. Gains and losses are allocated annually to all members based on the percentage of their utilization. The County has entered into a guarantee agreement obligating the County to make contributions to assist the SCHA meet financial solvency requirements. Due to higher than expected claims and lower than expected enrollment over the past 18 months, the SCHA requested a capital call as a result of this guarantee. Morrison County made its capital investment payment of \$2,090,070 in May of 2019.

In 2019, the Morrison County Board passed a resolution to withdraw its participation from the SCHA as of December 31, 2019. Accounts receivable totaling \$3,939,311 was recorded in the General Fund and the Social Services Special Revenue Fund for the capital surplus payout due from the SCHA over the next five years.

Mr. Brian V. Hicks Chief Fiscal Officer South Country Health Alliance 2300 Park Drive, Suite 100 Owatonna, Minnesota 55060

6. <u>Central Minnesota Violent Offender Task Force</u>

Benton, Morrison, Sherburne, Stearns, and Todd Counties, and the Cities of Little Falls, Sartell, Sauk Rapids, St. Cloud, St. Joseph, and Waite Park, have entered into a joint powers agreement to investigate, identify, and disrupt illegal drug and gang activity through multi-jurisdictional investigations in Central Minnesota.

The Stearns County Sheriff's Office is the fiscal agent for the Central Minnesota Violent Offender Task Force. Members provide officers to the Task Force in lieu of appropriations; Morrison County provided no cash funding to this organization during 2019.

Control of the Task Force is vested in a Board of Directors. The members of the Board comprise the Sheriff of each member county; a County Attorney from a member party as the legal advisor to the Task Force; the Chief of Police for the Little Falls Police Department; the Chief of Police for the City of St. Cloud; and one representative from among the Chiefs of Police of Sartell, Sauk Rapids, St. Joseph, and Waite Park, selected annually by a majority vote of the Chiefs of Police.

Complete financial information can be obtained from:

City of St. Cloud Police Department 101 – 11th Avenue North PO Box 1616 St. Cloud, Minnesota 56303

5. Summary of Significant Contingencies and Other Items

B. Joint Ventures (Continued)

7. <u>Central Minnesota Emergency Services Board</u>

The Central Minnesota Regional Radio Board was established in 2007, under the authority conferred upon the member parties by Minn. Stat. §§ 471.59 and 403.39. As of June 1, 2011, the Central Minnesota Regional Radio Board changed its name to the Central Minnesota Emergency Services Board. Members include the City of St. Cloud and the Counties of Benton, Big Stone, Douglas, Grant, Kandiyohi, Meeker, Mille Lacs, Morrison, Otter Tail, Pope, Sherburne, Stearns, Stevens, Swift, Todd, Traverse, Wadena, Wilkin, and Wright.

The purpose of the Central Minnesota Emergency Services Board is to provide for regional administration of enhancements to the Statewide Public Safety Radio and Communication System (ARMER) owned and operated by the State of Minnesota.

The Central Minnesota Emergency Services Board is composed of one Commissioner of each county appointed by their respective County Board and one City Council member from the City appointed by the City Council, as provided in the Central Minnesota Emergency Services Board's by-laws.

In the event of dissolution of the Central Minnesota Emergency Services Board, all property, assets, and funds of the Board shall be distributed to the parties of the agreement upon termination in direct proportion to their participation and contribution. Any city or county that has withdrawn from the agreement prior to termination of the Board shall share in the distribution of property, assets, and funds of the Board only to the extent they shared in the original expense.

The Central Minnesota Emergency Services Board has no long-term debt. Financing is provided by the appropriations from member parties and by state and federal grants.

Complete financial information can be obtained from:

Central Minnesota Emergency Services Board St. Cloud City Hall Office of the Mayor 400 Second Street South St. Cloud, Minnesota 56303

5. Summary of Significant Contingencies and Other Items

B. Joint Ventures (Continued)

8. Great River Regional Library

On September 25, 1969, the Great River Regional Library was formed under a joint powers agreement, creating a regional public library system with Benton, Morrison, Stearns, and Wright Counties. It has expanded to include library services in Sherburne and Todd Counties.

The Board of Directors consists of 15 members, representing all six of the member counties. Morrison County provided \$502,030 to this organization during 2019.

Separate financial information can be obtained from:

Great River Regional Library 1300 West St. Germain Street St. Cloud, Minnesota 56301

9. Mississippi Headwaters Board

The Mississippi Headwaters Board was established on February 22, 1980, by Aitkin, Beltrami, Cass, Clearwater, Crow Wing, Hubbard, Itasca, and Morrison Counties, pursuant to the provisions of Minn. Stat. § 471.59. The purpose of the Board is to prepare, adopt, and implement a comprehensive land use plan designed to protect and enhance the Mississippi River and related shoreland areas within the counties.

The Mississippi Headwaters Board consists of eight members, one appointed from each participating county. Funding is obtained through federal, state, local, and private sources. Crow Wing County maintains the accounting records of the Board. Morrison County provided \$1,500 to this organization during 2019.

Complete financial information can be obtained from:

Mississippi Headwaters Board Land Services Building 322 Laurel Street Brainerd, Minnesota 56401

B. Joint Ventures (Continued)

10. <u>Rural Minnesota Concentrated Employment Programs, Inc., (Workforce Investment Act – Rural Minnesota Workforce Service Area 2)</u>

The Rural Minnesota Concentrated Employment Programs, Inc. (RMCEP), is a private non-profit corporation that provides workforce development services in a 19-county area in North Central and West Central Minnesota. The agency was incorporated in 1968 to operate employment and training programs which include Workforce Investment Act (WIA) services. The RMCEP was established to create job training and employment opportunities for economically disadvantaged, underemployed and unemployed persons, and youthful persons in both the private and the public sector.

Morrison County provided \$245,378 to this organization in 2019.

C. <u>Jointly-Governed Organizations</u>

1. Community Health Information Collaborative

The Community Health Information Collaborative (CHIC) Joint Powers Board promotes an implementation and maintenance of a regional immunization information system to ensure age-appropriate immunizations through complete and accurate records. Morrison County did not contribute to the CHIC during 2019.

2. <u>Region Four – West Central Minnesota Homeland Security Emergency Management Organization</u>

The Region Four – West Central Minnesota Homeland Security Emergency Management Organization was established to provide for regional coordination of planning, training, purchase of equipment, and allocating emergency services and staff in order to better respond to emergencies and natural or other disasters within the region. Control is vested in the Board, which is composed of representatives appointed by each Board of County Commissioners. Morrison County's responsibility does not extend beyond making this appointment.

