### State of Minnesota

Julie Blaha State Auditor

# Partnership4Health Community Health Board Moorhead, Minnesota

Year Ended December 31, 2022

#### **Description of the Office of the State Auditor**

The Office of the State Auditor (OSA) helps ensure financial integrity and accountability in local government financial activities. The OSA is the constitutional office that oversees more than \$40 billion in annual financial activity by local governments and approximately \$20 billion of federal funding financial activity.

The OSA performs around 90 financial and compliance audits per year and has oversight responsibilities for over 3,300 local units of government throughout the state. The office maintains the following seven divisions:

- **Audit Practice**: Helps ensure fiscal integrity by conducting financial and compliance audits of local governments and the federal compliance audit of the State of Minnesota.
- **Constitution:** Connects with the public via external communication, media relations, legislative coordination, and public engagements for the State Auditor.

This division also supports the State Auditor's service on the State Executive Council, State Board of Investment, Land Exchange Board, Public Employees Retirement Association Board, Minnesota Housing Finance Agency, the Minnesota Historical Society, and the Rural Finance Authority Board.

- Government Information: Collects, analyzes, and shares local government financial data to
  assist in policy and spending decisions; administers and supports financial tools including the
  Small Cities and Towns Accounting System (CTAS) software and infrastructure comparison tools.
- Legal/Special Investigations: Provides legal analysis and counsel to the OSA and responds to
  outside inquiries about Minnesota local law relevant to local government finances; investigates
  local government financial records in response to specific allegations of theft, embezzlement, or
  unlawful use of public funds or property.
- **Operations:** Ensures the office runs efficiently by providing fiscal management and technology support to the office.
- **Pension:** Analyzes investment, financial, and actuarial reporting for Minnesota's local public pension plans and monitors pension plan operations.
- **Tax Increment Financing (TIF)**: Promotes compliance and accountability in local governments' use of tax increment financing through education, reporting, and compliance reviews.

This document can be made available in alternative formats upon request. Call 651-296-2551 [voice] or 1-800-627-3529 [relay service] for assistance or visit the Office of the State Auditor's website: www.osa.state.mn.us

#### **STATE OF MINNESOTA**

#### Julie Blaha State Auditor

Suite 500 525 Park Street Saint Paul, MN 55103

#### **Independent Auditor's Report**

Community Health Board Partnership4Health Community Health Board Moorhead, Minnesota

#### Report on the Audit of the Financial Statements

#### **Opinions**

We have audited the financial statements of the governmental activities and the General Fund of Partnership4Health Community Health Board (Partnership4Health), as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise Partnership4Health's basic financial statements, as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the General Fund of Partnership4Health as of December 31, 2022, and the respective changes in financial position thereof and the budgetary comparison of the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Partnership4Health, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Partnership4Health's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

#### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions.

Reasonable assurance is a high level of assurance but is not absolute assurance, and therefore, is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America and *Government Auditing Standards*, we:

- exercise professional judgment and maintain professional skepticism throughout the audit;
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements;
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are
  appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of
  Partnership4Health's internal control. Accordingly, no such opinion is expressed;
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting
  estimates made by management, as well as evaluate the overall presentation of the financial statements; and
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Partnership4Health's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### **Supplementary Information**

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Partnership4Health's basic financial statements. The Schedule of Intergovernmental Revenue and Schedule of Expenditures of Federal Awards and related notes, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other

records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Supplementary Information as identified above is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 14, 2023, on our consideration of Partnership4Health's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Partnership4Health's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Partnership4Health's internal control over financial reporting and compliance.

### Management's Discussion and Analysis December 31, 2022

(Unaudited)

#### Introduction

Partnership4Health Community Health Board's (Partnership4Health) Management's Discussion and Analysis (MD&A) provides an overview of Partnership4Health's financial activities for the fiscal year ended December 31, 2022. Since this information is designed to focus on the current year's activities, resulting changes, and currently known facts, it should be read in conjunction with the financial statements.

Partnership4Health is a joint powers governmental operation of Becker, Clay, Otter Tail, and Wilkin Counties, created with the intention to establish and maintain an integrated and cooperative system of community health services under local administration and within a system of state guidelines and standards, for the mutual benefit of the joint participants. Partnership4Health serves as the conduit to distribute grants received by other governments to the public health programs of the counties within the joint powers' entity.

#### **Overview of the Financial Statements**

This MD&A is intended to serve as an introduction to the basic financial statements. Partnership4Health's basic financial statements consist of two statements that combine government-wide financial statements and fund financial statements, a budgetary comparison statement, and notes to the financial statements. The MD&A (this section) is required to accompany the basic financial statements and, therefore, is included as required supplementary information.

