STATE OF MINNESOTA
Office of the State Auditor

Julie Blaha
State Auditor

KNIFE RIVER-LARSMONT SANITARY DISTRICT
KNIFE RIVER, MINNESOTA

YEAR ENDED DECEMBER 31, 2018
Description of the Office of the State Auditor

The mission of the Office of the State Auditor is to oversee local government finances for Minnesota taxpayers by helping to ensure financial integrity and accountability in local governmental financial activities.

Through financial, compliance, and special audits, the State Auditor oversees and ensures that local government funds are used for the purposes intended by law and that local governments hold themselves to the highest standards of financial accountability.

The State Auditor performs approximately 100 financial and compliance audits per year and has oversight responsibilities for over 3,300 local units of government throughout the state. The office currently maintains five divisions:

- **Audit Practice** – conducts financial and legal compliance audits of local governments;
- **Government Information** – collects and analyzes financial information for cities, towns, counties, and special districts;
- **Legal/Special Investigations** – provides legal analysis and counsel to the Office and responds to outside inquiries about Minnesota local government law; as well as investigates allegations of misfeasance, malfeasance, and nonfeasance in local government;
- **Pension** – monitors investment, financial, and actuarial reporting for approximately 600 public pension funds; and
- **Tax Increment Financing** – promotes compliance and accountability in local governments’ use of tax increment financing through financial and compliance audits.

The State Auditor serves on the State Executive Council, State Board of Investment, Land Exchange Board, Public Employees Retirement Association Board, Minnesota Housing Finance Agency, and the Rural Finance Authority Board.

INDEPENDENT AUDITOR’S REPORT

Board of Managers
Knife River-Larsmont Sanitary District
Knife River, Minnesota

Report on the Financial Statements

We have audited the accompanying financial statements of the Knife River-Larsmont Sanitary District as of and for the year ended December 31, 2018, and the related notes to the financial statements, which collectively comprise the District’s basic financial statements, as listed in the table of contents.

Management’s Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor’s Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District’s preparation and fair presentation of the financial statements in order to
design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District’s internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

**Opinion**
In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Knife River-Larsmont Sanitary District as of December 31, 2018, and the changes in its financial position and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

**Other Matters**
*Required Supplementary Information*
Management has omitted the Management’s Discussion and Analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

**Other Reporting Required by Government Auditing Standards**
In accordance with Government Auditing Standards, we have also issued our report dated November 26, 2019, on our consideration of the Knife River-Larsmont Sanitary District’s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Knife River-Larsmont Sanitary District’s internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Knife River-Larsmont Sanitary District’s internal control over financial reporting and compliance.

The notes to the financial statements are an integral part of this statement.
This page was left blank intentionally.
1. Summary of Significant Accounting Policies

The Knife River-Larsmont Sanitary District financial statements are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) as of and for the year ended December 31, 2018. The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (statements and interpretations). The more significant accounting policies established in GAAP and used by the Knife River-Larsmont Sanitary District are discussed below.

A. Financial Reporting Entity

The Knife River-Larsmont Sanitary District was formed May 8, 2001, pursuant to Minn. Stat. §§ 115.18 to 115.37 (see now, Minn. Stat., ch. 442A). The District was created for the purpose of promoting the public health and welfare by providing an adequate and efficient means of collecting, conveying, pumping, treating, and disposing of domestic sewage and industrial waste within the District. The District is governed by a five-member Board. Each member of the Board must be a voter residing in the District.

B. Basis of Presentation

The accounts of the Knife River-Larsmont Sanitary District are presented as an enterprise fund. Enterprise funds are used to account for operations financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges.

Operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the District. Exchange transactions are those in which each party receives and gives up essentially equal values. Nonoperating revenues, such as taxes, grants, and investment earnings, result from nonexchange transactions or incidental activities. The District’s net position is reported in three parts: (1) net investment in capital assets, (2) restricted for capital replacement, and (3) unrestricted net position.
1. Summary of Significant Accounting Policies (Continued)

C. Measurement Focus and Basis of Accounting

The District’s financial statements are reported using the economic resources measurement focus and the full accrual basis of accounting. Revenues are recognized when earned, and expenses are recognized when a liability is incurred, regardless of the timing of cash flows.

