INTRODUCTION

This Legal Compliance Audit Guide was prepared by the Office of the State Auditor pursuant to Minn. Stat. § 6.65, in consultation with representatives from the Attorney General's Office, towns, cities, counties, school districts, and private sector public accountants. The purpose of the task force was to establish minimum compliance guidelines for verification by auditors engaged in the process of auditing political subdivisions of the state.

This guide is divided into specific sections and presented in checklist form to assist the auditor of government units in the verification of statutory compliance. The guide is not meant to be a complete compilation of all laws affecting municipalities or a complete analysis of the laws cited throughout. The checklist is meant to act as a reference guide regarding minimum legal compliance, and municipal auditors must examine, in addition to applicable laws cited in the guide, those laws creating, granting power to, and restricting the municipal entities they are auditing.

Under each section, except for the initial question establishing the transaction covered by the topic heading and except where the explanation of a given question indicates otherwise, all questions should be answered in the affirmative. A negative answer indicates a compliance problem, and the user of the checklist is directed to the statutory section indicated on the left-hand side of the page. If after examination of the appropriate statute, the auditor using this manual is still unsure as to whether there has been legal compliance, he or she should check with legal counsel before rendering the opinion on compliance contained at the end of each section.

AUDITOR'S REPORTS ON COMPLIANCE

Chapter 6 contains four model reports, one of which is to be completed by the auditor following his or her completion of the appropriate compliance sections.

These reports or the language from these reports must be issued as part of the audits of the governmental entities or relief associations.

PREPARATION OF MINUTES

Auditing for legal compliance will require a review of the minutes of the governing body. In many instances, the minutes will be inadequate histories of the meetings involved. We have, therefore, deemed it appropriate to include below a discussion of minutes, so that in those instances where the minutes are substandard, auditors can provide a standard to assist clients in the future recording of meeting minutes.

Minutes may be defined as a record of the "proceedings" of a deliberative body. Various statutes that refer to taking or publishing minutes use the term "proceedings" or "official proceedings." See Minn. Stat. §§ 384.09 (counties), 412.151, subd. 1 (statutory cities), 367.11(1) (towns), and 123B.09, subd. 10 (school districts). The Minnesota Attorney General has used the definition of "proceedings" found at Minn. Stat. § 331A.01, subd. 6, in analyzing the clerk's duties to take minutes. This statute states:

"Proceedings" means the substance of all official actions taken by the governing body of a local public corporation at any regular or special meeting, and at minimum includes the subject matter of a motion, the persons making and seconding a motion, the roll call vote on a motion, the character of resolutions or ordinances offered, including a brief description of their subject matter, and whether defeated or adopted.

While minutes must specifically identify the actions taken by the body, they need not record the discussions of the members and others. At a minimum, the minutes must include the information required by Minnesota Statutes, chapter 13D [Minnesota Open Meeting Law], unless such information is recorded elsewhere. Subdivision 1 of the statute provides, in part:

The votes of the members of the state agency, board, commission, or department or of the governing body, committee, subcommittee, board, department, or commission on an action taken in a meeting required by this subdivision to be open to the public must be recorded in a journal kept for that purpose, and the journal must be open to the public during all normal business hours where records of the public body are kept. The vote of each member must be recorded on each appropriation of money, except for payments of judgments, claims, and amounts fixed by statute.

The above provision requires that the individual votes of each member of the governing body on "an action" be specifically recorded except for votes on "payments of judgments, claims, and amounts fixed by statute."

Having satisfied minimum requirements, the question of how elaborate and extensive the minutes should be is largely a policy matter for determination by the particular body in the exercise of reasonable judgment and discretion. The Attorney General has explained:

there may be circumstances in which it would be advisable for the town board to provide for the minutes to include information over and above what is necessary to satisfy minimum statutory requirements for a record of its official actions.

Op. Atty. Gen. 851-c, March 5, 1992. For example, the board's reasons for reaching a particular decision could be crucial in defending a challenge thereto. The inclusion of such information may be deemed appropriate under other circumstances, such as where the body determines that the public interest warrants the award of a particular contract to a bidder other than the lowest bidder.

Thus, although there is no requirement to include the reasons given by members of the body as to why they support or oppose a contemplated action, there may be circumstances in which the inclusion of such information may be deemed appropriate, as, for example, where the body determines that the public interest warrants the award of a particular contract to a bidder other than the lowest bidder. Other examples might be zoning decisions, such as the granting of variances or special use permits. In any case, the amount of detail which is appropriate for inclusion in the minutes of a particular body is likely to vary, depending upon the nature of the proceedings and the subject matter involved.