Revenues decreased in 2022, primarily due to addition of COVID-19 funding as well as an increase in Public Health Emergency Preparedness (PHEP), Temporary Assistance for Needy Family (TANF), Statewide Health Improvement Project (SHIP), and Local Public Health Aid (LPHA) funding sources. The additional funding sources covered the decrease in Evidence Based Home Visiting (EBHV) and Good Food Guidelines. There were slight changes in the remaining funding sources.

#### **Budgetary Highlights**

Partnership4Health's Board did not make any budgetary amendments/revisions in 2022, the COVID-19 funding generated less revenue than anticipated at the time budgets were prepared and presented to the Board for adoption.

Actual revenues were less than budgeted revenues by \$1,340,827; expenditures were also less than budgeted. Factors contributing to grant changes and variations of grant revenues are the funding cycles that span more than one calendar year as well as COVID-19 funding budgeted higher than experienced because of vaccine hesitancy.

Known funding sources at the time the budget is developed are included in the Partnership4Health budgets. Revenues came in lower than expected (budgeted) due to variations in grant allocations during

the budget cycle and unknown COVID-19 funding for vaccine and staffing required in 2022 after vaccine needs diminished.

#### **Economic Factors and Next Year's Budgets**

Partnership4Health Community Health Board will continue to utilize a member county (Clay) as our fiscal agent. The funding for Partnership4Health will include dollars from state, federal, and local grants. The year-to-year uncertainty of these funds, particularly the state and federal grant dollars, creates planning challenges. Partnership4Health will continue to focus on efficiency and effectiveness in service delivery to provide for meeting the needs of the population served within the allocated resources.

Coronavirus (COVID-19) had a substantial impact on the funding and expenses related to a variety of funding sources. While COVID-19 expenses were funded by several sources of revenue in 2021 and 2022, counties had to rely on local support for some COVID-19 expenses. An unclear picture of COVID-19 vaccine utilization and continued vaccine intervals caused a smaller budget to actual variance then previous years.

The increase in Local Public Health Aid awarded in mid-2021 to help minimize the impact of COVID-19 on Local Public Health departments continued into 2022.

Staff started to return to pre-pandemic duties throughout 2022. Some areas experienced a reduction in caseloads during 2020 through 2022 and required extra effort to bring clients back into the programs offered. As a result, grant funding/ budget modifications were submitted to the granting agency to shift salaries and benefits to other grant activities to ensure grants were fully expended.

#### **Contacting Partnership4Health's Financial Management**

This financial report is designed to provide our citizens, taxpayers, customers, and creditors with a general overview of Partnership4Health's finances and to show Partnership4Health's accountability for the money it receives. If you have questions about this report or need additional financial information, contact Partnership4Health Co-CHS Administrator, Kathy McKay, c/o Clay County Public Health, 715 11<sup>th</sup> St N Suite #303, Moorhead, Minnesota 56560: phone 218-299-7186 or email Kathy.mckay@claycountymn.gov.

Reconciliation of the General Fund Revenues, Expenditures, and Changes in Fund Balance to the Statement of Activities

In the fund, under the modified accrual basis, receivables not available for expenditures are deferred. In the statement of activities, those revenues are recognized along with an equal amount of expenses when earned. The adjustment to revenues between the General Fund and the statement of activities is the change in unavailable revenue.

Notes to the Financial Statements
As of and for the Year Ended December 31, 2022

#### Note 1 – Summary of Significant Accounting Policies

Partnership4Health Community Health Board's (Partnership4Health) financial statements are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) for the year ended December 31, 2022. The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (statements and interpretations). The more significant accounting policies established in GAAP and used by Partnership4Health are discussed below.

#### **Financial Reporting Entity**

Partnership4Health was originally established July 1, 2014, by a joint powers agreement among Becker, Clay, Otter Tail, and Wilkin Counties, pursuant to Minn. Stat. ch. 145A, and pursuant to Minn. Stat. § 471.59, for the purpose of transitioning grant contracts. Partnership4Health became operational as of January 1, 2015. The joint powers agreement remains in force until any single county provides a resolution of withdrawal, duly passed by its governing board, to the County Boards and the Auditor of the other counties participating in the agreement, and the Commissioner of Health for the State of Minnesota, at least one year before the beginning of the calendar year in which it takes effect.

Partnership4Health's purpose is to engage in activities designed to protect and promote the health of the general population within a community health service area by emphasizing the prevention of disease, injury, disability, and preventable death through the promotion of effective coordination and use of community resources, and by extending health services into the community.