When both restricted and unrestricted resources are available for use, it is the District’s policy to use restricted resources first and then unrestricted resources as needed.

D. Assets, Liabilities, and Net Position

1. Cash

Cash consists of an operations checking account, a repair and replacement savings account, a project savings account, and a Larsmont savings account. Cash includes both restricted and unrestricted cash.

2. Accounts Receivable

Accounts receivable consists of the December user charges, delinquent accounts, and an annual debt service charge. The delinquent account balance is a large portion of the accounts receivable balance. The District does not set up an allowance for doubtful accounts; instead, it is the District’s practice to certify residential delinquent accounts over to Lake County to be placed on the individual’s taxes. The District turned over the delinquent residential accounts to the County in 2018.

3. Restricted Assets

Certain funds of the District are classified as restricted assets on the statement of net position because the restriction is either imposed by law through constitutional provisions or enabling legislation or imposed externally by creditors, grantors, contributors, or laws or regulations of other governments. Therefore, their use is limited by applicable laws and regulations.
1. **Summary of Significant Accounting Policies**

D. **Assets, Liabilities, and Net Position (Continued)**

4. **Capital Assets**

   Capital assets are stated at cost. Depreciation is determined using the straight-line method for the estimated useful lives of the assets.

<table>
<thead>
<tr>
<th>Classification</th>
<th>Estimated Life</th>
</tr>
</thead>
<tbody>
<tr>
<td>Collection system</td>
<td>40 years</td>
</tr>
<tr>
<td>Equipment</td>
<td>5 years</td>
</tr>
</tbody>
</table>

5. **Classification of Net Position**

Net position is classified in the following categories:

- **Net investment in capital assets** – the amount of net position representing capital assets, net of accumulated depreciation, and reduced by outstanding debt attributed to the acquisition, construction, or improvement of the assets.

- **Restricted** – the amount of net position for which external restrictions have been imposed by creditors, grantors, contributors, or laws or regulations of other governments and restrictions imposed by law through constitutional provisions or enabling legislation.

- **Unrestricted** – the amount of net position that does not meet the definition of restricted or net investment in capital assets.

E. **Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United State of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.
2. Detailed Notes

A. Deposits

The District is authorized by Minn. Stat. § 118A.02 to deposit its cash and to invest in certificates of deposit in financial institutions designated by the District’s Board. The District does not have a policy on custodial credit risk. At December 31, 2018, the District’s deposits totaled $75,186; all cash deposits were insured as required by Minnesota statutes. The carrying value of these deposits was $45,087. All of the District’s deposits were covered by insurance.

B. Capital Assets

A summary of the changes in capital assets for the year ended December 31, 2018, follows:

<td>$ 348,212</td>
<td>$ 48,000</td>
</tr>
</tbody>
</table>
2. Detailed Notes

C. Long-Term Obligations (Continued)

Long-term debt is composed of the following:

An amount of $876,212 was drawn down on a General Obligation Revenue Note issued to the Minnesota Public Facilities Authority through 2006. Note payments are due semi-annually on February 20 and August 20, 2006 through 2025, at an interest rate of 1.31 percent.

Debt service requirements at December 31, 2018, are as follows:

<table>

</tr>
<tr>
<td><strong>Total</strong></td>
<td><strong>$ 348,212</strong></td>
<td><strong>$ 18,504</strong></td>
</tr>
</tbody>
</table>

The Note will be retired with income from operations, an annual debt service charge, property taxes, investment income, and unused construction funding and is exempt from the limitations on net debt imposed by Minnesota law.

