RE: Performance Measurement Survey Results

#### **Background:**

In 2010, the Minnesota Legislature created the Council on Local Results and Innovation. In February 2011, the Council released a standard set of ten performance measures for cities that will aid residents, taxpayers, and state and local elected officials in determining the efficacy of cities in providing services and measure residents' opinions of those services.

A city that elects to participate in the standard measures/performance measurement program is eligible for a reimbursement of \$0.14 per capita, not to exceed \$25,000 and is also exempt from levy limits under sections 275.50 and 275.74 for taxes payable in the following calendar year, if levy limits are in effect.

In 2019, the Robbinsdale City Council approved the first Resolution adopting ten of the performance measures developed by the Council on Local Results and Innovation. The same questions were used in 2020, 2021, 2022, and on the 2023 survey. In order for the City to qualify for the program, the City Council must adopt the resolution on an annual basis. Outreach measures included social media posting, utility bill inserts, and inclusion in the Birdtown Brief, Robbinsdale's weekly digital newsletter.

To qualify for the reimbursement, the survey results and approved Resolution must be submitted by staff to the State Auditor's Office by July 1<sup>st</sup>.

#### **Conclusion:**

The 2023 survey was live on the City website from May 1<sup>st</sup> to May 31<sup>st</sup>, 2023. The City received 537 total responses to the 2023 performance measurement survey, which is an increase from 353 in 2022. The survey had 14 total questions.

A comparison of performance measurement results from 2022 vs. 2023 is shown in graph form on **Exhibit 2**.

#### **Recommendation:**

Motion to approve Resolution #\_\_\_\_, "A RESOLUTION DECLARING ADOPTION AND IMPLEMENTATION OF STATE PERFORMANCE MEASURES" as shown in **Exhibit 1.**