5. Summary of Significant Contingencies and Other Items

C. Jointly-Governed Organizations (Continued)

3. <u>Minnesota Counties Computer Cooperative</u>

Under Minnesota Joint Powers Law, Minn. Stat. § 471.59, Minnesota counties have created the Minnesota Counties Computer Cooperative (MCCC) to jointly provide for the establishment, operation, and maintenance of data processing systems, facilities, and management information systems. During the year, Morrison County paid the MCCC \$169,176 for services provided.

4. Minnesota Criminal Justice Data Communications Network

The Minnesota Criminal Justice Data Communications Network Joint Powers Agreement exists to create access for the County Sheriff and County Attorney to systems and tools available from the State of Minnesota, Department of Public Safety, and the Bureau of Criminal Apprehension to carry out criminal justice. During the year, Morrison County made no payments to the Network.

5. Sentencing to Service

Morrison County, in conjunction with other local governments, participates in the State of Minnesota's Sentencing to Service (STS) Program. STS is a project of the State Department of Administration's Strive Toward Excellence in Performance (STEP) Program. STEP's goal is a statewide effort to make positive improvements in public services. It gives the courts an alternative to jail or fines for the nonviolent offenders who can work on a variety of community or state projects. Private funding, funds from various foundations, and initiative funds, as well as the Departments of Corrections and Natural Resources, provide the funds needed to operate the STS Program. Although Morrison County has no operational or financial control over the STS Program, Morrison County budgets for a percentage of this program.

The STS Program is a joint effort of Morrison County and the Minnesota Departments of Corrections and Natural Resources. It is designed to have a positive effect by helping inmates meet their court orders and by providing work projects, which improve the management of the state's natural resources. The Morrison County STS Program will enter into agreements with entities qualified as non-profit 501(c)(3) to provide labor for projects.

5. <u>Summary of Significant Contingencies and Other Items</u> (Continued)

D. Tax Abatements

The County is subject to tax abatements granted by cities and other districts within the County, pursuant to Minn. Stat. §§ 469.174-.1794, through a pay-as-you-go note program. Tax increment financing (TIF) can be used to encourage private development, redevelopment, renovation and renewal, growth in low-to-moderate-income housing, and economic development within the city or other district. TIF captures the increase in tax capacity and property taxes (of most taxing jurisdictions, including the County) from development or redevelopment to provide funding for the related project.

The pay-as-you-go note provides for payment to the developer of a percentage of all tax increment received in the prior six months. The payment reimburses the developer for certain public improvements. During 2019, Morrison County had 16 pay-as-you-go notes within the County. The tax increment taxes collected during 2019 totaled \$78,411 for the County and \$40,000 for the Morrison County RDFA component unit. The County's portion of the captured tax capacity and related property taxes was approximately 56 percent.

E. Subsequent Event

On March 11, 2020, the World Health Organization declared the outbreak of a coronavirus (COVID-19) a pandemic. Economic activity decreased in 2020, including gasoline sales taxes collected by the State of Minnesota used for funding County State Aid Highways (CSAH) revenue recorded in the County's Road and Bridge Special Revenue Fund. As a result, a decrease of approximately 15 percent of CSAH revenue is expected to be received for calendar year 2021.

The County expects to receive \$4.1 million in funding under the federal Coronavirus Aid, Relief, and Economic Security (CARES) Act in July 2020. The CARES Act requires the County use the funding to cover eligible expenses incurred due to the COVID-19 public health emergency.

6. Housing and Redevelopment Authority of Morrison County

A. Summary of Significant Accounting Policies

1. Financial Reporting Entity

The Housing and Redevelopment Authority (HRA) of Morrison County is a component unit of Morrison County and is reported in a separate column in the County's financial statements to emphasize that the HRA is a legally separate entity from Morrison County. The HRA of Morrison County operates as a local government unit for the purpose of providing housing and redevelopment services to the local area. The governing body consists of a five-member Board appointed by the County. The financial statements included are as of and for the year ended December 31, 2019.

2. Budget Information

The HRA adopts estimated revenue and expense budgets. Comparisons of estimated revenues and budgeted expenses to actual are not presented in the financial statements. Amendments to the original budget require Board approval. Appropriations lapse at year-end. The HRA does not use encumbrance accounting.

3. Assets, Liabilities, and Equity Accounts

Cash and Cash Equivalents

All checking, savings, certificates of deposit, and cash on hand are included in cash for the cash flow statement. Cash equivalents are considered to be short-term, highly liquid investments that are readily convertible to cash and have original maturities of three months or less.

Investments are stated at fair value, except for non-negotiable certificates of deposit, which are on a cost basis, and short-term money market investments, which are stated at amortized cost. The fair value of investments is based on quoted market prices. Short-term investments are valued at cost, which approximates fair value.

Restricted Cash

Mandatory segregations of assets are presented as restricted cash. Such segregations are required by grantors and other external parties.

6. Housing and Redevelopment Authority of Morrison County

A. Summary of Significant Accounting Policies

3. Assets, Liabilities, and Equity Accounts (Continued)

Capital Assets

Capital assets include property, buildings, and furniture and equipment. All capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated assets are valued at their acquisition value on the date donated. Repairs and maintenance are recorded as expenses. Renewals and betterments are capitalized. Interest has not been capitalized during the construction period on property, plant, and equipment. Depreciation is recorded using the straight-line method over the various lives of the assets, which range from three to ten years.

Liabilities

All liabilities are recorded as incurred.

Compensated Absences

Under the HRA's personnel policies, employees are granted vacation and sick leave in varying amounts based on status and length of service. Vacation amounts range from one day to two days per month. Unpaid vacation pay is generally paid at the time of separation from employment. Sick leave is earned at a rate of up to two days per month, with a maximum accumulation of 100 days. Maximum accumulation for vacation is 24 days.

Net Position

Net position represents the difference between assets and deferred outflows of resources, and liabilities and deferred inflows of resources. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction, or improvements of those assets, and adding back unspent proceeds. Net position is reported as restricted when there are limitations imposed on its use either through the enabling legislations adopted by the HRA or through external restrictions

6. Housing and Redevelopment Authority of Morrison County

A. Summary of Significant Accounting Policies

3. Assets, Liabilities, and Equity Accounts

Net Position (Continued)

imposed by creditors, grantors, or laws or regulations of other governments. Net position is reported as unrestricted when the funds do not meet the definition of restricted or net investment in capital assets.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities, and deferred inflows of resources; and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. Actual results could differ from those estimates.

