ST. PAUL (10/27/2016) – State Auditor Rebecca Otto today released the 2015 Analysis of Municipal Liquor Store Operations. The report provides comparative data on liquor operations owned and operated by Minnesota cities.

Minnesota municipalities were originally authorized to own and operate liquor establishments as a means of controlling the sale of alcohol. For many communities in Greater Minnesota, municipal liquor operations provide access and convenience in areas that might be unable to attract a privately-run establishment. In addition to these functions, profitable municipal liquor operations have provided another source of revenue to supplement traditional tax and fee revenues.

In 2015, 193 Minnesota cities operated 226 municipal liquor stores, with 98 cities operating both on-sale and off-sale liquor establishments and 95 cities restricting their municipally-owned establishments to off-sale liquor stores. While the majority of municipally-owned liquor stores are located in Greater Minnesota, 19 cities within the Seven-County Metro Area own and operate liquor establishments.

Highlights from the report include:

- During 2015, Minnesota's municipal liquor operations reported a 20th consecutive year of record sales, totaling \$337.2 million. Total sales generated in 2015 increased by \$1.6 million, or 0.5 percent, over 2014. Among individual liquor operations that were in business for all of 2015, total sales ranged from \$113,381 in Round Lake to \$13.6 million in Lakeville.
- The combined net profit of all municipal liquor operations totaled \$24.9 million in 2015. This represents a decrease of \$2.3 million, or 8.6 percent, from the amount generated in 2014.

- During 2015, Minnesota’s municipal liquor stores had net transfers (transfers out minus transfers in) of \$19.1 million to other city funds. This represents a slight decrease (0.04 percent) from the total net transfers made in 2014. Net transfers totaled \$6.3 million among Metro Area establishments, compared to \$12.8 million for Greater Minnesota establishments.
- Municipal liquor operations located within the Metro Area are considerably larger and more profitable than their Greater Minnesota counterparts. Although only 19 of the 193 Minnesota cities (9.8 percent) that own and operate municipal liquor stores are located in the Metro Area, they represent 34.9 percent of the total sales and 27.3 percent of the net profits of municipal liquor operations. Sales by all Metro Area municipal liquor operations averaged \$3.0 million in 2015, compared to average sales of \$1.2 million for all Greater Minnesota operations.
- Over the past five years, net profits have increased 6.5 percent. Among off-sale stores, there was a 2.4 percent increase in net profits, while on-sale stores showed an increase of 39.1 percent.
- Thirty-four Minnesota cities reported net losses for 2015 (no change from 2014). The 34 cities with losses are all located in Greater Minnesota.

The Office of the State Auditor is a constitutional office that is charged with overseeing more than \$20 billion spent annually by local governments in Minnesota. The Office of the State Auditor does this by performing audits of local government financial statements, and by reviewing documents, data, reports, and complaints reported to the Office. The financial information collected from local governments is analyzed and is the basis of statutory reports issued by the Office of the State Auditor.