3. Risk Management

The Knife River-Larsmont Sanitary District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. The District has purchased commercial insurance to insure these risks. There are no employees of the Knife River-Larsmont Sanitary District, as the District has hired independent contractors to operate the system and perform its accounting functions. There were no significant reductions in insurance coverage from the previous year. There were no settlements in excess of insurance during the audit period.
4. **Contingent Liability**

Lake County has paid for certain engineering and other expenses on behalf of the Knife River-Larsmont Sanitary District for the period of 1997 to 2005, with the understanding that if funding becomes available to the District, these expenses would be reimbursed to Lake County. According to Lake County records, the amount owed from the Knife River-Larsmont Sanitary District to Lake County is $462,372 at December 31, 2018. This is not reported as a liability on the Knife River-Larsmont Sanitary District’s financial statements.
This page was left blank intentionally.
Independent Auditor’s Report

Board of Managers
Knife River-Larsmont Sanitary District
Knife River, Minnesota

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of the Knife River-Larsmont Sanitary District as of and for the year ended December 31, 2018, and the related notes to the financial statements, which collectively comprise the District’s basic financial statements, and have issued our report thereon dated November 26, 2019.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Knife River-Larsmont Sanitary District’s internal control over financial reporting to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District’s internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the District’s internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying Schedule of Findings and Recommendations, we did identify certain deficiencies in internal control over financial reporting that we consider to be material weaknesses and another deficiency that we consider to be a significant deficiency.
A deficiency in internal control over financial reporting exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control over financial reporting such that there is a reasonable possibility that a material misstatement of the District’s financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or combination of deficiencies, in internal control over financial reporting that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiencies described in the accompanying Schedule of Findings and Recommendations as items 2002-001 and 2015-001 to be material weaknesses and item 2016-001 to be a significant deficiency.

**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Knife River-Larsmont Sanitary District’s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

**Minnesota Legal Compliance**

The *Minnesota Legal Compliance Audit Guide for Other Political Subdivisions*, promulgated by the State Auditor pursuant to Minn. Stat. § 6.65, contains six categories of compliance to be tested in connection with the audit of the District’s financial statements: contracting and bidding, deposits and investments, conflicts of interest, claims and disbursements, miscellaneous provisions, and tax increment financing. Our audit considered all of the listed categories, except that we did not test for compliance with the provisions for contracting and bidding because the District did not enter into any applicable contracts. We also did not test for compliance with tax increment financing provisions because the District does not administer any tax increment financing districts.

In connection with our audit, nothing came to our attention that caused us to believe that the Knife River-Larsmont Sanitary District failed to comply with the provisions of the *Minnesota Legal Compliance Audit Guide for Other Political Subdivisions*, except as described in the Schedule of Findings and Recommendations as item 2014-001. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the District’s noncompliance with the above referenced provisions.
Knife River-Larsmont Sanitary District’s Response to Findings

The Knife River-Larsmont Sanitary District’s responses to the internal control and legal compliance findings identified in our audit are described in the Corrective Action Plan. The District’s responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control over financial reporting, compliance, and the provisions of the *Minnesota Legal Compliance Audit Guide for Other Political Subdivisions* and the results of that testing, and not to provide an opinion on the effectiveness of the District’s internal control over financial reporting or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District’s internal control over financial reporting and compliance. Accordingly, this communication is not suitable for any other purpose.

/s/Julie Blaha                     /s/Greg Hierlinger

I. FINDINGS RELATED TO FINANCIAL STATEMENTS AUDITED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

INTERNAL CONTROL

PREVIOUSLY REPORTED ITEMS NOT RESOLVED

Finding Number 2002-001

Internal Control/Segregation of Duties

Criteria: The District’s Board of Managers is responsible for establishing and maintaining internal control. This responsibility includes the internal control over the various accounting cycles, the fair presentation of the financial statements and related notes, and the accuracy and completeness of all financial records and related information. Also, the Board of Managers is responsible for controls over the period-end financial reporting process, including controls over procedures used to enter transaction totals in the general ledger; initiate, authorize, record, and process journal entries into the general ledger; and record recurring and nonrecurring adjustments to the financial statements. Adequate segregation of duties is a key internal control in an organization’s accounting system.

Condition: The limited number of personnel results in a lack of segregation of accounting duties necessary to ensure adequate internal accounting control. In addition, audit adjustments were necessary to convert the District’s financial records to the financial statements as reported. These adjustments were determined to be material to the financial statements.

Context: It is not unusual for an organization the size of the Knife River-Larssmont Sanitary District to be limited in the internal control that the Board of Managers can design and implement into the organization.