B. Detailed Notes

1. Deposits and Investments

The HRA is authorized by Minnesota statutes to designate a depository for public funds and to invest in certificates of deposit. The HRA is required by Minnesota statutes to protect HRA deposits with insurance, surety bond, or collateral. The market value of collateral pledged shall be at least ten percent more than the amount on deposit at the close of the financial institution's banking day, not covered by insurance or bonds.

Authorized collateral includes treasury bills, notes and bonds; issues of U.S. government agencies; general obligations rated "A" or better and revenue obligations rated "AA" or better; irrevocable standby letters of credit issued by the Federal Home Loan Bank; and certificates of deposit. Minnesota statutes require that securities pledged as collateral be held in safekeeping in a restricted account at the Federal Reserve Bank or in an account at a trust department of a commercial bank or other financial institution not owned or controlled by the financial institution furnishing the collateral.

6. Housing and Redevelopment Authority of Morrison County

B. Detailed Notes

1. <u>Deposits and Investments</u> (Continued)

Custodial credit risk is the risk that, in the event of a financial institution failure, the HRA's deposits may not be returned to it. As of December 31, 2019, the HRA's deposits were not exposed to custodial credit risk.

As of and during the year ended December 31, 2019, the HRA did not own any investments that required disclosure regarding interest rate risk, credit risk, custodial credit risk, or concentration of credit risk.

As of December 31, 2019, the book balance of the HRA's deposits totaled \$16,973, and the bank balance totaled \$30,871.

The HRA maintains restricted cash in the amount of housing assistance payments equity as required by the grantor. As of December 31, 2019, the restricted cash was \$957.

2. <u>Capital Assets</u>

A summary of the HRA's capital assets at December 31, 2019, follows:

	Beginning Balance		In	crease	Decrease		Ending Balance	
Capital assets depreciated Equipment and other	\$	9,081	\$	-	\$	6,333	\$ 2,748	
Less: accumulated depreciation		7,247		441		6,333	 1,355	
Capital Assets, Net	\$	1,834	\$	(441)	\$	-	\$ 1,393	

Depreciation expense was charged to Housing Choice Vouchers in the amount of \$131, and State/Local Program in the amount of \$310.

6. Housing and Redevelopment Authority of Morrison County

B. <u>Detailed Notes</u> (Continued)

3. <u>Liabilities</u>

Liabilities at December 31, 2019, consisted of the following:

Current liabilities	
Accounts payable (less than 90 days)	\$ 284
Accrued wage/payroll tax payable	2,375
Accrued compensated absences – current portion	3,917
Account payable	 2,670
Total Current Liabilities	\$ 9,246
Noncurrent liabilities	
Accrued compensated absences – noncurrent portion	\$ 9,140

4. <u>Compensated Absences</u>

Changes in compensated absences for the year ended December 31, 2019, were as follows:

Balance – January 1, 2019	\$ 6,972
Net change in compensated absences	6,085
Balance – December 31, 2019	\$ 13,057

5. Special Item

The special item reported in the statement of activities is a repayment of housing assistance payments reserves to the U.S. Department of Housing and Urban Development (HUD) in the amount of \$12,670 per the HCV-Financial Data Schedule.

6. Housing and Redevelopment Authority of Morrison County

B. Detailed Notes (Continued)

6. Risk Management

The HRA is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; workers' compensation claims; and natural disasters. Property and casualty and workers' compensation liabilities are insured. The HRA retains risk for the deductible portions of the insurance. The amounts of these deductibles are considered immaterial to the basic financial statements.

7. Pension Plan

Eligible employees participate in a defined benefit pension plan. Contributions to the plan for the year ended December 31, 2019, were as follows:

Covered Wages	\$ 38,013	
Employer contribution Employee contribution	\$ 3,041 1,901	8.0% 5.0%
Total	\$ 4,942	13.0%

8. <u>Economic Dependency</u>

The HRA is economically dependent on annual contributions and grants from HUD. The HRA operates at a loss prior to receiving contributions and grants from HUD.

NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION FOR THE YEAR ENDED DECEMBER 31, 2019

1. <u>Budgetary Information</u>

The County Board adopts annual budgets for the General Fund and all special revenue funds. These budgets are prepared on the modified accrual basis of accounting. Annual budgets are not adopted for the Debt Service Fund or the Capital Projects Fund.

Based on a process established by the County Board, all departments of the County submit requests for appropriations to the County Administrator each year. After review, analysis, and discussions with the departments, the County Administrator's proposed budget is presented to the County Board for review. The County Board holds public hearings, and a final budget must be prepared and adopted no later than December 31.

The overall budget is prepared by fund, function, and department. The legal level of budgetary control—the level at which expenditures may not legally exceed appropriations—is the function level. Budgets may be amended during the year with proper approval.

2. Excess of Expenditures Over Budget

The following major governmental funds had expenditures in excess of budget at the function level for the year ended December 31, 2019:

	Expenditures						
		Actual	Final Budget		Excess		
General Fund Current							
General government	\$	8,326,870	\$	7,631,789	\$	695,081	
Culture and recreation		322,884		87,275		235,609	
Road and Bridge Special Revenue Fund							
Current							
Highways and streets		15,584,866		12,838,599		2,746,267	
Conservation of natural resources		12,351		12,166		185	
Intergovernmental							
Highways and streets		593,558		-		593,558	
Debt service							
Principal		196,812		-		196,812	
Interest		8,361		-		8,361	
Social Services Special Revenue Fund Current							
Human services		12,594,322		11,115,500		1,478,822	

3. Other Postemployment Benefits Funding Status

In 2018, Morrison County implemented Governmental Accounting Standards Board (GASB) Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. See Note 3.C.9. in the notes to the financial statements for additional information regarding the County's other postemployment benefits.

4. <u>Employer Contributions to Other Postemployment Benefits</u>

Assets have not been accumulated in a trust that meets the criteria in paragraph four of GASB Statement 75 to pay related benefits.

5. Other Postemployment Benefits – Changes in Significant Plan Provisions, Actuarial Methods, and Assumptions

There were no changes in plan provisions, cost allocation procedures, contribution allocation procedures, or methods from the previous measurement. There were no adjustments of prior measurements or use of approximations which would materially impact the results.