While the minutes of a governing body should attempt to furnish relevant information over and above bare minimum requirements, they should not, at the same time, be cluttered with unnecessary detail which hampers efforts to review or otherwise utilize them at a later date. Perhaps the best standard to be applied to the preparation of minutes is the one applied by the courts to the publication of official proceedings, i.e., the minutes should be "sufficiently full to fairly set forth the proceedings." Ketterer v. Indep. Sch. Dist. No. 1, 79 N.W.2d 428, 438 (Minn. 1956); See Op. Atty. Gen. 161-a-20, Dec. 17, 1970.

HOME CHARTER CITIES AND STATUTORY CITIES

Our state Constitution provides for the creation of home rule charter cities. Minn. Const. art. XII, § 4. Minn. Stat. ch. 410 prescribes the method to create a home rule charter city and the limitations on home rule charter provisions. A home rule charter city may, through its charter, create many of its own rules and limitations as well as related procedural rules.

Statutory cities are cities in which the rights and obligations of the city are prescribed by state statutes. Since this compliance manual was prepared with regard to state statutory compliance, when auditing a home rule charter city, a review of the home rule charter will also be necessary in order to verify legal compliance with the rules unique to that city.

DESTRUCTION OF RECORDS

Minn. Stat. § 15.17, subd. 1, requires all officers and agencies of the state, counties, cities, towns, school districts, municipal subdivisions or corporations, and other public authorities or political entities within the state to make and preserve all records necessary for "a full and accurate knowledge of their official activities." The chief administrative officer is responsible for the preservation and care of the agency's

government records, which include all "written or printed books, papers, letters, contracts, documents, maps, plans, computer-based data, and other records made or received pursuant to law or in connection with the transaction of public business." Minn. Stat. § 15.17, subd. 2. This duty not only prohibits destruction, but requires the custodian to take such steps as are necessary to protect public records from deterioration, mutilation, loss, or destruction. This statute also requires that all records must be delivered to the legal custodian's successor upon expiration of the term of office or authority. Minn. Stat. § 15.17, subd. 3. Additional provisions regarding data practices are found in the Minnesota Government Data Practices Act, Minn. Stat. ch. 13.

For political subdivisions having problems with the storage of obsolete records, Minn. Stat. §§ 138.163-.17 provide relief. Application may be made to the state archivist for a review by the records disposition panel, who will, upon review of the involved records, make a decision as to whether said records should be destroyed or preserved in the state archives. Minn. Stat. § 138.19. Any person who knowingly removes, mutilates, destroys, or obliterates a public record without authority from the records disposition panel is guilty of a misdemeanor. Minn. Stat. § 138.225.

Political subdivisions may wish to adopt the appropriate General Records Retention Schedule promulgated by the Information Policy Analysis Division of the Minnesota Department of Administration. Unless a municipality adopts a schedule of records retention (and notifies the Minnesota Historical Society), it may not destroy public records without the permission of the records disposition panel. For instance, bids with supporting documents received by a city must be kept forever, unless the city adopts the General Records Retention Schedule for Cities, in which case, the city must maintain these records for ten years. Questions about the record retention schedules or the Minnesota Government Data Practices Act should be directed to:

TAX LEVY LIMITS

Auditors using this manual may also find it helpful to refer to the "Tax Levy Authorizations and Limitations" booklet prepared by the Minnesota Department of Revenue. This booklet provides an expedient method of ascertaining the limitations on tax levies for counties, towns, cities, school districts, and special districts. The booklet has been updated with supplements. For a free copy of this booklet, inquire with:

**DEPOSITORIES OF PUBLIC FUNDS
AND
PUBLIC INVESTMENTS**

LEGAL COMPLIANCE MANUAL
DEPOSITORIES OF PUBLIC FUNDS
AND
PUBLIC INVESTMENTS

Introduction

A government entity that receives and disburses funds may deposit the funds only in financial institutions designated by its governing body. The governing body may authorize its treasurer or chief financial officer to make such designations. The government entity may deposit funds in amounts that are federally insured or, if it deposits more than this amount, it must either have the depository furnish a bond or assign collateral to protect the excess deposit.

"Government entity" for the purpose of this section means:

- a county;*
- a city;*
- a town;
- a school district;
- a hospital district;
- a public authority;
- a public corporation;
- a public commission;
- a special district;
- a political subdivision; or
- an American Indian tribal government entity located within a reservation.