Effect: Inadequate segregation of duties could adversely affect the District’s ability to detect misstatements in a timely manner by personnel in the normal course of performing their assigned functions.
KNIFE RIVER-LARSMONT SANITARY DISTRICT
KNIFE RIVER, MINNESOTA

SCHEDULE OF FINDINGS AND RECOMMENDATIONS (CONTINUED)
FOR THE YEAR ENDED DECEMBER 31, 2018

Cause: The size, structure, and economic resources of the District limit the internal control that management can design and implement into the organization. Based on the availability of the District’s staff and the cost benefit of using our expertise, the Board of Managers has requested that we prepare the annual financial statements and related notes.

Recommendation: The Board of Managers should be aware that segregation of duties is not adequate from an internal control point of view. We recommend the Knife River-Larsmont Sanitary District be mindful that limited staffing causes inherent risks in safeguarding the District’s assets and the proper reporting of its financial activity. We recommend the Knife River-Larsmont Sanitary District continue to implement oversight procedures and monitor those procedures to determine if they are still effective internal controls.

Finding Number 2015-001

Audit Adjustments

Criteria: A deficiency in internal control over financial reporting exists when, in the normal course of performing their assigned functions, management is unable to prevent, or detect and correct, misstatements of the financial statements on a timely basis. Auditing standards define a material weakness as a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity’s financial statements will not be prevented, or detected and corrected, on a timely basis.

Condition: The District’s financial statements required material audit adjustments to present them fairly in accordance with accounting principles generally accepted in the United States of America.

Context: The inability to detect material misstatements in the financial statements increases the likelihood that the financial statements would not be fairly presented.

Effect: The following audit adjustments were needed:

- Net position – net investment in capital assets was reduced by $70,625 balance to account for current year activity affecting the account.
• Accounts payable of $30,775 and due to other governments of $24,726 were determined and set up as liabilities for financial reporting as the District does not report either of these accounts in its general ledger.

• Public Facilities Authority loans payable was increased by $31,926 from the general ledger balance to add back the interest portion of the debt service payments, which were recorded in the general ledger as a reduction of the loan principal, and should have been recorded and reported as interest expense.

**Cause:** Not all of the information needed for the preparation of the financial statements is prepared, reviewed, and available. Also, the District’s general ledger does not include all balance sheet accounts, including capital assets, accounts payable, or due to other governments.

**Recommendation:** We recommend the District review its trial balance and journal entries to detect misstatements.

**View of Responsible Official:** Concur

Finding Number 2016-001

**Accounting Policies and Procedures Manual**

**Criteria:** Management is responsible for establishing and implementing internal controls over the accounting cycles and the systems used for financial reporting.

**Condition:** The District does not have a Board-approved accounting and procedures manual.

**Context:** This documentation will help enhance the District’s understanding of its internal controls and establish responsibilities, provide guidance, improve efficiency and consistency with transaction processing, and improve compliance with established policies. It can also help to prevent deterioration of key elements in the District’s internal control system and help to avoid circumvention of District policies.

**Effect:** The District’s practices may not be followed as intended, and informal practices and procedures can become unwritten standards that have unintended consequences.
Cause: The District has common practices and procedures, but many of those are not in writing or Board-approved.

Recommendation: We recommend the District formalize its policies and procedures manual and obtain Board approval to emphasize its importance and authority.

II. OTHER FINDINGS AND RECOMMENDATIONS

MINNESOTA LEGAL COMPLIANCE

PREVIOUSLY REPORTED ITEM NOT RESOLVED

Finding Number 2014-001

Unclaimed Funds

Criteria: The Minnesota Unclaimed Property Law requires uncashed vendor or refund checks be reported to the state after three years. The reporting requirements for unclaimed property and its payment to the Commissioner of the Minnesota Department of Commerce are detailed in Minn. Stat. §§ 345.38–.43.

Condition: The District has not filed unclaimed property reports with the state or turned money over to the state. In 2008, the District opened a Larsmont tax levy checking account to refund the taxes paid by the Larsmont residents. Review of the District’s documentation of unclaimed checks showed that the amount of unclaimed checks not turned over to the state totaled $16,421 as of December 31, 2018.