6. <u>Defined Benefit Pension Plans – Changes in Significant Plan Provisions, Actuarial Methods, and Assumptions</u>

The following changes were reflected in the valuation performed on behalf of the Public Employees Retirement Association for the year ended June 30:

General Employees Retirement Plan

2019

• The mortality projection scale was changed from MP-2017 to MP-2018.

- The mortality projection scale was changed from MP-2015 to MP-2017.
- The assumed benefit increase rate was changed from 1.00 percent per year through 2044 and 2.50 percent per year thereafter, to 1.25 percent per year.
- The augmentation adjustment in early retirement factors is eliminated over a five-year period starting July 1, 2019, resulting in actuarial equivalence after June 30, 2024.

6. <u>Defined Benefit Pension Plans – Changes in Significant Plan Provisions, Actuarial</u> Methods, and Assumptions

General Employees Retirement Plan

2018 (Continued)

- Interest credited on member contributions decreased from 4.00 percent to 3.00 percent, beginning July 1, 2018.
- Deferred augmentation was changed to 0.00 percent, effective January 1, 2019. Augmentation that has already accrued for deferred members will still apply.
- Contribution stabilizer provisions were repealed.
- Post-retirement benefit increases were changed from 1.00 percent per year with a provision to increase to 2.50 percent upon attainment of 90 percent funding to 50 percent of the Social Security cost of living adjustment, not less than 1.00 percent and not more than 1.50 percent, beginning January 1, 2019.
- For retirements on or after January 1, 2024, the first benefit increase is delayed until the retiree reaches normal retirement age; does not apply to the Rule of 90 retirees, disability benefit recipients, or survivors.
- Actuarial equivalent factors were updated to reflect revised mortality and interest assumptions.

- The Combined Service Annuity (CSA) loads were changed from 0.80 percent for active members and 60 percent for vested and non-vested deferred members (30 percent for deferred Minneapolis Employees Retirement Fund members). The revised CSA loads are now 0.00 percent for active member liability, 15 percent for vested deferred member liability, and 3.00 percent for non-vested deferred member liability.
- The assumed post-retirement benefit increase rate was changed from 1.00 percent per year for all years to 1.00 percent per year through 2044 and 2.50 percent per year thereafter.

6. <u>Defined Benefit Pension Plans – Changes in Significant Plan Provisions, Actuarial</u> Methods, and Assumptions

General Employees Retirement Plan

<u>2017</u> (Continued)

• Minneapolis Employees Retirement Fund plan provisions change the employer supplemental contribution to \$21 million in calendar years 2017 and 2018 and returns to \$31 million through calendar year 2031. The state's required contribution is \$16 million in PERA's fiscal years 2018 and 2019 and returns to \$6 million annually through calendar year 2031.

2016

- The assumed post-retirement benefit increase rate was changed from 1.00 percent per year through 2035 and 2.50 percent per year thereafter, to 1.00 percent for all future years.
- The assumed investment rate was changed from 7.90 percent to 7.50 percent. The single discount rate was also changed from 7.90 percent to 7.50 percent.
- Other assumptions were changed pursuant to the experience study dated June 30, 2015. The assumed payroll growth and inflation were decreased by 0.25 percent. Payroll growth was reduced from 3.50 percent to 3.25 percent. Inflation was reduced from 2.75 percent to 2.50 percent.

Public Employees Police and Fire Plan

2019

• The mortality projection scale was changed from MP-2017 to MP-2018.

- The mortality projection scale was changed from MP-2016 to MP-2017.
- Post-retirement benefit increases changed to 1.00 percent for all years, with no trigger.

6. <u>Defined Benefit Pension Plans – Changes in Significant Plan Provisions, Actuarial</u> Methods, and Assumptions

Public Employees Police and Fire Plan

2018 (Continued)

- An end date of July 1, 2048, was added to the existing \$9.0 million state contribution. Additionally, annual state aid will equal \$4.5 million in fiscal years 2019 and 2020, and \$9.0 million thereafter, until the plan reaches 100 percent funding, or July 1, 2048, if earlier.
- Member contributions were changed effective January 1, 2019, and January 1, 2020, from 10.80 percent to 11.30 and 11.80 percent of pay, respectively. Employer contributions were changed effective January 1, 2019, and January 1, 2020, from 16.20 percent to 16.95 and 17.70 percent of pay, respectively. Interest credited on member contributions decreased from 4.00 percent to 3.00 percent, beginning July 1, 2018.
- Deferred augmentation was changed to 0.00 percent, effective January 1, 2019. Augmentation that has already accrued for deferred members will still apply.
- Actuarial equivalent factors were updated to reflect revised mortality and interest assumptions.

- The assumed salary increases were changed as recommended in the June 30, 2016, experience study. The net effect is proposed rates that average 0.34 percent lower than the previous rates.
- The assumed rates of retirement were changed, resulting in fewer retirements.
- The CSA load was 30 percent for vested and non-vested, deferred members. The CSA load has been changed to 33 percent for vested members and 2.00 percent for non-vested members.

6. <u>Defined Benefit Pension Plans – Changes in Significant Plan Provisions, Actuarial</u> Methods, and Assumptions

Public Employees Police and Fire Plan

2017 (Continued)

- The base mortality table for healthy annuitants was changed from the RP-2000 fully generational table to the RP-2014 fully generational table (with a base year of 2006), with male rates adjusted by a factor of 0.96. The mortality improvement scale was changed from Scale AA to Scale MP-2016. The base mortality table for disabled annuitants was changed from the RP-2000 disabled mortality table to the mortality table assumed for healthy retirees.
- The assumed termination rates were decreased to 3.00 percent for the first three years of service. Rates beyond the select period of three years were adjusted, resulting in more expected terminations overall.
- The assumed percentage of married female members was decreased from 65 percent to 60 percent.
- The assumed age difference was changed from separate assumptions for male members (wives assumed to be three years younger) and female members (husbands assumed to be four years older) to the assumption that males are two years older than females.
- The assumed percentage of female members electing joint and survivor annuities was increased.
- The assumed post-retirement benefit increase rate was changed from 1.00 percent for all years to 1.00 percent per year through 2064 and 2.50 percent thereafter.
- The single discount rate was changed from 5.60 percent per annum to 7.50 percent per annum.