Minn. Stat. § 118A.01, subd. 2.

"Public funds" for the purpose of this section means all general, special, permanent, trust, or other funds, regardless of source or purpose, held or administered by a government entity, unless otherwise restricted. Minn. Stat. § 118A.01, subd. 4.

If the audited governmental entity is one of those listed and it has the power to receive and disburse public funds, then complete this section to determine if the government entity has properly invested its funds or deposited its funds in a properly designated depository with appropriate collateral or bond.

In addition, the depository and collateral requirements of Minn. Stat. §§ 356A.06, subd. 8a, and 118A.03 apply to fire relief associations. Parts I and II should be completed for fire relief associations.

*Note: A "city with a population in excess of 200,000 or a county that contains a city of that size" (currently the two largest cities and counties) has additional investment authority. See Minn. Stat. § 118A.07.

Part I. Designation of Depository				
§ 118A.02, subd. 1	<p>A. In the case of a government entity:</p> <p>1. Has each depository of public funds been designated by the government entity's governing body, or by its treasurer or chief financial officer, if the governing body has authorized them to make such a designation?</p>	_____	_____	_____
§ 118A.01, subd. 3	<p>2. Is each depository one of the following:</p> <p>a. a savings association;</p> <p>b. a commercial bank;</p> <p>c. a trust company;</p> <p>d. a credit union; or</p> <p>e. an industrial loan and thrift company?</p>	_____	_____	_____
§ 356A.06, subd. 8a	<p>B. In the case of a relief association:</p> <p>1. Has each depository for assets, not held by the relief association's custodian bank, been designated by the relief association's governing board?</p> <p>2. Is each depository one of the following:</p> <p>a. a national bank;</p> <p>b. an insured state bank;</p> <p>c. an insured credit union; or</p> <p>d. an insured thrift institution?</p>	_____	_____	_____
Part II. Insuring or Securing Deposits				
§ 118A.03	<p>A. If a government entity desires to deposit an amount in excess of deposit insurance, it must obtain a bond or collateral which, when computed at its market value, shall be at least ten percent more than the amount of the excess deposit.</p> <p>B. Review the following general principles of FDIC coverage and complete the spread sheet in this section to determine the amount of the government entity's funds that are not insured and thus need to be either bonded or collateralized. Deposits held by credit unions are covered by separate deposit insurance rules promulgated by the National Credit Union Administration (NCUA).</p>

	<p style="text-align: center;">Part II. Insuring or Securing Deposits (Continued)</p> <p>General Principles of FDIC coverage:</p> <ol style="list-style-type: none"> 1. Deposits are insured only if the depository is a member of FDIC. 2. Deposits in one depository are insured separately from deposits in another depository which is not a branch of the first one. However, a depository and all of the branches associated with it are treated as a single combined depository, and the funds deposited in the branches are aggregated for purposes of insurance coverage. 3. The aggregate of a government entity's interest bearing accounts, i.e., savings accounts, NOW accounts, and time deposits (CD's) with the same depository are insured up to a total of \$100,000. The aggregate of a government entity's non-interest bearing accounts, i.e., non-interest checking accounts, are insured up to a total of \$100,000 and are insured separately from the government entity's interest-bearing deposits. This separate \$100,000 coverage for non-interest bearing accounts only applies if the depository is in the same state as the government entity. 4. A public authority, public corporation, public commission, or special district receives separate insurance coverage from its parent government entity only if it was created expressly by state statute and funds have been allocated for its exclusive use and control. Subordinate or nonautonomous divisions, agencies, or boards do not receive separate insurance coverage. 5. Funds held for a special purpose and required by law to be paid to bondholders or beneficiaries such as members of pension funds or relief associations are covered up to \$100,000 per bondholder or beneficiary whether the beneficial interest is vested or not. The fiduciary nature must be indicated on the account name in the bank's records. 6. If more than one person is legal or official custodian of funds for a government entity, each custodian is separately insured up to \$100,000. Also, if the same person is the custodian of funds for two separate government entities, the funds for the two government entities are separately insured. 7. Moneys held by a government entity in trust are insured separately from other government entity funds only if the trust is an irrevocable express trust and the account records indicate the name of both the settlor and the trustee. <p>C. CONFLICTS OF INTEREST

LEGAL COMPLIANCE MANUAL

CONFLICTS OF INTEREST

Introduction

Rule: A public officer authorized to take part in the making of a sale, lease, or contract shall not voluntarily have a personal financial interest in the transaction or personally benefit financially from it. The following persons are specifically forbidden from having any interest in any contract made by their respective governing bodies:

1. elected officers;
2. town supervisors and town board members;
3. county officials, county deputies, county clerks, and employees of such officials; or
4. school board members.