Control is vested in Partnership4Health's Board, which consists of five members comprising four County Commissioners and one community member. Members of the Board serve an annual term, with no term limit.

The financial activities of Partnership4Health are accounted for in a custodial fund by Clay County. The individuals who administer the activities of Partnership4Health are considered employees of Clay County Public Health and Otter Tail County Public Health.

Partnership4Health is a joint venture independent of the counties that formed it. Each county has an ongoing responsibility to provide funding for the operating costs of the Board. The funding is allocated in accordance with the actual expenses incurred by representatives of the respective counties on the Board. In addition, administrative operating costs are allocated proportionately, with total subsidy funds available to each member county.

#### **Basic Financial Statements**

The basic financial statements display information about Partnership4Health's activities as a whole and information on the individual fund. These presentations are reported in different columns on Exhibits 1 and 2. Each exhibit starts with a column of information based on activities of the General Fund and reconciles it to a column that reports the governmental activities of Partnership4Health as a whole.

The governmental activities' statement of net position column is reported on a full accrual, economic resources basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. Partnership4Health's net position is reported as unrestricted net position. The statement of activities demonstrates the degree to which the expenses of Partnership4Health are offset by revenues.

Partnership4Health reports one governmental fund. The General Fund is Partnership4Health's primary operating fund and accounts for all financial resources of the organization.

#### **Measurement Focus and Basis of Accounting**

The governmental activities financial statement columns are reported using the economic resources measurement focus and the full accrual basis of accounting. Revenues are recorded when earned, and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The governmental fund financial statement columns (the General Fund) are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Partnership4Health considers all revenues to be available if collected within 60 days after the end of the current period. Expenditures are recorded when the related fund liability is incurred, except for claims and judgments, which are recognized as expenditures to the extent that they have matured. When both restricted and unrestricted resources are available for use, it is Partnership4Health's policy to use restricted resources first and then unrestricted resources as needed.

#### **Budgetary Information**

Partnership4Health adopts an annual budget for the General Fund on a basis consistent with generally accepted accounting principles. The legal level of control (the level at which expenditures may not legally exceed appropriations) is the activity level.

#### Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position or Equity

#### **Assets**

#### Due From/To Other Governments

Amounts represent receivables and payables related to grants from federal, state, and local governments for program administration.

#### **Deferred Outflows/Inflows of Resources**

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to a future period(s) and will not be recognized as an outflow of resources (expenditure/expense) until then. No deferred outflows of resources affect the governmental funds or governmental activities financial statements in the current year.

In addition to liabilities, the statement of financial position reports a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. Partnership4Health has only one type of item which arises only under the modified accrual basis of accounting that qualifies for reporting in this category. Accordingly, the item, unavailable revenue, is reported only in the General Fund balance sheet. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

#### **Unearned Revenue**

The governmental fund and governmental activities columns report unearned revenue in connection with resources that have been received, but not yet earned.

#### Note 2 – Detailed Notes

#### **Assets**

#### **Cash Deposits**

As of December 31, 2022, Partnership4Health had \$220,636 on deposit with Clay County. Cash transactions are administered by the Clay County Auditor/Treasurer, who is authorized by Minn. Stat. §§ 118A.02 and 118A.04 to deposit cash in financial institutions designated by the County Board. All funds of Clay County are pooled.

Custodial credit risk is the risk that in the event of a financial institution failure, the County's deposits may not be returned to it. Minnesota statutes require that all county deposits be covered by insurance, surety bond, or collateral.

#### **Receivables**

Partnership4Health had no receivables scheduled to be collected beyond one year.

#### **Deferred Inflows of Resources**

#### **Unearned Revenue**

Partnership4Health recognized unearned revenue for the unspent portion of the Blue Cross Blue Shield Innovations grant received in 2022. As of December 31, 2022, unearned revenue of \$167,836 was reported.

#### Note 3 – Summary of Significant Contingencies and Other Items

#### **Claims and Litigation**

The attorney for Partnership4Health estimates that potential claims against Partnership4Health resulting from litigation would not materially affect the financial statements.

#### **Risk Management**

Partnership4Health is exposed to various risks of loss related to torts and errors and omissions or natural disasters. To cover these risks, Partnership4Health is a member of the Minnesota Counties Intergovernmental Trust (MCIT), a public entity risk pool. Partnership4Health retains the risk for the deductible portions of its insurance policies. The amounts of these deductibles are considered immaterial to the financial statements.