6. <u>Defined Benefit Pension Plans – Changes in Significant Plan Provisions, Actuarial Methods, and Assumptions</u>

<u>Public Employees Police and Fire Plan</u> (Continued)

2016

- The assumed post-retirement benefit increase rate was changed from 1.00 percent per year through 2037 and 2.50 percent per year thereafter, to 1.00 percent for all future years.
- The assumed investment rate was changed from 7.90 percent to 7.50 percent. The single discount rate was changed from 7.90 percent to 5.60 percent.
- The assumed payroll growth and inflation were decreased by 0.25 percent. Payroll growth was reduced from 3.50 percent to 3.25 percent. Inflation was reduced from 2.75 percent to 2.50 percent.

Public Employees Local Government Correctional Service Retirement Plan

2019

• The mortality projection scale was changed from MP-2017 to MP-2018.

- The single discount rate was changed from 5.96 percent per annum to 7.50 percent per annum.
- The mortality projection scale was changed from MP-2016 to MP-2017.
- The assumed post-retirement benefit increase was changed from 2.50 percent per year to 2.00 percent per year.
- The augmentation adjustment in early retirement factors is eliminated over a five-year period starting July 1, 2019, resulting in actuarial equivalence after June 30, 2024.
- Interest credited on member contributions decreased from 4.00 percent to 3.00 percent, beginning July 1, 2018.

6. <u>Defined Benefit Pension Plans – Changes in Significant Plan Provisions, Actuarial</u> Methods, and Assumptions

Public Employees Local Government Correctional Service Retirement Plan

<u>2018</u> (Continued)

- Deferred augmentation was changed to 0.00 percent, effective January 1, 2019. Augmentation that has already accrued for deferred members will still apply.
- Post-retirement benefit increases were changed from 2.50 percent per year with a provision to reduce to 1.00 percent if the funding status declines to a certain level, to 100 percent of the Social Security cost of living adjustment, not less than 1.00 percent and not more than 2.50 percent, beginning January 1, 2019. If the funding status declines to 85 percent for two consecutive years, or 80 percent for one year, the maximum increase will be lowered to 1.50 percent.
- Actuarial equivalent factors were updated to reflect revised mortality and interest assumptions.

- The base mortality table for healthy annuitants was changed from the RP-2000 fully generational table to the RP-2014 fully generational table (with a base year of 2006), with male rates adjusted by a factor of 0.96. The mortality improvement scale was changed from Scale AA to Scale MP-2016 and is applied to healthy and disabled members. The base mortality table for disabled annuitants was changed from the RP-2000 disabled mortality table to the RP-2014 disabled annuitant mortality table (with future mortality improvement according to Scale MP-2016).
- The CSA load was 30 percent for vested and non-vested, deferred members. The CSA load has been changed to 35 percent for vested members and 1.00 percent for non-vested members.
- The single discount rate was changed from 5.31 percent per annum to 5.96 percent per annum.

6. <u>Defined Benefit Pension Plans – Changes in Significant Plan Provisions, Actuarial</u> Methods, and Assumptions

Public Employees Local Government Correctional Service Retirement Plan (Continued)

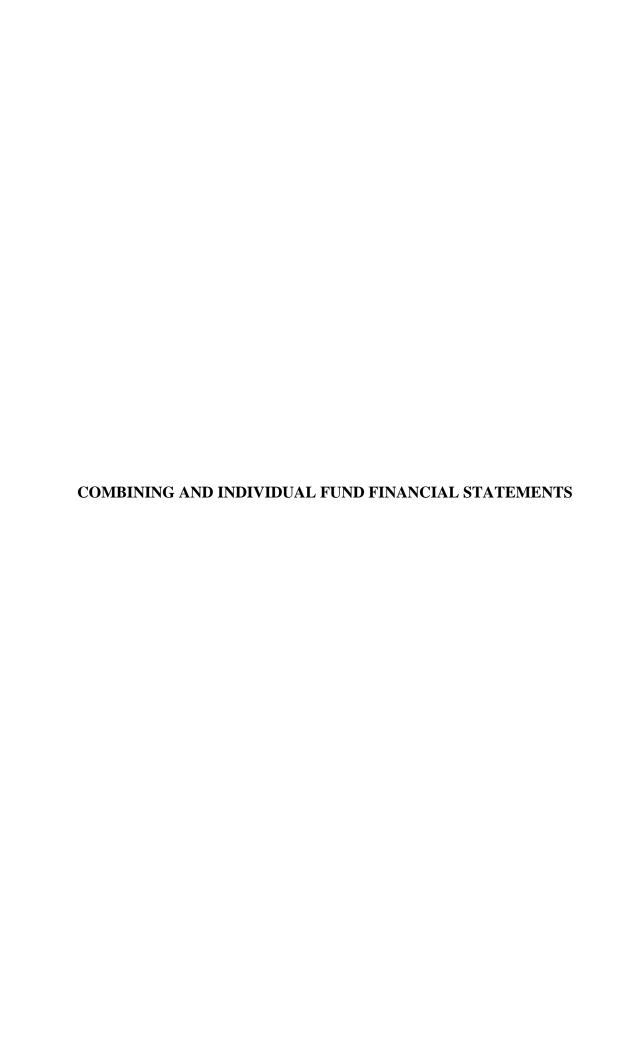

<u>2016</u>

- The assumed investment rate was changed from 7.90 percent to 7.50 percent. The single discount rate was changed from 7.90 percent to 5.31 percent.
- The assumed payroll growth and inflation were decreased by 0.25 percent. Payroll growth was reduced from 3.50 percent to 3.25 percent. Inflation was reduced from 2.75 percent to 2.50 percent

NONMAJOR FUNDS

SPECIAL REVENUE FUNDS

The special revenue funds are used to account for the proceeds of specific revenue sources that are legally or administratively restricted to expenditures for specified purposes.

<u>County Building</u> – to account for funds accumulated for the repair of buildings used for County administration. Financing is provided primarily by an annual property tax levy.

<u>County Parks</u> – to account for the operation, maintenance, and development of the County's park system, including acquisition of land, park development, park maintenance, and administration of park activities. Financing is provided primarily by an annual property tax levy, and state and federal grants.

AGENCY FUNDS

The agency funds are used to account for assets held by the County as an agent for other governmental units, individuals, or private organizations.

<u>Local Collaborative</u> – to account for the collection and payment of amounts due to the Morrison County Interagency Coordinating Council.

<u>Motor Vehicle</u> – to account for the collection and payment of fees and licenses for motor vehicles, boats, and snowmobiles.

<u>Special Districts</u> – to account for the collection and distribution of tax levies for districts other than schools, towns, and cities.

 $\underline{School\ Districts}$ – to account for the collection and distribution of tax levies for school districts.