Exceptions: For practical reasons, the legislature has created certain limited exceptions to the general prohibition. Part I of this questionnaire will assist you in making a determination as to whether an otherwise forbidden transaction fits within any of the statutory exceptions.

For the purposes of this checklist, "interested officer" shall mean any public officer or employee, as listed above, who directly or through his or her spouse (see "Discussion" below) has one of the following positions or interests in either the entity making or the subject matter of the sale, lease, or contract with the governing body:

1. officer;
2. director;
3. employee (see "Discussion" below);
4. partner;
5. owner (complete or partial);
6. shareholder; or
7. prior long-term contractual relationship.

Discussion

The determination as to whether a particular transaction involves an "interested officer" often calls for a judgment on the part of the auditor. A helpful concept to remember for analysis is that it is a conflict of interest to be on both sides of a contract or transaction.

Most problems in this regard arise in the examination of the "interest" the public officer has in the person or entity making the contract with the governing body. Two frequent problem areas are:

1. Contracts with Officer's or Employee's Spouse or Family Member. It is not a conflict of interest per se for a governing body to contract or otherwise economically transact with a member officer's spouse or family member. However, if the facts indicate an economic benefit to the member officer as a result of the contract or transaction, a conflict of interest exists. For example, if a husband and wife, one of whom is a public officer, share a common pool of funds and likewise share debts, conflicts may exist because there is benefit to the public officer or employee flowing from the economic benefit to his or her spouse. Likewise, if a governmental officer or employee and his or her spouse, in fact, do not economically benefit from each other, a conflict may not exist. This analysis would apply to all familial relationships. The auditor will need to factually determine whether an emancipated child living away from home has a financial interest with his or her parents.

2. Contracts with Companies in Which the Officer is an Employee. If the involved governmental officer or employee is simply a company employee without managerial powers and receives the same salary or raise regardless of the company's contract with the governing body, there probably is no conflict of interest. However, if said officer receives a bonus or commission or other benefit as a result of the contractual transaction between his or her company and the government entity, there is definitely a conflict of interest.

There are numerous aspects to be examined by the auditor in order to understand the totality of interests involved in a given contract or transaction between the governing body and an entity or person with a relationship to a member officer.

If, after review of the facts and applicable statutes, you are still unsure as to whether a particular set of circumstances constitutes a conflict of interest, you should contact an attorney for advice prior to preparing the "Audit Conclusion" at the end of this manual section.

Other Statutory References to Conflicts of Interest. In addition to the general statutory prohibition on conflicts of interest cited in the checklist, auditors should be aware that other statutory prohibitions and requirements exist with regard to certain types of municipal entities:

PUBLIC INDEBTEDNESS

Introduction

The power of a government unit to incur indebtedness is governed by statutory and home rule charter provisions. Statutory provisions vary depending on the type of government unit involved.

Each type of borrowing instrument may also be governed by different statutes. Therefore, it is essential that the auditor examine the specific statutes or charter provisions that are applicable to the particular borrowing transaction.

This questionnaire is intended only to highlight certain general provisions of the Minnesota statutes relating to indebtedness and is not intended to cover all questions that may be pertinent.

Which of the following types of borrowing has the municipality been involved with during the past year? Please check all forms of borrowing that have either been issued or redeemed during the past year or which are currently outstanding at year-end.

CONTRACTING - BID LAWS

LEGAL COMPLIANCE MANUAL

CONTRACTING - BID LAWS

Introduction

A municipality entering into an agreement for the sale or purchase of supplies, materials, equipment or the rental thereof, or the construction, alteration, repair or maintenance of real or personal property must abide by the statutes relating to contracting and bidding. In addition, for counties, such statutory requirements also apply to contracts for "work or labor."

A municipality, for the purpose of this section, is a county, town, city, school district, or other municipal corporation or political subdivision of the state authorized by law to enter into contracts. Each contract must be approved by the appropriate authority, as authorized by statute or charter, within the municipality.

If the audited governmental unit is one of the listed types of municipalities and it has the power to contract, complete the questionnaire to determine if the municipality conformed to the contracting and bidding statutes.