Context: Any person who willfully refuses to pay or deliver abandoned property to the Commissioner under Minn. Stat. § 345.55 shall be guilty of a gross misdemeanor.

Effect: Noncompliance with Minn Stat. ch. 345.
Cause:  The District is responsible for keeping an updated file of unclaimed property. The District is also responsible for filing required reports with the Commissioner of the Minnesota Department of Commerce and turn over any unclaimed property after three years. The District has been in contact with the Minnesota Department of Commerce but, to date, a settlement has not been reached.

Recommendation:  We recommend the District file the required unclaimed property reports with the Commissioner of the Minnesota Department of Commerce and turn over any funds required to be remitted to the state.

Finding Title:  Internal Control/Segregation of Duties

Name of Contact Person Responsible for Corrective Action:

Robert Entzion, Board Chair

Corrective Action Planned:

Due to the limited number of personnel, segregation of accounting duties necessary to ensure adequate internal accounting control is not possible. The Administrative Assistant does the accounting for the District. A Board member (Treasurer) approves bank accounts and receivables. The full Board approves monthly bills, bank accounts, and receivables on a monthly basis.

Anticipated Completion Date:

Ongoing

Finding Number:  2015-001  
Finding Title:  Audit Adjustments

Name of Contact Person Responsible for Corrective Action:

Robert Entzion, Board Chair
Corrective Action Planned:

The Board members review monthly transactions to stay on top of the District’s financials. All transactions are presented to the Board at each monthly meeting. Each bank account along with each transaction, if any, in each account is reviewed and approved by the Board. Additionally, the District continually works on improving financial reporting.

**Anticipated Completion Date:**

Ongoing

**Finding Number: 2016-001**
**Finding Title: Accounting Policies and Procedures Manual**

Name of Contact Person Responsible for Corrective Action:

Robert Entzion, Board Chair

Corrective Action Planned:

The District has been working to compile all the policies that have been approved prior. Given the enormous amount of paperwork that was compiled over the last 20 plus years to go through in reference to policies and procedures, the District continues to work on compiling a policies and procedures manual.

**Anticipated Completion Date:**

Ongoing

**Finding Number: 2014-001**
**Finding Title: Unclaimed Funds**

Name of Contact Person Responsible for Corrective Action:

Robert Entzion, Board Chair

Corrective Action Planned:

The District has been working with a representative from the Department of Commerce to make sure that we are in compliance with any and all guidelines.

**Anticipated Completion Date:**

Ongoing

Finding Title: Internal Control/Segregation of Duties

Summary of Condition: The limited number of personnel results in a lack of segregation of accounting duties necessary to ensure adequate internal accounting control. In addition, audit adjustments were necessary to convert the District’s financial records to the financial statements as reported. These adjustments were determined to be material to the financial statements.

Summary of Corrective Action Previously Reported: Due to the limited number of personnel, segregation of accounting duties necessary to ensure adequate internal accounting control is not possible. The Administrative Assistant does the accounting for the District. A Board member (Treasurer) approves bank accounts and receivables. The full Board approves monthly bills, bank accounts, and receivables on a monthly basis.

Status: Not Corrected. Knife River-Larsmont Sanitary District understands the risk and is willing to assume the responsibility.

**Finding Title: Unclaimed Funds**

**Summary of Condition:** The District has not filed unclaimed property reports with the state or turned money over to the state as required by Minn. Stat. §§ 345.38-.43. In 2008, the District opened a Larsmont tax levy checking account to refund the taxes paid by the Larsmont residents. Review of the District’s documentation of unclaimed checks showed that the amount of unclaimed checks not turned over to the state totaled $16,421 as of December 31, 2017.

**Summary of Corrective Action Previously Reported:** The District has been working with someone from the Department of Commerce to make sure that we are in compliance with any and all guidelines.
Status: Partially Corrected. The District was working with an attorney and the Department of Commerce to determine what steps need to be taken to make sure that corrective action is taken. There are outstanding issues in relation to these funds, such that the amount to be remitted to the Department of Commerce could be reduced. Progress on resolution of this issue is ongoing.