<u>State Revenue</u> – to account for transfers of the State of Minnesota's share of mortgage registry taxes.

NONMAJOR FUNDS

AGENCY FUNDS (Continued)

<u>Towns and Cities</u> – to account for the collection and distribution of tax levies for towns and cities.

<u>Morrison, Todd, and Wadena Board of Health</u> – to account for the receipts and disbursements of the Morrison, Todd, and Wadena Board of Health.

<u>Forfeited Land</u> – to account for all funds collected per state statute for sales of property forfeited for unpaid taxes.

<u>Taxes and Penalties</u> – to account for the collection and distribution of taxes and penalties to the various taxing districts.

NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS FOR THE YEAR ENDED DECEMBER 31, 2019

1. <u>Summary of Significant Accounting Policies</u>

A. Reporting Entity

The Schedule of Expenditures of Federal Awards presents the activities of federal award programs expended by Morrison County. The County's reporting entity is defined in Note 1 to the financial statements. The schedule does not include \$459,089 in federal awards expended by the Housing and Redevelopment Authority of Morrison County component unit, which was audited by other auditors.

B. Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards includes the federal grant activity of Morrison County under programs of the federal government for the year ended December 31, 2019. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the schedule presents only a selected portion of the operations of Morrison County, it is not intended to and does not present the financial position or changes in net position of Morrison County.

Expenditures reported on the schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

2. De Minimis Cost Rate

Morrison County has elected to not use the ten percent de minimis indirect cost rate allowed under the Uniform Guidance.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Independent Auditor's Report

Board of County Commissioners Morrison County Little Falls, Minnesota

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Morrison County, Minnesota, as of and for the year ended December 31, 2019, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated September 10, 2020. Our report includes a reference to other auditors who audited the financial statements of the Housing and Redevelopment Authority of Morrison County, a discretely presented component unit, as described in our report on Morrison County's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors. This report does not include the results of our audit testing of the Morrison County Rural Development Finance Authority component unit's internal control over financial reporting or compliance and other matters that are reported on separately within the Management and Compliance Section.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Morrison County's internal control over financial reporting to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over financial reporting.

A deficiency in internal control over financial reporting exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control over financial reporting such that there is a reasonable possibility that a material misstatement of the County's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or combination of deficiencies, in internal control over financial reporting that is less severe than a material weakness, yet important enough to merit the attention of those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit, we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. We did identify a deficiency in internal control over financial reporting, described in the accompanying Schedule of Findings and Questioned Costs as item 2019-001, that we consider to be a significant deficiency.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Morrison County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Minnesota Legal Compliance

In connection with our audit, nothing came to our attention that caused us to believe that Morrison County failed to comply with the provisions of the contracting and bidding, deposits and investments, conflicts of interest, public indebtedness, claims and disbursements, and miscellaneous provisions sections of the *Minnesota Legal Compliance Audit Guide for Counties*, promulgated by the State Auditor pursuant to Minn. Stat. § 6.65, insofar as they relate to accounting matters. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the County's noncompliance with the above referenced provisions, insofar as they relate to accounting matters.

Other Matters

Included in the Schedule of Findings and Questioned Costs is a management practices comment. We believe this recommendation to be of benefit to the County, and it is reported for that purpose.

Morrison County's Response to Findings

Morrison County's responses to the internal control and management practices findings identified in our audit are described in the Corrective Action Plan. The County's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control over financial reporting, compliance, and the provisions of the *Minnesota Legal Compliance Audit Guide for Counties* and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control over financial reporting or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance. Accordingly, this communication is not suitable for any other purpose.

(651) 296-2551 (Voice) (651) 296-4755 (Fax) state.auditor@state.mn.us (E-mail) 1-800-627-3529 (Relay Service)

REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE

Independent Auditor's Report

Board of County Commissioners Morrison County Little Falls, Minnesota

Report on Compliance for Each Major Federal Program

We have audited Morrison County's compliance with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Compliance Supplement* that could have a direct and material effect on each of the County's major federal programs for the year ended December 31, 2019. Morrison County's major federal programs are identified in the Summary of Auditor's Results section of the accompanying Schedule of Findings and Questioned Costs.

Morrison County's basic financial statements include the operations of the Housing and Redevelopment Authority (HRA) of Morrison County component unit, which expended \$459,089 in federal awards during the year ended December 31, 2019, which are not included in the Schedule of Expenditures of Federal Awards. Our audit, described below, did not include the operations of the HRA of Morrison County because the HRA of Morrison County was audited by other auditors.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Morrison County's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative*

Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Morrison County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the County's compliance.

Opinion on Each Major Federal Program

In our opinion, Morrison County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2019.

Report on Internal Control Over Compliance

Management of Morrison County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit the attention of those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS FOR THE YEAR ENDED DECEMBER 31, 2019

I. SUMMARY OF AUDITOR'S RESULTS

Financial Statements

Type of report the auditor issued on whether the financial statements audited were prepared in accordance with GAAP: **Unmodified**

Internal control over financial reporting:

- Material weaknesses identified? **No**
- Significant deficiencies identified? Yes

Noncompliance material to the financial statements noted? **No**

Federal Awards

Internal control over major programs:

- Material weaknesses identified? No
- Significant deficiencies identified? None reported

Type of auditor's report issued on compliance for major federal programs: **Unmodified**

Any audit findings disclosed that are required to be reported in accordance with 2 CFR 200.516(a)? **No**

The major federal programs are:

Highway Planning and Construction Cluster
Highway Planning and Construction
Recreational Trails Program
Child Support Enforcement
CFDA No. 20.219
CFDA No. 93.563

The threshold for distinguishing between Types A and B programs was \$750,000.

Morrison County qualified as a low-risk auditee? No

SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED) FOR THE YEAR ENDED DECEMBER 31, 2019

II. FINDINGS RELATED TO FINANCIAL STATEMENTS AUDITED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

INTERNAL CONTROL

Finding Number: 2019-001

Prior Year Finding Number: 1996-002

Repeat Finding Since: 1996

Segregation of Duties

Criteria: A good system of internal control provides for an adequate segregation of duties so that no one individual handles a transaction from its inception to completion.

Condition: Several County departments that collect fees lack proper segregation of duties, including the Attorney, Land Services, Public Health, Sheriff, and Extension Departments. These departments generally have one staff person who is responsible for billing, collecting, recording, and depositing receipts, as well as reconciling bank accounts.