Minn. Stat. § 471.345, the Uniform Municipal Contracting Law, was established to provide dollar limits for all municipalities upon contracts which shall or may be entered into on the basis of competitive bids, quotations, or purchase or sale in the open market. Beginning August 1, 2000, the statute sets the basic requirements for governmental subdivisions as set forth below. (For pre-August 1, 2000, contracts, apply Section 4 from the 1999 Legal Compliance Audit Guide.)

A. For Municipalities of Less Than 2,500 Population.

1. For contracts over \$35,000--sealed bids, solicited by public notice and subject to the particular requirements of the governmental subdivision.
2. For contracts from \$10,000 to \$35,000--sealed bids or direct negotiation, with two quotations whenever possible.
3. For contracts of \$10,000 or less--open market or quotations (with at least two contract quotations, if practicable).

B. For All Other Municipalities.

1. For contracts over \$50,000--sealed bids, solicited by public notice and subject to the particular requirements of the governmental subdivision.
2. For contracts from \$10,000 to \$50,000--sealed bids or direct negotiation, with two quotations whenever possible.
3. For contracts of \$10,000 or less--open market or quotations (with at least two contract quotations, if practicable).

CLAIMS AND DISBURSEMENTS

Introduction

Municipal transactions involving an account, claim, or demand made for any property or service which can be itemized in the ordinary course of business and disbursements of municipal funds are covered in this section.

“Municipality” for the purposes of this section means a county; local social services agency; county board of education for unorganized territory; school district; charter school; town or home rule charter city of the second, third, or fourth class; or park district. This section also applies to statutory cities.

In addition, Minn. Stat. § 471.425 (Prompt Payment of Local Government Bills), applies to any home rule charter or statutory city, county, town, school district, political subdivision, or agency of local government. It also applies to the Metropolitan Council and any board or agency created under Minn. Stat. ch. 473.

**REPORT ON COMPLIANCE AND ON INTERNAL CONTROL OVER
FINANCIAL REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

(Governing Body)
(Entity)

We have audited the financial statements of _____ as of and for the year ended _____, and have issued our report thereon dated _____. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance*

As part of obtaining reasonable assurance about whether _____'s financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

Internal Control Over Financial Reporting*

In planning and performing our audit, we considered _____'s internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

RELIEF ASSOCIATIONS

LEGAL COMPLIANCE MANUAL

RELIEF ASSOCIATIONS

Introduction

For each of the different types of relief associations, the following checklist cites the primary statutory provisions applicable to relief associations:

Police Relief Associations

- Generally - Minn. Stat. §§ 423A.01-.22
- Minneapolis - Minn. Stat. §§ 69.77, .80 and § 423B.01-.21
- Fairmont - Minn. Stat. §§ 423.41-.62 (2000); *see* 2002 Minn. Laws, ch. 392, art. 1, § 8.

Salaried Firefighters' Relief Associations

- Generally - Minn. Stat. §§ 423A.01-.22
Minn. Stat. §§ 69.77, .80
- Minneapolis - Minn. Stat. ch. 423C
- Bloomington - Minn. Stat. ch. 424 (2000) (to the extent applicable); *see* 2002 Minn. Laws, ch. 392, art. 1, § 7.

Volunteer Firefighters' Relief Associations

- Minn. Stat. §§ 69.771-.776; Minn. Stat. § 69.80
Minn. Stat. §§ 424A.001-.10

Relief associations are also subject to the depository designation and collateralization requirements of Chapter 1 (Minn. Stat. §§ 356A.06, subd. 8a, and 118A.02-.03) and the Conflict of Interest provisions of Chapter 2 herein. Minn. Stat. § 6.495 requires the audit of both the special and general funds.

Relief associations are subject to their own bylaws and articles of incorporation, subject to statutory provisions. Therefore, a review of the bylaws and articles of incorporation, as well as applicable special laws, is essential to the legal compliance audit of the relief association. Special laws are found in Table 1 of Minnesota statutes.

AND CHARTER SCHOOLS**

LEGAL COMPLIANCE MANUAL

UNIFORM FINANCIAL ACCOUNTING AND REPORTING STANDARDS (UFARS) FOR MINNESOTA SCHOOL DISTRICTS AND CHARTER SCHOOLS

Introduction

Minnesota law requires that the audits of all school districts, all governmental units formed by joint powers agreements entered into by school districts, and all service cooperatives and education districts must include a determination of compliance with uniform financial accounting and reporting standards (UFARS). Minn. Stat. §§ 6.65; 123B.77, subd. 5 (1998). This requirement applies to charter schools under Minn. Stat. § 124D.10, subd. 8.