Notes to the Schedule of Expenditures of Federal Awards As of and for the Year Ended December 31, 2022

#### Note 1 – Summary of Significant Accounting Policies

#### **Reporting Entity**

The Schedule of Expenditures of Federal Awards presents the activities of federal award programs expended by Partnership4Health Community Health Board (Partnership4Health). Partnership4Health's reporting entity is defined in Note 1 to the financial statements.

#### **Basis of Presentation**

The accompanying Schedule of Expenditures of Federal Awards includes the federal grant activity of Partnership4Health under programs of the federal government for the year ended December 31, 2022. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the schedule presents only a selected portion of the operations of Partnership4Health, it is not intended to and does not present the financial position or changes in net position of Partnership4Health.

Expenditures reported on the schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

#### Note 2 – De Minimis Cost Rate

Partnership4Health has elected to use the ten percent de minimis indirect cost rate allowed under the Uniform Guidance when appropriate.

#### Note 3 – Reconciliation to Schedule of Intergovernmental Revenue

# Reconciliation to Schedule of Intergovernmental RevenueFederal grant revenue per Schedule of Intergovernmental Revenue\$ 1,962,920Grants received more than 60 days after year-end, considered unavailable revenue in 2022WIC Special Supplemental Nutrition Program for Women, Infants, and Children (AL No. 10.557)350Early Hearing Detection and Intervention (AL No. 93.251)75Expenditures per Schedule of Expenditures of Federal Awards\$ 1,963,345

# Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

<u>Independent Auditor's Report</u>

Community Health Board
Partnership4Health Community Health Board
Moorhead, Minnesota

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities and the General Fund of the Partnership4Health Community Health Board (Partnership4Health) as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise Partnerhsip4Health's basic financial statements, and have issued our report thereon dated September 14, 2023.

#### **Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Partnership4Health's internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Partnership4Health's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of Partnership4Health's internal control over financial reporting.

A deficiency in internal control over financial reporting exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control over financial reporting that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

#### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Partnership4Health's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial

statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### **Minnesota Legal Compliance**

In connection with our audit, nothing came to our attention that caused us to believe that Partnership4Health failed to comply with the provisions of the depositories of public funds and public investments, conflicts of interest, claims and disbursements and miscellaneous provisions sections of the *Minnesota Legal Compliance Audit Guide for Other Political Subdivisions*, promulgated by the State Auditor pursuant to Minn. Stat. § 6.65, insofar as they relate to accounting matters. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding Partnership4Health's noncompliance with the above referenced provisions, insofar as they relate to accounting matters.

#### **Purpose of This Report**

The purpose of this report is solely to describe the scope of our testing of internal control over financial reporting, compliance, and the provisions of the *Minnesota Legal Compliance Audit Guide for Other Political Subdivisions* and the results of that testing, and not to provide an opinion on the effectiveness of Partnership4Health's internal control over financial reporting or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Partnership4Health's internal control over financial reporting and compliance. Accordingly, this communication is not suitable for any other purpose.

### Report on Compliance for Each Major Federal Program and Report on Internal Control Over Compliance Required by the Uniform Guidance

Independent Auditor's Report

Community Health Board Partnership4Health Community Health Board Moorhead, Minnesota

#### Report on Compliance for the Major Federal Program

#### Opinion on the Major Federal Program

We have audited Partnership4Health Community Health Board's (Partnership4Health) compliance with the types of compliance requirements identified as subject to audit in the U.S. Office of Management and Budget (OMB) *Compliance Supplement* that could have a direct and material effect on Partnership4Health's major federal program for the year ended December 31, 2022. Partnership4Health's major federal program is identified in the Summary of Auditor's Results section of the accompanying Schedule of Findings and Questioned Costs.

In our opinion, Partnership4Health complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended December 31, 2022.

#### Basis for Opinion on the Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Partnership4Health and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for the major federal program. Our audit does not provide a legal determination of Partnership4Health's compliance with the compliance requirements referred to above.

#### Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to Partnership4Health's federal programs.

#### Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Partnership4Health's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance, and therefore, is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Partnership4Health's compliance with the requirements of the major federal program as a whole.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, *Government Auditing Standards*, and the Uniform Guidance, we:

- exercise professional judgment and maintain professional skepticism throughout the audit;
- identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform
  audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence
  regarding Partnership4Health's compliance with the compliance requirements referred to above and performing
  such other procedures as we considered necessary in the circumstances; and
- obtain an understanding of Partnership4Health's internal control over compliance relevant to the audit in order
  to design audit procedures that are appropriate in the circumstances, and to test and report on internal control
  over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on
  the effectiveness of Partnership4Health's internal control over compliance. Accordingly, no such opinion is
  expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

#### **Report on Internal Control Over Compliance**

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