Context: Due to the limited number of office personnel within the County, segregation of the accounting functions necessary to ensure adequate internal accounting control is not possible. This is not unusual in operations the size of Morrison County; however, the County's management should constantly be aware of this condition and realize that the concentration of duties and responsibilities in a limited number of individuals is not desirable from an accounting point of view.

Effect: Inadequate segregation of duties could adversely affect the County's ability to detect misstatements in amounts that would be material in relation to the financial statements in a timely period by employees in the normal course of performing their assigned functions.

Cause: The County informed us it does not have the economic resources needed to hire additional qualified accounting staff in order to segregate duties in every department.

MORRISON COUNTY LITTLE FALLS, MINNESOTA

SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED) FOR THE YEAR ENDED DECEMBER 31, 2019

Recommendation: We recommend the County's elected officials and management be aware of the lack of segregation of the accounting functions and, where possible, implement oversight procedures to ensure that the internal control policies and procedures are being implemented by staff to the extent possible.

View of Responsible Official: Acknowledged

III. FINDINGS AND QUESTIONED COSTS FOR FEDERAL AWARD PROGRAMS

None.

IV. OTHER FINDINGS AND RECOMMENDATIONS

MANAGEMENT PRACTICES

Finding Number: 2019-002

Prior Year Finding Number: 2015-003

Repeat Finding Since: 2015

Property and Evidence Room

Criteria: Management is responsible for establishing and maintaining internal controls. The County should have sufficient controls in place over the property and evidence room to ensure the adequate safeguarding and control of property and evidence.

Condition: The following issues were noted during review of the County's property and evidence room procedures:

- An excessive number of individuals have direct access to certain items located in the property and evidence facilities. These items include refrigerated items and the part-time locker, which is shared by all part-time deputies.
- There are no surveillance cameras in either of the evidence rooms or the evidence storage shed to record the activity of those entering the facilities.

MORRISON COUNTY LITTLE FALLS, MINNESOTA

SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED) FOR THE YEAR ENDED DECEMBER 31, 2019

• There is no periodic monitoring of the property and evidence room to verify an item is located where it should be or was properly disposed of.

Context: Only the main property and evidence custodian and his/her supervisor should have direct access to the items located in the property and evidence room. Deputies should check in/out items with the property and evidence custodian, and all activity should be noted on the record log. Items should be placed in a specific location within the property and evidence room and noted as such on the record log.

Effect: The County is at greater risk for the personal use of property and evidence items, tampering of property and evidence, and misplaced/lost items.

Cause: The County has no formal policies and procedures over the property and evidence room other than a policy on disposal of evidence. However, the County is waiting until the Government Center remodel project is completed to implement new procedures.

Recommendation: We recommend the County implement policies and procedures over its property and evidence facilities to reduce these risks to an acceptable level. A limited number of staff should have direct access to the property and evidence storage areas.

REPRESENTATION OF MORRISON COUNTY LITTLE FALLS, MINNESOTA

SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS FOR THE YEAR ENDED DECEMBER 31, 2019

Finding Number: 1996-002

Finding Title: Segregation of Duties

Summary of Condition: Several County departments that collect fees lack proper segregation of duties, including the Attorney, Corrections, Jail, Land Services, Public Health, and Sheriff Departments. These departments generally have one staff person who is responsible for billing, collecting, recording, and depositing receipts, as well as reconciling bank accounts.

Summary of Corrective Action Previously Reported: Morrison County management is aware of this situation and will continue to periodically review its internal control procedures and modify its procedures as necessary to address any issues related to the lack of segregation of duties.

Status: Not Corrected. The County's limited staff in many departments prevents complete segregation of duties. The County periodically reviews its internal control processes and implements compensating controls as needed to address the lack of segregation of duties. Please see Corrective Action Plan for further information.

repoi	rted?									
Yes	ľ	No Y	K							

Finding Number: 2015-001 Finding Title: Eligibility

Program: Medical Assistance Program (CFDA No. 93.778)

Summary of Condition: The Minnesota Department of Human Services maintains the computer system, MAXIS, which is used by the County to support the eligibility determination process. In the case files tested for compliance with eligibility requirements, not all documentation was available, updated, or input correctly to support participant eligibility.

Summary of Corrective Action Previously Reported: Results of the audit were reviewed with staff at a unit meeting on September 5, 2019 and will continue to review at quarterly unit meetings. The rules and regulations regarding federal requirements were also reviewed with staff at the September 5, 2019, unit meeting. Staff will be informed of all verifications and documents received that must be entered in the MAXIS case. Staff will review SPAN in MAXIS and use a checklist to ensure all updates are made. A peer review program has been implemented to assure that required documentation is present and that MAXIS panels are completed. Peer reviews will be completed monthly and submitted to their direct supervisor. Results will be shared with the eligibility worker. The supervisor will send a unit e-mail identifying specific errors to serve as a reminder to the entire staff. The Department will mandate the Health Care refresher courses or all staff in train link to be completed within 2019. Morrison County Social Services actively seeks to ensure that ALL the aforementioned is executed.

Status: Not Corrected. The County continues to address these issues with employees on both an individual and group basis. The County conducts random case reviews to identify recurring problems.

Finding Number: 2015-003

Finding Title: Property and Evidence Room

Summary of Condition: The following issues were noted during review of the County's property and evidence room procedures: 1) an excessive number of individuals have direct access to certain items located in the property and evidence facilities; 2) there are no surveillance cameras in either of the evidence rooms or the evidence storage shed to record the activity of those entering the facilities, and; 3) there is no periodic monitoring of the property and evidence rooms to verify an item is where it should be or was properly disposed of.

Summary of Corrective Action Previously Reported: Only the Sheriff, Chief Deputy, and the two investigators have access effective immediately. They will also be doing random checks of evidence. The Auditor advised the Chief Deputy that this would be fine until the remodel, which should be completed in 2019.

Status: Not Corrected. The Government Center remodeling project is not scheduled for completion until late 2020. Any changes to property and evidence room policies and procedures would not be made until then. Periodic checks are done to make sure evidence is properly maintained. Please see Corrective Action Plan for further information.

Was corrective action taken significantly different than the action previously reported? Yes $___$ No $_X$

Finding Number: 2017-002

Finding Title: Procurement, Suspension, and Debarment Program: Medical Assistance Program (CFDA No. 93.778)

Summary of Condition: Of two procurement transactions over \$3,500 tested for compliance with federal regulations, one instance was noted where the County had no documentation to meet the requirements of the history of procurement or full and open competition. Additionally, there was no verification performed by the County to determine whether vendors were debarred or suspended or whether other exclusions existed.