Minn. Stat. § 6.65 states (emphasis added):

The state auditor shall prescribe minimum procedures and the audit scope for auditing the books, records, accounts, and affairs of local governments in Minnesota. The minimum scope for audits of all local governments must include financial and legal compliance audits. Audits of all school districts must include a determination of compliance with uniform financial accounting and reporting standards. The state auditor shall promulgate an audit guide for legal compliance audits, in consultation with representatives of the state auditor, the attorney general, towns, cities, counties, school districts, and private sector public accountants.

Minn. Stat. § 123B.77, subd. 3, states (emphasis added):

On November 30 of the calendar year of the submission of the unaudited financial data, the district must provide to the commissioner audited financial data for the preceding fiscal year. The audit must be conducted in compliance with generally accepted governmental auditing standards, the federal Single Audit Act, and the Minnesota legal compliance guide issued by the office of the state auditor. An audited financial statement prepared in a form which will allow comparison with and correction of material differences in the unaudited financial data shall be submitted to the commissioner and the state auditor by December 31. The audited financial statement must also provide a statement of assurance pertaining to uniform financial accounting and reporting standards compliance and a copy of the management letter submitted to the district by the school district's auditor.

Uniform Financial Accounting and Reporting Standards (UFARS)

The uniform financial accounting and reporting standards to be used by school districts for automated state reporting purposes are described in the UFARS Manual and in School Business Bulletins issued by the Minnesota Department of Children, Families and Learning. The UFARS Manual and School Business Bulletins provide an account code structure and guidance on application of accounting principles. At any point in time, parts of the UFARS Manual may have been superseded by legislative, program, and accounting principle changes. The School Business Bulletins serve as updates to the UFARS Manual for such changes. It is the auditor's responsibility to stay abreast of current developments.

UFARS Compliance

In order to determine compliance with UFARS, the auditor should consider the following items.

Account Coding

Conformance with UFARS includes the classification of revenues and expenditures into appropriate UFARS codes. UFARS revenue and expenditure codes consist of 17 digits organized into six dimensions. Chapter Ten of the UFARS Manual defines how the six dimensions may be combined into valid 17-digit codes for state reporting purposes.

1. Revenue and expenditure account codes that have been developed by school districts for their internal use must be linked (crosswalked) to the appropriate 17-digit UFARS codes. In some cases, the internal district code bears little resemblance to the UFARS code. The underlying UFARS codes, not the district codes, are used for automated reporting to the state.
2. Audit procedures should be developed to ensure that revenues and expenditures have been recorded in the proper UFARS codes.
 - A. Such procedures must include tests of controls as described in Statements on Auditing Standards 55, 78, and 94 on the consideration of internal control in a financial statement audit. Sampling may be used to determine the reasonableness of recorded UFARS amounts and classifications based on an examination of source documentation.
 - B. Such audit procedures may include the following:
 - S Verify appropriate UFARS coding as part of a test of transactions (individual revenue and expenditure transactions).
 - S Test linkage (crosswalk) of internal use account codes to the appropriate 17-digit UFARS codes.

- S Obtain "UFARS Chapter 10 Edit Report" and review for exceptions.
- S Verify appropriate UFARS coding as part of testing of revenue and expenditure account totals for the year.
- S Other tests that are considered necessary.

Auditors should use their judgment in determining the nature, timing, and extent of testing necessary to provide a statement of assurance pertaining to UFARS compliance.

Audit Reporting

The Auditor's Report on Compliance should indicate that the audit was conducted to determine conformance with UFARS standards. Chapter Six of this audit guide includes suggested wording for Auditor's Reports on Compliance.

CHARTER SCHOOLS

LEGAL COMPLIANCE MANUAL

CHARTER SCHOOLS

Introduction

In 2001, the Minnesota Legislature amended Minn. Stat. § 124D.10. See 2001 Minn. Laws, 1st Sp. Sess. ch. 6, art. 2, §§ 20-26. It specifically made charter schools subject to many statutes that apply to school districts.

It also mandated that the audits of charter schools be conducted in compliance with Minn. Stat. § 6.65, which mandates legal compliance audits and the promulgation of this Legal Compliance Audit Guide. Minn. Stat. § 124D.10, subd. 8(i).

In response to these legislative directives, this section 9 has been added to the Legal Compliance Audit Guide. Please note that charter schools must also comply with the Uniform Financial Accounting and Reporting Standards (UFARS) for Minnesota schools. See section 8.