Summary of Corrective Action Previously Reported: Morrison County has contracts with Northern Pines Mental Health Center for In-Home services which may be MA reimbursable. Social Services contracts with a number of other providers for in-home services to support families and prevent or decrease the amount of time a child may be in out-of-home care. Our agency will contract with any agency that is willing to provide in-home and has staff available because we do not have enough providers to manage the workload and there is always a waiting list. As an organization, if we are willing to contract with any provider that is able to provide the service, then we would not be procuring as it is not a competitive process. Northern Pines is the largest provider and does a majority of our in-home services.

Morrison County Social Services works with Information Systems Corporation for a technology system that creates efficiencies in our work with families in financial assistance. Our agency does not have the documentation required under procurement because of the length of time they have been working with our organization. Given the special nature of the services they provide, Morrison County would not go out and procure each year for this service as they created a technology program that meets our needs and we now pay an annual maintenance agreement to support and update the system.

Morrison County Social Services and Public Health will review the process for contracting with ISC and place in their contract folder information that indicates how the decision was made to use their services as an agency. As we begin to update our contracts in 2020, language will be placed in contracts that are well established indicating whether or not they were procured and if not, why. Morrison County Social Services and Public Health will follow the Morrison County procurement policy when developing contracts for new services or providers where a competitive process is required.

Status:	Not Corrected.	The County	continues	to	address	these	issues	as	new	contracts
are enter	ed into.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Independent Auditor's Report

Board of Commissioners Morrison County Rural Development Finance Authority Little Falls, Minnesota

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of Morrison County, Minnesota, which include as supplementary information, the financial statements of the Morrison County Rural Development Finance Authority (RDFA), a discretely presented component unit, as of and for the year ended December 31, 2019, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated September 10, 2020.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Morrison County RDFA's internal control over financial reporting to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the RDFA's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the RDFA's internal control over financial reporting.

A deficiency in internal control over financial reporting exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control over financial reporting such that there is a reasonable possibility that a material misstatement of the Morrison County RDFA's financial statements will not be prevented, or detected and corrected, on a timely

basis. A significant deficiency is a deficiency, or combination of deficiencies, in internal control over financial reporting that is less severe than a material weakness, yet important enough to merit the attention of those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit, we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. We did identify a deficiency in internal control over financial reporting, described in the accompanying Schedule of Findings and Recommendations as item 2019-001, that we consider to be a significant deficiency.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Morrison County RDFA's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Minnesota Legal Compliance

In connection with our audit, nothing came to our attention that caused us to believe that the Morrison County RDFA failed to comply with the provisions of the deposits and investments, conflicts of interest, claims and disbursements, miscellaneous provisions, and tax increment financing sections of the *Minnesota Legal Compliance Audit Guide for Other Political Subdivisions*, promulgated by the State Auditor pursuant to Minn. Stat. § 6.65, insofar as they relate to accounting matters. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the RDFA's noncompliance with the above referenced provisions, insofar as they relate to accounting matters.

Morrison County RDFA's Response to Findings

The Morrison County RDFA's response to the internal control finding identified in our audit is described in the Corrective Action Plan. The RDFA's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control over financial reporting, compliance, and the provisions of the *Minnesota Legal Compliance Audit Guide for Other Political Subdivisions* and the results of that testing, and not to provide an opinion on the effectiveness of the RDFA's internal control over financial reporting or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the RDFA's internal control over financial reporting and compliance. Accordingly, this communication is not suitable for any other purpose.

MORRISON COUNTY RURAL DEVELOPMENT FINANCE AUTHORITY LITTLE FALLS, MINNESOTA

SCHEDULE OF FINDINGS AND RECOMMENDATIONS FOR THE YEAR ENDED DECEMBER 31, 2019

I. FINDINGS RELATED TO FINANCIAL STATEMENTS AUDITED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

INTERNAL CONTROL

PREVIOUSLY REPORTED ITEM NOT RESOLVED

Finding Number: 2019-001

Prior Year Finding Number: 2011-001

Repeat Finding Since: 2011

Segregation of Duties

Criteria: A good system of internal controls provides for an adequate segregation of duties so that no one individual handles a transaction from its inception to completion.

Condition: The accounting functions over cash handling and receipting of the Morrison County Rural Development Finance Authority (RDFA) lack proper segregation of duties. The RDFA has one individual responsible for receipting, recording, and depositing receipts, as well as reconciling bank accounts.

Context: Due to the limited number of staff within the RDFA, segregation of the accounting functions necessary to ensure adequate internal accounting control is not possible. This is not unusual in operations the size of the RDFA; however, the RDFA's management should constantly be aware of this condition and realize that the concentration of duties and responsibilities in one individual is not desirable from an accounting point of view.

Effect: Inadequate segregation of duties could adversely affect the RDFA's ability to detect misstatements in amounts that would be material in relation to the financial statements.

Cause: The RDFA informed us it does not have the economic resources available to hire additional qualified accounting staff to adequately segregate duties.

MORRISON COUNTY RURAL DEVELOPMENT FINANCE AUTHORITY LITTLE FALLS, MINNESOTA

SCHEDULE OF FINDINGS AND RECOMMENDATIONS (CONTINUED) FOR THE YEAR ENDED DECEMBER 31, 2019

Recommendation: We recommend the RDFA's officials and management be aware of the lack of segregation of the accounting functions and, where possible, implement oversight procedures to ensure that the internal control policies and procedures are being implemented by staff to the extent possible.

REPRESENTATION OF MORRISON COUNTY RURAL DEVELOPMENT FINANCE AUTHORITY LITTLE FALLS, MINNESOTA

SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS FOR THE YEAR ENDED DECEMBER 31, 2019

Finding Number: 2011-001

Finding Title: Segregation of Duties

Summary of Condition: The accounting functions over cash handling and receipting of the Morrison County Rural Development Finance Authority (RDFA) lack proper segregation of duties. The RDFA has one individual responsible for receipting, recording, and depositing receipts as well as reconciling bank accounts.

Summary of Corrective Action Previously Reported: Management is aware of this situation and will continue to periodically review its internal control procedures and modify its procedures as necessary to address any issues related to the lack of segregation of duties.

Status: Not Corrected. The Authority's limited staff prevents complete segregation of duties. Please see Corrective Action Plan for further information.
